C. A. SAMUELLS,

Vice-Chairman.

No. 205A., dated Bhagalpur, the 22nd March 1878.

From—H. J. NEWBERY, Esq., Chairman, District Road Fund Committee, Bhagalpur,  
To—The Commissioner of the Bhagalpur Division and Sonthal Pergunnahs.

I HAVE the honor to forward herewith the accounts of income and expenditure of the Bhagalpur District Road Fund for the year ending 30th September 1877, together with a statement showing the progress made on each work during the year, with some short remarks on the working of Parts V. and VI. of the Road Cess Act.

*Committee.*—There have been considerable changes in the Committee during the year. Mr. Taylor left the district in April 1877, and was succeeded by Mr. Souttar who held office only for one month and 17 days. Mr. Wace took charge on the 21st June 1877, and remained in the district till 22nd August. I have been in charge of the district for one month only of the road cess year. Major Hume was Vice-Chairman of the Committee throughout the year. The room of the Senior Covenanted Officer under the Magistrate, as ex-officio member of the Committee, was vacant for a part of the year, and was occupied for eight and a half months, while Mr. Wace was Joint Magistrate of the district. Major Hills, Executive Engineer of the district, who was an ordinary member of the Road Cess Committee, left the district on furlough in March 1877, and was succeeded by Mr. Connan, Executive Engineer.

The Committee has suffered a severe loss by the death of Baboo Radha Churn Gangooly and Doctor N. B. Baillie. The latter was also absent on furlough during the greater portion of the previous year; the question of appointing substitutes for the three members last mentioned is still under consideration.\*

The Committee, as it stood on the 30th September last, consisted of the following members; their designation and dates of appointment and withdrawal being shown in the tabular form:—

NAME OF MEMBER.	Designation.	Date of appointment.	Date of re-appointment.	REMARKS.
1. Magistrate and Collector	Chairman .....			
2. Joint Magistrate .....	.....			
3. Major W. Hume .....	District Superintendent of Police, Vice-Chairman.			
4. Rajah Hurbulsb Narain Singh .....	Zemindar .....	July 1872	September 1874.	
5. Baboo Hurry Mohun Thakoor .....	Landholder .....		January 1877.	
6. James Hennessy, Esq.	Indigo-planter .....			
7. Baboo Soorjee Narain Singh .....	Pleader and landholder .....			
8. T. Griffith, Esq., .....	Indigo-planter .....	September 1874		
9. Major G. S. Hills .....	Executive Engineer, Bhagalpur.	July 1875		
10. Baboo Tez Narain .....	Landholder .....		January .....	
11. M. B. Morrison, Esq.	Ditto .....	October .....		
12. Baboo Juddoo Nath Sircar .....	Pleader and landholder .....			
13. " Radha Churn Gangooly .....	Landholder .....	16th April 1874		Dead.
14. Doctor N. Baillie .....	Civil Surgeon .....	September .....		Dead.
15. Baboo Sirdharee Lall .....	Landholder .....	" "		Withdrawn from the Committee.

The present non-official members have, with three exceptions, still a year to complete their two years' tenure of office under section 49. The three members above excepted are Nos. 10, 11, and 12. The Collector will be requested to consider the question of recommending them for re-appointment.†

*Meetings.*—There were nine meetings held during the year for transacting business; that is to say, the Committee met almost twice as frequently as they did during the previous year. This of itself is an evidence of the increasing interest taken by the members in road cess matters. All the meetings were, with one exception, presided over by the Chairman for the time being. Ten days' previous notice, as required by law, was given in every case, and a quorum was always formed. A statement of the attendance of members at meetings as required by Government order No. 1286, dated 13th March 1876, is given below:—

COMMISSIONERSHIP.	DISTRICT.	NUMBER OF MEMBERS FORMING COMMITTEE.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	NUMBER OF MEMBERS WHO ATTENDED ONLY—				Percentage of average attendance to whole Committee.		
		Official.	Non-official.						One meeting.	Two meetings.	Three meetings.				
									Official.	Non-official.	Official.	Non-official.			
Bhagalpur	Bhagalpur	5	10	5	9	Nil	64	2	1	1	...	1	3	7	42.6

\* The vacancies have been since filled up.

† Since re-appointed by Government.

Among the non-official members, Baboo Soorjee Narain Singh and Hurry Mohun Thakoor have, as usual, taken a very active interest in the business of the Committee. The former attended eight and the latter seven out of the nine meetings that took place. Baboos Juddo Nath Sircar and Tez Narain attended six meetings; the rest from one to three meetings. Rajah Hurbullub Narain Singh, Bahadoor, could not attend more than once, as he was generally away on his estates; he, however, always took care to state his reason whenever he was obliged to be absent.

Among members holding salaried Government offices, the Chairman presided over eight meetings, and the Vice-Chairman was present in seven meetings, in one of which he took the chair. For the reason above stated, there was a Joint Magistrate in only one meeting, and the Executive Engineer could attend only thrice. In eight out of the nine meetings the non-official element preponderated considerably over the official, and in the remaining one they were equal. This is another proof of the activity of the members of the Road Cess Committee; and I may state here, as Mr. Taylor did last year, that the two or three members who failed to attend as frequently as they should have done are non-residents of the town.

*Branch Committee.*—The number of Branch Committees remains the same. A note left by Mr. Wace, on the desirability of forming a new Branch Committee at Colgong, was read at a meeting held on the 30th August 1877; the matter was referred to Mr. Griffith, who was a resident of the place and was competent to give an opinion on the subject; he, however, stated that the measure was not at present necessary. From the reports of previous years, I find that the Branch Committees already existing take very little active share in road cess work, the little business actually done being conducted by the Chairman. I therefore agree with Mr. Griffith that there is no necessity of starting new branches until those already in existence show more unmistakable signs of vitality. The reports submitted by the Chairman of the sub-divisional Branch Road Committees are all absolutely bare of facts. In fact, the changes that lately took place in the *personnel* of the Sub-Divisional Officers precluded the possibility of their being sufficiently familiar with the working of their respective charges during the short time they had been in office. Copies of the reports, such as they are, are submitted for your inspection. The Muddehpoorah officer states that there were three meetings—one of which was attended by two members (Chairman included), another by three members, and the last by six. As there are ten members on this Branch Road Committee, there was, according to the strict wording of the law, a quorum formed on only one occasion. The Sub-Divisional Officer does not state whether any business was transacted on the occasion that there were three members present, and I think that for this Committee the attendance of three members was sufficiently large for the purposes of a quorum; and if this was considered illegal, I think the law might be advantageously modified, so that, when the one-third required by section 58 does not give an even number of members, one-third of the next lower multiple of three should suffice for a quorum. For instance, in the present case the one-third required by law coming to  $3\frac{1}{3}$ , I would take the quorum to be formed by three members.

*Banka.*—At Banka also three meetings were held, and I gather from the Chairman's report that they were fairly attended, though no figures have been given which I can re-produce. I have one remark, however, to make on the constitution of this Branch Committee. It consists of only six members. If two members, the Chairman included, be present, a quorum is formed and the meeting is competent to transact business; but one of them being the Chairman, if there be a difference of opinion, the Chairman's views, by virtue of his having a casting vote, are necessarily carried; that is to say, the business of the meeting is, to all intents and purposes, conducted by the Chairman alone as if there had been no meeting at all. To remedy this constitutional defect, I would suggest that, if possible, there should be at least nine members, or that a quorum should in no case be formed by less than three members, including the Chairman. As Collector, I will correspond with the Sub-Divisional Officer of Banka regarding the nomination of some additional members, and the result will be communicated in due course.

*Soopool.*—No funds were placed at the disposal of the Chairman, Soopool, during the year for expenditure on village roads, and all I can understand from the Chairman's very meagre report is that no meeting of the members was held in consequence. In the past year's report Mr. Taylor made some general suggestions as to how the interest of the members on the several Branch Committees could be enlisted in their work. I am not in a position to say how far they have been acted up to, but I understand that the great majority of the members are ignorant of English and unacquainted with modern notions of business. I think, if the accounts of the Branch Committee were kept in the vernacular, perhaps there would be some chance of the members taking a little more interest in them.

*Transaction of the year.*—To give a connected history of the business of the year, I must go back to the transactions of the meeting of the 28th July 1876, which, though held within the previous year, properly relates to that under review; the budget-estimate of income and expenditure for the year 1876-77 was, as usual, submitted at this meeting. The heads of expenditure and the allotments on each are to be found in Parts I and II of the annual estimate already submitted. A comparison with the budget-estimate for the previous year will show that the difference consisted mainly in the provision of an additional sum of Rs. 83,000 for original works, including Rs. 7,000 as increased allotment for the proposed office building. The original works in contemplation were the bridging of the seven roads in the sub-divisions of Muddehpoorah and Soopool and three in the Banka and head-quarters sub-division; this necessitated a reduction of about Rs. 25,000 in the item of maintenance and repairs, which stands at Rs. 52,000 for the year under report against Rs. 76,000 of the previous year.

No marked difference is observable in the items of establishment and tools and plant. The total estimated expenditure of the year, including a famine reserve of Rs. 3,000, was Rs. 54,338, which was to be met by an estimated balance, on the 1st October 1876, of Rs. 4,000, ferry receipts and other minor sources of income, Rs. 18,400, leaving the sum of Rs. 1,12,300 to be met from road cess collections. The rate of road cess had accordingly to be determined at the maximum. The total estimate of receipts was thus Rs. 1,70,697, leaving an estimated balance of *nil* on 1st October 1877. The maximum rate of cess as above fixed was declared, under section 74, at a meeting held on the 21st August, on which occasion also the late Vice-Chairman, Baboo Soorjee Narain Sing suggested some important rules for the audit of accounts which were carried. The next meeting of importance was one held on the 29th November 1876, at which a letter was read from the Government of Bengal asking for a contribution of Rs. 30,000 towards the expenditure incurred by the Imperial Government in 1874-75 for famine relief in this district, and directing the Committee's estimates of expenditure to be revised if necessary. This subject was further considered at a meeting held in March, and was finally disposed of at one held on the 19th July last. The points considered connected with this matter were that the balance which appeared on the 31st March was not real, as it included a large amount of road cess collected from Monghyr, and which had not been yet remitted to that district; that the legality of revision of the budget, under such circumstances, was questionable; and that such a large reduction of the available funds of the Committee would seriously interfere with their work. The illegality of devoting any portion of the district road cess collections had been already anticipated by Government, who directed that the required contribution should be paid out of ferry receipts; but the Committee objected to this on the ground that, as these receipts also constituted a portion of the district road fund, the provisions of section 90 were equally applicable to them. Government, however, declined to re-open the question, and insisted on the refund of Rs. 30,000, principally on the ground that large grants-in-aid from the provincial reserve had been hitherto made to the District Road Committee. The estimates were accordingly revised in July 1877, by reducing the village road allotment by Rs. 8,000 and making a proportionate reduction in all large works—original as well as repairs. The subjects taken up during the other minor meetings were the considerations of proposals made from time to time by the District Engineer and the audit of accounts.

*New works.*—During the year under report the Manager of Raj Durbhunga applied to Government that the estate might be relieved from the charge of maintaining the north and south emigration roads, on the ground that, as the Raj paid road cess, the work ought properly to devolve on the District Road Committees. The Board of Revenue supported the Raj Manager, and the Bhagalpur District Road Committee was requested to take up the portions of the aforesaid roads lying in their district. The Committee accordingly undertook the maintenance of these works in July last, and provision has been made for them in the budget for the year 1877-78. In connection with these roads, the Committee have to maintain three ferries free of charge. The Durbhunga district has at our instance agreed to take their turn year by year in keeping these ferries. It is now being considered whether they cannot be made re-productive.

*Actual income and expenditure.*—The accounts of the year were examined by a Sub-Committee consisting of the members noted in the margin.  
 Baboo Soorjee Narain Sing.  
 Juddoo Nath Sircar.  
 " Tez Narain.

The Sub-Committee, while expressing themselves generally satisfied with the manner in which the office accounts were

kept, make the following suggestion, which I re-produce *verbatim* from their report:—

"We notice that no collections were received from the Goorhat toll-bar during the year, and we understand that the Monghyr Committee, who make the collections, have not remitted them for some time past, although they were requested to do so more than once. We would invite the attention of the Committee to this subject, and propose that the Commissioner be requested to call upon the Monghyr Committee to pay up the arrears due. At the same time we would recommend that, now that the people pay road cess, all toll-bars in the district should be abolished; and this would appear to be the view of the Government as made known in some of the resolutions on the divisional reports published in the *Calcutta Gazette*.

"We would also recommend that collections of road cess made at the Bhagalpur treasury for the Monghyr Committee, which have up to the present time been credited to the District Road Fund of this district, be separately shown and be not mixed up with this District Fund. This can be done by a separate book being opened for Monghyr in the treasury department, or by the appointment of a separate accountant at the cost of the Monghyr Fund. As the account now stands, larger receipts are shown to the credit of this District Fund than properly belong to it. This is not only a source of inconvenience, but of positive injury to the interests of the rate-payers of this district, as on the faith of such incorrect balance at the credit of the Bhagalpur Fund Government lately called upon the Committee of this district to pay a large contribution for famine relief, whereas Monghyr was let off with a small demand.

"We would recommend that all charges incurred for the staging bungalow at Bhagalpur be shown together, with a view to know whether the receipts from it cover all the expenses, or whether any portion of the road cess money is disbursed for its maintenance or not."

The actual balance on 1st October 1876 was Rs. 49,109, exclusive of Rs. 24,569 held in deposit for Monghyr and subsequently paid up. The receipts for the year under all heads

amounted to Rs. 1,42,535. The total amount was therefore Rs. 1,91,644, out of which Rs. 30,000 being contributed to Government as abovementioned, the available amount was Rs. 1,61,644. The details of the expenditure having already been furnished in the periodical returns need not be re-produced here. The balance on the 1st October 1877 was Rs. 21,839-6-5.

*Village Roads.*—As above stated, the considerable reductions under this head precluded any great development of village communication. Two new roads were, however, opened—one in the Banka sub-division and the other in the Muddehpoorah sub-division. About eight miles of repairs were also carried on by the Banka Branch Committee and one road by Muddehpoorah. The Muddehpoorah Committee were also allotted Rs. 600 for a village track from Muddehpoorah to Belo, and made over the amount to Mr. Donzelle; but as this gentleman could not undertake the work in time, and as that part of the country was shortly after submerged under water, the Committee withdrew the amount from Mr. Donzelle and proposed to open the work this year. Two village roads have also been constructed in the Sudder sub-division as reported by District Engineer—Jugdispore village road and Sonadi village road. Nothing was done in Soopool for want of funds.

The progress in district works made during the year will appear from the statement of roads and the District Engineer's report forwarded herewith. Having been but a short time in the district, and not having as yet had many occasions to visit the interior, I cannot give any personal opinion on the actual progress made during the year as compared with the previous one; as far as I can judge from the report, very fair progress has been made. So far as funds were available, a good amount of material has also been collected on the sites, and this will doubtless tell very favorably on the progress of the current year. In connection with the district roads the District Engineer remarks:—"Most of our kutchha roads are traffic lines, and some of them are subject to heavy floods; the road along the Ganges east and west of Bhagalpur, and that from the Ganges to Muddehpoorah, are specially difficult to maintain. Parts of them had been given up in former years almost in despair; they are nevertheless very important lines of communication. The former road is used very much for emigration purposes, and the latter forms the main line of communication between the north and south of the district." Much of the difficulties will, it is trusted, be removed with the construction of a sufficient number of bridges with proper waterway; and a beginning towards this end has been already made.

*Office.*—The office, as well as that of the District Engineer's, was inspected by the Deputy Examiner of Public Works Accounts in September 1877; all the books and accounts were overhauled and carefully gone through. The result of his visit is given in his inspection report forwarded with Examiner's No. 573D of 28th September 1877. It will be seen that what objection the Deputy Examiner has taken is rather with the system of accounts obtaining in the District Engineer's office than that in the Committee's office. The chief fault found with the District Engineer's accounts is that they are very voluminous. The defect of procedure to which this is partly due has been already remedied; but the District Engineer remarks that the voluminous nature of accounts is mainly due to the fact of works being carried on by different agency instead of by contract system. The Committee have not yet determined whether the contract system is to be substituted for the other. The District Engineer is against the contract system; but the matter will be soon taken up by the Committee. Collection of materials, &c., have also been largely carried on during the year, and the accounts will necessarily be more and more simplified with their reduction. The head clerk and accountant of the Committee's office has held his post since the formation of the office, and has always borne a good character with my predecessors.

*Contributions payable to and by the District Road Fund.*—The Committee continue to pay the sum of Rs. 12 monthly towards the rent of portion of the Collectorate building occupied by the collection and the District Road Fund offices. Now that the public works cess has been imposed and is being collected by the establishment under the Committee, it is a question whether the District Road Fund is not entitled to a contribution from the provincial fund for the charges of collection. The subject will be taken up by the Committee this year.

At the instance of several of the members of the Committee, I would suggest that the question of contribution, payable by the Monghyr Committee for collection charges incurred by the Bhagalpur Committee rateably to the amount collected for Monghyr be discussed in the annual report. Sections 90 and 70 show that the charges for carrying out the provisions of the Act and collection are a first charge, and the Act nowhere says that, if money payable to a certain District Road Fund is collected by the Committee of a different district, that the collection charges are to be defrayed not by the former fund but by the latter. Monghyr used to pay contribution, but since the ruling of the Board on the reference from Burdwan no demand has been made.

No. 150, dated Bhagalpur, the 28th November 1877.

From—BABOO RAMRUTTEN MOZOOMBAR, C.E., District Engineer, Bhagalpur,  
To—The Chairman of District Road Committee, Bhagalpur.

With reference to your office No. 27 of 31st October 1877, I have the honor to submit the following report on the administration of the road cess works during the past year.

2. Before detailing the expenditure and progress of works which usually form the body of my report, I beg to state, for your information, that the withdrawal of Rs. 30,000 from the

past year's budget for contribution to Government famine works had the effect of disarranging our works to a considerable extent. From the present year's income the ferry collections have been withdrawn, while three important roads noted in the margin, which had hitherto been maintained

North emigration road, from Protahunge to Beerpore.  
South emigration road, from Gopalpore ghāt to Kistongunge *via* Sookpore and Singhessur.  
Sookpore to Korsowly road *via* Seopool and Degmarah.

by the Durbhunga Raj, have been added to the long list of roads which have already to be maintained in this district.

3. Another circumstance deserving the consideration of the Committee is the extent to which funds should be devoted to village roads.

	Rs.
Repairing bridge over Koah nullah	2,500
Repairs to Bowsee road	15,000
Repairs to Sultanunge and Arjungunge road	1,850
Ditto     ditto     ghāt road	100
Ditto     staging bungalows	600
Ditto     inspection bungalows	600
Ditto     serais	600
Total	<u>20,850</u>

During the current year the total amount provided for repairs is Rs. 52,733, out of which Rs. 20,850 stand for collection of metal and other works detailed in margin, leaving Rs. 31,883, from which again Rs. 13,000 stand out for village roads ; so that I have only Rs. 18,883 for maintaining 382 miles of kutcha roads, including renewal and maintenance of temporary and permanent bridges.

In addition to these items of work, ferries have to be kept free of charges in many places where Government ferries do not exist ; and where they do exist, they have to be paid for by our establishments as all other private individuals.

4. Most of our kutcha roads are regular traffic lines, and some of them are subject to heavy floods. The road along the Ganges east and west of Bhagalpur, and that from the Ganges to Muddehpoorah, are specially difficult to maintain. Parts of them have been given up in former years almost in despair. They are nevertheless very important lines of communication. The former road is used very much for emigration purposes, and the latter forms the main line of communication between the north and the south of the district. A commencement has therefore been made to improve these roads, but the funds allotted are too limited for this purpose. These remarks apply agreeably to many other roads in the district.

5. The three roads made over to the Committee from the Durbhunga Raj, which have been already alluded to, and which were partly constructed during the late famine as relief works, are unfinished roads, and one of them (the north emigration) is a mere kutcha road with bamboo bridges. From the correspondence relative to the emigration roads, it appears the northern line has not been much used, but the southern line, being the more finished road, is used by emigrants and others proceeding to Purneah. According to a rough statement received from the Raj authorities, it appears that Rs. 40,000 are still required to complete this line.

*North of district.*

1. Shapore to Muddehpore.	5. Soopul to Pipra.
2. Purneah to Bijulpore.	6. Pipra to Protahunge.
3. Sookpore to Bijwar.	7. Protahunge to Beerpore.
4. Singhessur to Pipra.	8. Bowsee to Dhoorah.
	9. Peepointee to Sarahat.

6. The other famine roads made over to the Committee are noted in the margin. The earth-work of these roads was completed during the famine, and temporary bridges were built which have in some cases fallen down. During the past year projects were prepared for constructing permanent bridges on roads Nos. 1, 4, 5, 6, 7, and 9 ; but owing to various circumstances, and specially those detailed in paragraphs 2 and 3, the projects have been partly given up, and it has been determined during the present year to carry on work, so far as materials have been collected, on roads Nos. 1, 4, 6, 7, and 9.

7. With the above preliminary remarks, I beg now to refer to the accompanying annual progress report showing the expenditure and detailed progress on each work carried on during the past year. The progress made will be more clearly understood if compared with the report ending September 1876 submitted with my No. 1038 of 27th November 1876.

8. *Bowsee road.*—The works done on this road up to 30th September 1876 are detailed in paragraph 7 of my report above referred to. During the year of report the flood damages have all been repaired and a pucca causeway built south of Juggispore. The whole of the metalling has also been completed up to the 33rd mile. There is still some metal lying at roadside in parts where a fresh coat is required, but the road is now quite driveable up to the 33rd mile. During the current year it is proposed to spend half of the allotted money in collecting metal for old portions and the other half for metalling portions beyond the 33rd mile. One bridge on the 3rd mile of this road was damaged by the late flood, but it has been propped up and will be repaired properly as soon as the water dries up (*vide* item Nos. 35 and 35-1 of progress statement).

9. *Banka to Kotoreah and thence to Simultollah road.*—Nothing has been done to this road during the past year, except putting up iron mileposts and making pretty repairs. The road is reported to be in good order (*vide* item No. 45 of progress statement).

10. *Banka to Umerpore, thence to Bhagalpur road.*—Some improvement was made during the past year on the track from Banka to Umerpore, but from Umerpore to Bhagalpur 11 timber bridges with 306 running feet of waterway have been constructed, leaving three large gaps and one or two small ones up to Umerpore. Of the former, one is the river Chunun and two others offshoots from the same (*vide* item Nos. 25, 25-1 and 46 of progress statement).

11. *Bowsee to Dooreah, thence to Mohiamah.*—The road was properly repaired up to Mohiamah last year, and is reported to be in good order. During the current year a temporary bridge over the gap in the 14th mile, where a bridge was washed away in the flood of 1876, will be built, leaving only two river gaps in a road of 20 miles ; but nothing can be done to replace the tal-tree bridges throughout this road for want of funds (*vide* item No. 24 of progress statement).

12. *Bhagulpore to Goorghat road.*—The repairs done up to September 1876 rendered further repairs during the past year unnecessary. The road is in good order, and it is not proposed to do much work to this road until next rains; but it is proposed to construct the bridge over the Gungoneah nullah during the current year, after which the Chumpa nullah will be the only gap in the road between Monghyr and Bhagalpur. During my recent tour over this road I found evident signs of encroachment on the road lands, so much so that it is difficult now to get earth for repairs to the road. I reported on this matter several times as regarding this and other roads, and as the future consequence of allowing aggression of this nature will be serious, I take the liberty of referring to it here (*vide* item Nos. 36 and 36-1 of progress statement).

13. *Sultangunge and Arjusgunge road.*—Further improvement has been made to this road during the past year by metalling it three-fourths of a mile, leaving about one and quarter of a mile still to metal, part of which will be done during the current year. One gap still remains to be bridged; but a free ferry is kept up as long as the water remains in the gap. It is however, very desirable to bridge the gap as soon as funds can be made available (*vide* item Nos. 26, 26-1, and 26-2 of progress statement).

14. *Bhagalpur to Colgong, thence to Peerpointee.*—Repairs to the surface of the road was done last year all the way to Colgong, and the road made passable during the fair weather, and a temporary bridge was thrown over the Koah nullah, reducing one out of three ferries on this road. Besides the two permanent ferries over the Trimohiny and Ghogha nullahs, and six months' ferry over the Koah nullah, there are two or three gaps on this line and a regular break at Furkya, where the railway line has been diverted. The thorough improvement of this line would be very costly, but during the present year it is proposed to repair the old Koah nullah bridge by adding wooden spans to it and improving the earthwork up to Colgong. Beyond Colgong the repairs executed in the previous year kept up the road in good order, but during the last flood a bridge of ten feet span has been carried away, necessitating expenditure on this road unforeseen at the time of preparing the budget for the current year (*vide* items Nos. 21, 22, and 23 of progress statement).

15. *Peerpointee and Barahat road.*—The gap in the earthwork of this road has been completed, and it is proposed during the current year to utilize the materials in hand to replace the tal-tree bridges as far as practicable (*vide* Nos. 9, 10, 31, and 34-1 of progress statement).

16. *Peerpointee bazar road.*—The remaining timber bridges have been built, and a fair-weather track opened out to the Caragola ghât (*vide* items Nos. 41 and 47C of progress statement).

17. *Ganges and Muddehpoorah road.*—Two wooden bridges have been built, and three miles of road improved; also five boats have been built for ferries. During the flood season the road was kept open for traffic by means of ferries free of charge. The works are in progress, and it is hoped much progress in restoring this road to useful order will be made during the current year (items Nos. 27 and 27-1 in progress statement).

18. *Soopool to Pipra, Pipra to Pertabgunge, and Pertabgunge to Beerpore road.*—In the first section of this road, Rs. 2,734 have been spent in manufacturing bricks; but the Committee having provided no funds for the current year, the bricks will remain in store. Besides this, the temporary bridges and the road surface were repaired. On the Pipra and Pertabgunge portion bricks have been manufactured within short distances of the Chillownee and Donsee nullahs, and a good deal of the woodwork required, as well. Well curbs have been prepared and partly stacked near the Donsee nullah. The well curbs and large beams have still to be sent to their proper places. Petty repairs to surface and temporary bridges were executed during the year. On the Pertabgunge and Beerpore section one 60-feet bridge, two culverts, and one ten-feet bridge have been built, and the remaining materials have been collected and, to a great part, stacked at the proper places. The seventh and eighth miles of the road have been raised, and petty repairs executed in Bullooh bazar and other miles (*vide* items Nos. 7, 8, 13, 38, 43, 43-1, and 43-2 of progress statement).

19. *Meyaghât and Bulhee road.*—Only petty repairs to the road surface and temporary bridges have been executed (*vide* items Nos. 32 and 32-1 of progress statement).

20. *Soopore to Bijwar road.*—Same as Meyaghât and Bulhee road (*vide* items Nos. 30 and 30-1 of progress statement).

21. *Bongong to Mohessee road.*—Four pucca culverts have been built, and the road completely bridged, excepting the Dimrah river which crosses this road (*vide* items Nos. 11, 33 and 33-1 of progress statement).

22. *Pursurma to Bijulpore road.*—Petty repairs to road surface and temporary bridges done (*vide* items Nos. 37 and 37-1 of progress statement).

23. *Soopool to Chandai road.*—Some petty repairs to road surface done (*vide* items Nos. 39 and 39-1 of progress statement).

24. *Soopool to Singhessur, thence to Muddehpoorah.*—Petty repairs to road surface and temporary bridges done (*vide* items Nos. 28 and 28-1 of progress statement).

25. *Muddehpoorah to Shahpore road.*—Two bridges and six culverts, with 162 running feet of waterway, built, and materials and woodwork for other bridges got ready. Petty repairs to the road surface done also (*vide* items Nos. 5, 31 and 31-1 of progress statement).

26. *Milkee and Gonâl road.*—Earthwork for repairs done (*vide* item No. 44 of progress statement).

27. Two village roads from Jugdhipore to places adjoining it and to Sonodi have been constructed (*vide* items Nos. 18 and 19 of progress statement).

No. 108G, dated Muddehpurah, the 7th October 1877.

From—BABOO SASI BHUSHAN DUTT, Chairman, Branch Road Cess Committee, Muddehpurah,

To—The Chairman, District Road Cess Committee, Bhagalpur.

I HAVE the honor to state that I have taken charge of the sub-division only a week since, and consequently I had no practical knowledge of the working of the Sub-Committee throughout the year. From the office records and the information collected, I beg to submit the report for the past year on the local improvements in connection with the roads.

2. The following table shows the names of the members of the Branch Road Cess Committee, the number of sittings held during the year, the attendance, and date of appointment of the members :—

Number.	Date of appointment by Government	Names of members.	Number of meetings attended.	Number at which absent.	Total number of meetings.
1	22nd May 1877	Sub-divisional Officer and Chairman ...	3	....	3
2	Ditto	Baboo Kristo Dhan Das, Vice-Chairman ...	2	1	3
3	Ditto	" Kristo Prasad Singh, Member ...	....	3	3
4	Ditto	" Chuni Bhagat, ditto ...	2	1	3
5	Ditto	Moonshee Lal Beharilal, ditto ...	1	2	3
6	Ditto	Baboo Rareshwarlal Mandar, ditto ...	....	3	3
7	Ditto	" Bharoti Mandar, ditto ...	....	3	3
8	Ditto	" Lalit Singh, ditto ...	1	2	3
9	Ditto	" Kali Charn Sahu, ditto ...	1	2	3
10	Ditto	" Jhumak Lal, ditto ...	1	2	3

3. The subjoined table shows the attendance of the members at each meeting during the year :—

Number.	Date.	Number of members present.	Number of members absent.	Total number of members.	REMARKS.
1	21st February 1877	2	8	10	
2	18th March	3	7	10	
3	18th August	6	4	10	
	Total	11	19	30	

It appears that, with the exception of Baboos Kristo Dhan Das and Chuni Bhagat, the other members were quite indifferent in attending meetings, and took very little interest either in the supervision of work or inspection of accounts of the roads repaired during the year under report.

4. Rs. 2,000 were applied for construction and repairs of six roads during the year; but as Rs. 1,000 were sanctioned, the following roads have been contracted and repaired :—

Number.	Names of roads.	Amount allotted.	Amount spent.	Balance in hand.	REMARKS.
1	Muddehpurah to Baijnathpore	250	225 4 9	24 11 3	Repaired.
2	Jaipalpatti to Bherrahi ghāt	100	95 12 8	4 3 4	New road.
3	Muddehpurah to Belo	600	.....	600 0 0*	* This sum was made over to Mr. Donzelle by the late sub-divisional officer, Mr. W. H. Martin, for construction of the road; but as Mr. Donzelle did not undertake the work in time, the amount has been taken back, and as part of the road was under water, it was not commenced during the rains, but will be constructed as soon as possible.
4	Contingency, such as allowance of clerk, &c. ...	50	37 8 0	12 8 0	
	Total	1,000	858 9 5	641 6 7	

No. 245, dated Banks, the 12th November 1877.

From—BABOO HURREE CHURN GHOSE, Chairman, Branch Road Cess Committee, Banks,

To—The Chairman, District Road Cess Committee, Bhagalpur.

WITH reference to your No. 30, dated 31st ultimo, I have the honor to submit my report on the local improvements in connection with the village roads under the Branch Road Cess Committee for the past year, as follows:—

2. There were six members on the roll of the Committee, viz. (1) manager of the Doomraon factory, (2) Dhanraj Singh, (3) Chatterdhari

1. 1st May 1877. Singh, (4) Moonshee Mahomed Hossein, (5) Kali Pershad  
2. 6th August " Singh, Vice-Chairman, and (6) Nand Lall Chowdhry; and  
3. 22nd " three meetings were held on the dates noted in the margin, none of which appear to have been attended by the manager of Doomraon factory.

3. As to the works executed during the year under report, it appears that in July last Mr. Eyre drew Rs. 450 out of the credit of the sub-divisional branch road for repairing an old track from Aliunge to Jamdaha, about nine miles from the station. Of this, Rs. 179-14-9 were expended, and the repairs made as far as Lakrikola, a distance of about 4½ miles.

4. Another work was undertaken, viz. a road from Nonihari to Amerpore, with a temporary bridge over a breach, for which Rs. 500 were sanctioned and drawn by the Road Cess Committee; but as the work was commenced in the rainy season, little progress could be made, as the land was soon under water, about only a mile of the road having been repaired. The work has since been resumed, and about three miles of the road repaired, but the gap on the road between Banks and Saijapore is a very large one, and stops the whole communication. Even during the dry season carts cannot pass over it, and during the rains it becomes a regular deep nullah; it is useless therefore to spend more money for repairing the road until the breach could be bridged over. A bridge should be constructed here without delay, and I beg the favour of your sending me an experienced overseer to have this important work executed. In the meantime, I intend having a part of the gap filled up with earth to enable carts and passengers to pass over the same, which they cannot now do.

5. There were some old tracks also repaired during the year. One was from Bamdeb to Khaira, repaired at a cost of Rs. 200 by one Lakhi Prashad Mandar; the other was at Mathura. The latter has been repaired by Agand Sing of Katoria at a cost of Rs. 24-3. An advance was made to him in the year 1875, and of the amount so advanced there is still a balance which I have asked him to refund.

6. A statement showing the amount expended on each work is herewith annexed.

*Statement showing the name of road, description of work, extent of work done, and total cost.*

Number.	Name of work.	Description of work.	Extent of work executed.	Total cost.		REMARKS.
				Rs.	A. P.	
1	Aliunge to Jamdaha	Repair	3½ miles	179	14	9
2	Banks cutcherry to Amerpore	Ditto	3	100	0	0
3	Muthoora village	Slight repair	Not known	20	7	0
4	Soorja Bathan	Ditto	Ditto	3	12	0
5	From Khyra to Bamdeb hât	New road	1½ miles	200	0	0
			Total	504	1	9

No. 404T, dated Camp Sukhpore, the 3rd November 1877.

From—The Esq., Chairman, Branch Road Committee, Soopool,

To—The Chairman, District Road Fund Committee, Bhagalpur.

WITH reference to your No. 30 of the 31st ultimo, I have the honor to report that during the past year no improvements from local funds have been made to village roads, no allotment for expenditure on this head having been made to this sub-division.

I hence send no statement of expenditure incurred on each work during the year.

2. A grant was received for 1875-76, the accounts of which were submitted with my No. 486 of the 6th November 1876.

## BHAGALPUR DISTRICT ROAD FUND.

## Annual Progress Report of Works for the cess year 1876-77.

S. No.	Name of Work.	Amount of sanctioned estimate.	Expenditure during the year 1876-77.	Budget allotment for 1876-77.	Progress of work during the year.		Proposals for 1877-78.
					Rs.	A. P.	
<i>Original Works.</i>							
1	Constructing relief roads from Kanhawee to Taree ditto	71 14 0	71 14 0	100	.....	.....	Nothing more is proposed to be done.
2	Taree.	14 7 0	14 7 0	.....	.....	.....	It is proposed to utilize the timber in repairing old bridges. It is proposed to complete this work during the current year as far as the budget allotment will allow.
3	Re-constructing timber bridges on the Ganges and Multiploorah road.	20 10 0	20 10 0	.....	.....	.....	Nothing more is proposed to be done this year except general repairs.
4	Bridging Mallepoorah and Shampore road	1,33,447 9 11	12,000	4,000	.....	.....	Estimate submitted to Superintending Engineer. Revised estimate submitted for sanction.
5	Constructing road from Banks to Kitorah	12,051	678 14 3	1,000	500	500	No provision made in the budget for 1877-78; the materials will be utilized for other works.
6	Ditto a building to accommodate the District Engineer's and Committee's offices.	6,885	1,860 13 6	2,863	3,137	3,137	To construct as many bridges as can be done during the year within the allotment.
7	Constructing Prothalunge and Baerpore road bridges.	27,549	16,963 0 1	15,000	8,000	8,000	Work completed.
8	Constructing Soopool and Purna road bridges	.....	2,754 11 11	8,000	.....	.....	Rs. 3,000 provided to construct the bridges. Work completed.
9	Ditto Purna and Prothalunge road bridges	.....	13,308 4 3	12,900	8,000	8,000	Some materials for lime collected. Bricks burnt.
10	Ditto Peerpointee and Barhat road	.....	649 3 0	2,500	.....	.....	27,846 cubic feet excavation of foundation, 9,593 cubic feet pucca masonry, 2,015 superficial feet pointing, 26,063 cubic feet turfing, 29,419 superficial turfing, 29,419 superficial earthwork, 2,015 superficial feet pointing, three miles jungle-cutting.
11	Bridging Peerpointee and Malashie road	.....	2,185 3 0	1,551	1,551	1,551	Whole road has been dressed and milestones put up. Coal and timber purchased.
12	Ditto Bourgoon and Malashie road	.....	1,075 12 3	.....	.....	.....	27,846 cubic feet excavation of foundation, 9,593 cubic feet pucca masonry, 2,015 superficial feet pointing, 26,063 cubic feet turfing, 29,419 superficial feet pointing.
13	Ditto Singhsur and Purna road	.....	4,665 10 11	3,000	4,000	4,000	Calverts Nos. 1, 2 and 3 barrel drains completed.
14	Ditto Bhagulpore and Umcopore road	1,800	4,049 12 6	4,000	2,500	2,500	305 cubic feet timber bridging done; 650 cubic feet pucca masonry wood work, 1,345 cubic feet unroughed timber, and 12 well curbs burnt.
15	Constructing Ghodha and Dhooria road	.....	171 7 3	200	.....	.....	Road surveyed.
16	Ditto Sonali road	.....	333 11 6	Village road	.....	.....	150,000 cubic feet earthwork, 30,000 superficial feet turfing, 2,900 cubic feet kunkur for slopes. Three-fourths of the work done.
17	Ditto Juggispore road	.....	115	412 11 3	.....	.....	220,385 cubic feet earthwork, 40,600 superficial feet turfing, 10,500 running feet dressing, 1,400 cubic feet kunkur for approaches. The road and bund completed.

No. 253P.-W., dated Purneah, the 21st December 1877.

From—W. KEMBLE, Esq., Chairman, District Road Cess Committee, Purneah,  
To—The Commissioner of the Bhagalpur Division and Sonthal Pergunnahs.

I HAVE the honor to submit the District Road Fund report for the past cess year 1876-77.

Committee. 2. The following were the members of the Purneah District Road Cess Committee at its close:—

*Official Members.*

W. Kemble, Esq., *Chairman*.  
E. M. Money, Esq., c.s., *Vice-Chairman*.  
John Fennessy, Esq., c.e., Executive Engineer, Ganges and Darjeeling Road Division.  
Major W. L. N. Knyvett, District Superintendent of Police.  
D. Picachy, Esq., Civil Medical Officer and Honorary Magistrate.  
J. N. McQueen, Esq., Sub-Manager, Raj Durbhunga, under the Court of Wards, and Honorary Magistrate.  
Baboo Rojonee Nath Chatterjee, Deputy Magistrate and Deputy Collector, at present Manager, Soorjapore Estate.

*Non-official Members.*

C. A. Shillingford, Esq., Indigo-planter and Honorary Magistrate of Manshye.

G. S. Hayes, Esq., Zemindar and Honorary Magistrate.

H. Cave, Esq., Indigo-planter and Honorary Magistrate.

G. J. Burnell, Esq., Indigo-planter.

A. J. Forbes, Esq., Indigo-planter and Zemindar.

Baboo Srinandau Singh, Zemindar.

“ Hem Chunder Rai, Rai Bahadoor, Zemindar.

“ Mohesh Lall, Banker, Zemindar, and Honorary Magistrate.

“ Soorjoo Mull, Banker.

“ Bishen Chand, Banker and Honorary Magistrate.

“ Ram Chand Settya, Banker and Zemindar.

“ Srikant Jha, Zemindar.

“ Bunshee Lal Jha, Zemindar.

Hakeem Zainuddin Hossein, Zemindar and Honorary Magistrate.

The required proportion of non-official to official members has been maintained.

3. Several changes took place in the *personnel* of the Committee during the year under review. On the deputation of Mr. A. W. Mackie, c.s.,

Changes in the Committee.

Vice-Chairman, to Madras, the Committee elected the Senior Covenanted Assistant under the Magistrate-Collector for the time being as Vice-Chairman.

This election was sanctioned by Government Notification No. 2714A, dated 7th May 1877, and the office has since been held by the following officers:—Messrs. A. Manson, R. M. Waller, and E. M. Money. Mr. J. S. Carey, Executive Engineer, Ganges and Darjeeling Road Division, has left the district on furlough, and has been succeeded by Mr. John Fennessy. Both these gentlemen attended the meetings regularly.

4. The following table shows the number of members, number of sittings during the year, their attendance, and date of appointment:—

No.	Date of appointment.	Names of members.	Number of meetings attended.	Number at which absent.	Total number of meetings.	REMARKS.
1	8th November 1876	W. Kemble, Esq., Chairman	6	.....	6	Ex-officio.

6	27th August	"	...	...	...	...	...	12	9	21

6. The following table shows the abstract of particulars regarding meetings prescribed by the Government proceedings in the Department of Public Works, No. 1286 dated 13th March 1876 :—

DISTRICT.	NUMBER OF MEMBERS FORMING COMMITTEE.					Meetings at which there was no quorum.	Average attendance at meetings.	NUMBER OF MEMBERS WHO ATTENDED ONLY—						
	Official.		Non-official.		Number required to form a quorum.			One meeting.		Two meetings.		Three meetings.		
	Official.	Non-official.	Official.	Non-official.				Official.	Non-official.	Official.	Non-official.	Official.		
Purneah ... ... ...	7	14	7	6	...	11	3	2	3	2	3	4		
Kishengunge ... ... ...	12	8	4	4	...	5	4	1	12	1	3	...		
Arrareah ... ... ...	1	10	4	3	1	4	4	...	5	1	1	...		

7. The District Committee held six meetings during the year, all convened by the Chairman. The provisions of section 57 being generally observed after the disposal of the notified business, members sometimes propose measures of minor importance of which no previous notice has been given. The Kishengunge Branch Committee held four meetings, and Arrareah Branch Committee three. There was no quorum at one meeting at Arrareah. There was one Sub-Committee meeting for the audit of annual accounts under section 88 of the Act.

8. The proceedings of the Committees were recorded in a minute-book kept for that purpose under section 61 of the Act. At head-quarters the Committee sit, and the District Engineer and his subordinates work, in a room in the Magistrate's office, for which they pay a rent of Rs. 6 a month. The Road Cess Collector's office occupy a similar room on the same terms. No person not a member of the Committee ever inspected the minute-book.

9. The attendance of members has been on the whole good. The officials were very regular in attendance. Baboos Mohesh Lall and Bishen Chand were only absent once, Ram Chand Settya twice. Mr. Burnell and Mr. Forbes did not attend a single meeting; but as they take interest in the roads in their neighbourhood, and both live a long way off, I do not wish to strike off their names.

10. The following were the principal subjects which engaged the attention of the Committee :—

- (a)—The declaration of the rates of several cesses leviable under the District Road Cess Act.
- (b)—The revision of the budget-estimate for 1876-77 to meet the demand for Rs. 25,000 as a contribution towards the famine relief expenditure.
- (c)—The passing of the annual accounts of receipts and expenditure for the cess year 1875-76.
- (d)—The election of Vice-Chairman.
- (e)—The determination of a uniform system of district works as laid down in Government circular No. 15E. dated 8th March 1877.
- (f)—Dealing with applications from the District Engineer for additional grants for various works in excess of the sums allotted.
- (g)—The preparation and passing of the budget-estimate for the cess year 1877-78.
- (h)—The acceptance of tenders made by contractors for road-works on the district roads.

11. The copies of the Branch Committees' report are herewith sent.

12. The accounts of the fund opened on the 1st of October 1876 with a cash balance of Rs. 93,072-12-7, or, deducting outstanding advances Review under head "Income." amounting to Rs. 7,850-6-5, with a net cash balance of Rs. 85,222-6-2. The year's income from several sources amounted to Rs. 77,503-0-7, the details of which are shown below:—

Particulars of receipts.	Amount as per budget-estimate.	Amount actually received.	
		Rs.	Rs. A. P.
Cess on lands ...	... 70,875	72,868	11 1
... on houses ...	... 3,601	2,823	0 0
... fines ...	... 50	19	4 0
Other cesses ...	... 145	110	0 6
Ferry tolls ...	... 1,337	1,454	12 0
Sales of produce and stores ...	... 50	201	5 0
Fines and refunds ...	... ..	26	0 0
Total	76,058	77,503	0 7

13. The total expenditure of the year amounted to Rs. 1,05,693-13-2. The details Review under head "Expenditure." are furnished in statement No. 6, Part II., and are briefly as follows:—

- (a)—Rs. 2,714-9-1 were expended on establishment and contingencies for the collection of revenue and under Committee's control; Rs. 17,175-5-11 on working establishment. These two items together amount to Rs. 19,889-15, which exceeds one-fourth of the Committee's income, the utmost sum allowed by law for establishment, by Rs. 514-3. The Committee would have kept the cost of establishment within proper limits had they not unexpectedly been called on to pay the cost of establishment in the Land Acquisition Department from May 1874 to May 1876 amounting to Rs. 1,365-4-9, for which they made no provision in their budget-estimate.
- (b)—Rs. 19,977-15-2 were expended under the head "original works." Of this amount Rs. 3,724-2-8 were on account of compensation of lands, and the balance, Rs. 16,253-12-6, on bridges and culverts.
- (c)—Rs. 40,250-15-11 were expended on the repairs and maintenance of roads. The history and progress of each work will be given in the proper place.
- (d)—Rs. 574-15-1 were expended on the purchase of tools and plant and in the carriage of kodalies and mathematical instruments.

14. The cost of working establishment compared with the actual work done on roads appears high. During the year, however, important work has been done in taking surveys and levels of nearly every road, and the Committee will not have to incur such expenditure again, as they have available in their office a set of useful plans and maps for constant reference. In carrying out this duty the working establishment acquitted themselves to the satisfaction of the Committee. They should, however, learn to control the contractors better.

15. The following report from Mr. Fernie will show the works done on the several roads in the past cess year 1876-77.

*Annual progress report of works done during the year ending 30th September 1877 on local roads in the Purneah District under the Road Cess Committee.*

*Road No. 1, section 1, Bunbhag to Keotgama, 32 miles.*—Only the first 15 miles of this section of road No. 1 are constructed, being both raised and bridged.

*Note by Magistrate.*  
In 1874 a few miles of jungle was cleared. The road is good from Sirsee to Purneah. I have been over it. More bridges are wanted; where they cannot be provided, the steep embankment will be sloped down. The remaining length of 22 miles between Sirsee and Keotgama is unformed and undefined, the road consisting merely of winding, tortuous cart track, running through thick, long reed-grass jungle. The existing embankment and five temporary wooden bridges in it were thoroughly repaired this year; but beyond Sirsee, 15 miles from Purneah, nothing was done.

*Road No. 1, section 2, Manoosmarah to Tarapore, 47 miles.*—The first 25 miles of this section of road No. 1 was surface-repaired and five masonry bridges and culverts were constructed, aggregating to 56 running feet of waterway. Between Kudbah and Barsoe there are numerous large breaches in the existing bank of the road caused by the violent and destructive floods of the Panar, Kunkur, and Mshamuddee Rivers. There is not such traffic on this road, and during the rains the first 20 miles from the station are open to wheeled conveyances; the rest of the road being traversed with difficulty and discomfort. Three long, temporary, wooden bridges constructed during the famine have also been repaired. Total cost, original works, Rs. 3,872-7-3; repairs, Rs. 2,366-13-6.

*Road No. 3, Patherdewah to Tajpore, 78 miles.*—Section 1, Patherdewah to Bussantpore.

*Note by Magistrate.*  
This road is, both as regards bridges and earthwork, in excellent order. I have been over it. The existing bank for the whole length of road and seven temporary wooden bridges, aggregating 230 running feet in length, were thoroughly repaired. An inspection bungalow has also been erected at Bussantpore, the junction of this

line with road No. 5, at the sub-divisional head-quarters of the Deputy Magistrate.

*Road No. 3, section 2, Bussuntpore to Dangra, 32 miles.*—The whole length of embankment, together with 13 temporary wooden bridges, aggregating 900 running feet in length, were thoroughly repaired during the year. The portion of continuous unbroken embankment, running from Dengrah to Amour Kusbah, a length of nine miles, received special attention, as this bund protects effectively the Ganges and Darjeeling road, while it ensures the safety of the imperial trunk road; there is no doubt that it is highly injurious and destructive to agricultural interests. As far as traffic is concerned, this portion of road No. 3 is unimportant and in small demand.*Road No. 3, section 3, Dengra to Bhopla Tajpore, 18 miles.*—The whole length of embankment was thoroughly repaired during the season. Of the 21 temporary wooden bridges constructed on this section during the late famine, only nine of the larger ones were repaired, as it was intended to replace the smaller ones by masonry structures. Unfortunately, owing to the failure of the contractor in burning bricks, only one bridge with flat top was built. Those not yet repaired will be taken in hand this year. Costs, original works, Rs. 1,187-8-6; repairs, Rs. 6,039-14-6.*Road No. 4, section 1, Bheri Adangi to Toolsea.*—Surface repairs have been done all through, and a very bad portion near the Jeeramonee Nuddee has been raised one foot. Repairs to the slopes are now needed, and, owing to the traffic, *chil-chal* to the surface of the road.

*Note by Magistrate.*  
I have been over this road. The earth-work is in good order. It has been cut through in places by the villagers. Culverts are wanted.

All the bridges are in a dilapidated condition, and should be re-constructed with entirely new materials, some of them with increased waterway.

*Note by Magistrate.*  
The Jeeramonee bridge will be made this year. A bridge is also badly wanted at the Jeeramonee Nuddee, as owing to the construction by the villagers of irrigation bunds below the site of the road a ferry has to be maintained all the year round.

*Road No. 4, section 2, Bheriadangee to Nugger Nuddee.*—Surface repairs to eight miles have been done, and one six-foot culvert has been constructed in the 8th mile. Surface repairs are needed to the remaining miles in this road, and owing to traffic *chil-chal* will be required to the portions already done. All the wooden bridges, except the one near Bheriadangee, are in a dilapidated condition, and should be re-constructed with entirely new materials. The one near Bheriadangee urgently needs a new platform. Costs, original works, Rs. 759-7-3; repairs, Rs. 1,019-13-4.

*Road No. 5, Purneah to Bussuntpore, 29 miles.*—This road connects the station of Purneah with the magisterial sub-division of Bussuntpore, and is therefore of some importance, apart from its great demand by traffic. The whole road has been thoroughly surface-repaired. One new masonry culvert and three pipe drains have been constructed during the year. The soil being of an extremely sandy nature, it is very difficult to keep the road in proper repair. Costs, original works, Rs. 806-1-3; repairs, Rs. 1,536-5-6.

*Road No. 6, Chownagra to Barsoe, 18 miles.*—This road is of very minor importance, and consequently the expenditure on it was very limited, being confined to the repairs of the only three temporary bridges on it, and the first five miles of the existing bank cost Rs. 218-6-0.

*Road No. 7, Bussuntpore to Raneegunge, 15 miles.*—All the temporary wooden bridges and the existing bank were thoroughly repaired. Three miles of the road towards the middle were properly formed and raised above rainfall accumulation, thus leaving about two miles more to complete the road during the ensuing season. Cost, repairs, Rs. 993-5-0.

*Road No. 9, Geeroah to Bahadoorgunge.*—Nothing done this year. Surface repairs are needed all through. New bridges should be constructed as the present ones are old and rotten.

*Road No. 10, Purneah to Nathpore, 50 miles.*—Mileposts only have been supplied to this road, and as the allotments were withdrawn to meet the famine advance, no other works were done. Cost, repairs, Rs. 100-8-0.

*Road No. 11, Bubnagh to Dhumdaha, 16 miles.*—Owing to the contribution made by the District Road Fund towards the Government expenditure on the late famine, the allotment originally made by the Committee for this road was cancelled. Late in the season, a further small grant was made, and it was devoted to the superficial repairs of the first five miles of the road. Cost, repairs, Rs. 165-12-0.

*Road No. 12, Hurdah to Bhowanipore, 27 miles.*—The first four miles of this road were raised in embankment averaging  $2\frac{1}{2}$  feet in height, and three new masonry culverts, aggregating 16 running feet waterway, were built in this length. A further eight miles of the road was merely surface-repaired and put into good order for the passage of traffic. Costs, original works,

*Note by Magistrate.*  
The embankment on this road was at first made too high. The Committee objected to the cost for which there was no necessity. It will be completed on a lower level.

Rs. 1,302-15-0; repairs, Rs. 2,558-3-6.

*Road No. 13, Manoosmarah to Sahebgunge Ghāt, 39 miles.*—The first six miles of this road*Note by Magistrate.*

This will be a capital road. It is important as leading from Purneah to Saifgunge and other places on the smaller rivers. In the dry season is carried on by a fair-weather road to the Ganges.

were raised in embankment averaging three feet in height, and five new masonry culverts, aggregating 39 running feet of waterway, were built. This road is one of the most important in the whole district, as it runs in a direct line from the station to the East Indian Railway station at Sahebgunge.

For many years to come it can be nothing more than a fair-weather road, as the southern half is subject to high floods from the Ganges, and bridging will consequently be expensive. Costs, original works, Rs. 3,939-10-0; repairs, Rs. 4,420-14-9.

*Road No. 14, Purneah to Sowraguddi, 28 miles.*—This road was thoroughly repaired*Note by Magistrate.*

Is a good road for the first eight miles from Purneah.

and defined, where necessary, for the first 15 miles of its length. Three new substantial timber bridges, aggregating 30 running feet and three pipe drains were constructed

on this portion. The road is of secondary importance, and owing to heavy Koosee floods can only be maintained, for the last 20 miles, as a simple fair-weather road. Costs, original works, Rs. 906-5-0; repairs, Rs. 2,251-5-2.

*Road No. 15, Mosapore to Masuriah, 20 miles.*—Nearly seven miles of this road were*Note by Magistrate.*

This will become a very important road. I have been over it. What work has been done, is well done, the rest is being pushed on.

constructed during the season, the rest of the line being merely a tortuous cart track. It is hoped that the remaining 13 miles of the road will be completed during the following season, as the work required is of a very light, simple nature, being chiefly side drains to define it. Cost,

repairs, Rs. 1,409-10-11.

*Road No. 16, Korah to Nawabgunge, 15 miles.*—The whole length of this road was surface-repaired during the year at a trifling cost. The road being of secondary importance and subject to heavy floods, it is considered unnecessary to incur any large expenditure on it. Cost, repairs, Rs. 933-4-6.

*Road No. 17, Korah to Saifgunge, 10 miles.*—The portion of road lying between Korah and Kolasy, measuring about six miles in length, was*Note by Magistrate.*

This and the last, No. 16, are good fair-weather roads.

re-aligned, improved and defined by side drains. A small wooden bridge was repaired at Teenponea. The surface

repairs of the remaining portion of the road were undertaken by Mr Cave, and two small masonry culverts were also built by him. Costs, original works, Rs. 757-9-2; repairs, Rs. 678-11-9.

*Road No. 18, Quary to Saboriah Ghāt, 25 miles.*—The whole length of this road was thoroughly surface-repaired, and three small masonry culverts were built on it. The masonry bridge at Gayra Barree also received attention. This bridge will have to be enlarged, as the waterway is insufficient, as is abundantly evident by the steady scour that has been going on for the last 10 years. Costs, original works, Rs. 214-14-10; repairs, Rs. 762-10-6.

*Road No. 19, Bakraha to Raneegunge, 25 miles.*—During the season about nine miles*Note by Magistrate.*

Work is going on here.

of this road has been re-aligned, improved, and properly defined by side drains. The rest of the road consists merely

of a tortuous winding cart track, which will be taken in hand the following season. Cost, repairs, Rs. 877-12-9.

*Road No. 20, Barari to Poothea, eight miles.*—About three miles have been defined with side drains, and two miles superficially repaired with slight earthwork. Cost, Rs. 346-4-9.

*Road No. 21, Saifgunge to Lawa, 15 miles.*—This road chiefly required bridge, as an*Note by Magistrate.*

This was originally from Ferry Funds by Mr. Burnell, a Planter.

embankment, properly formed and raised, exists nearly throughout its whole length. The first three miles, consisting merely of a winding cart track, were taken in hand

this year and raised in low embankment. Cost, repairs, Rs. 1,730-7-6.

*Road No. 22, Luchmipore to Kadarcutta, 9 miles.*—Mr. Cave repaired this road. It is wholly subject to Ganges flood, and is an unimportant road. Cost, repairs, Rs. 209-10-0.

*Road No. 23, Hurdah to Dewangunge, 5 miles.*—Petty surface repairs and half mile of side drains are all that were done to it. It is an insignificant road. It connects road No. 12 with No. 13. Cost, repairs, Rs. 106-11-3.

*Road No. 24, Mujhailee Ghāt to Saifgunge, 13 miles.*—About 2½ miles have been defined*Note by Magistrate.*

This is important, as passing by the Hosseingunge Moonashee.

and improved with side drains. Slight earthwork and surface repairs were done to a length of three miles, more exactly from Bhowarah to Hosseingunge. The rest of the

road was untouched. A wooden bridge with sal-wood planks has been constructed at Bhowarah. A few more bridges, of this nature are required between Hosseingunge and Mujhailee. Costs, original works, Rs. 408-3-0; repairs, Rs. 504-14-3.

*Road No. 25, Chakla to Quary, 10 miles.*—About one mile has been defined with side drains and one-half mile raised to a height of three inches on the average. The rest of the road was untouched. A substantial wooden bridge with sal-wood planks has been constructed over the nullah at Subarah. Costs, original works, Rs. 1,263-12-0; repairs, Rs. 621-5-5.

*Road No. 26, Kishengunge to Titalyah.*—In the first 12 miles the road was raised above rainfall level, and required only surface repair, which has been done. From the 12th to the 20th mile 603,729 cubic feet of earthwork has been done, completing this portion of the road. Side drains generally and a low embankment in occasional places where the

line crosses a cultivated valley will complete this road next year. Several small culverts are also required at various points along the road. Costs, repairs, Rs. 1,693-0-3.

*Road No. 27, Kalligunge to Iluabary.*—The first seven miles have had repairs to the

*Note by Magistrate.*

I have been over this road, which, considering the money spent, is not in good order.

way. A new one should also be constructed over the Boramonce Nuddec. The 8th mile requires straightening and raising one foot, as the ground is low. This should be done. Owing to traffic the portions already repaired will require *chil-chal*. Cost, repairs, Rs. 327-11-0.

*Road No. 28, Futtehpore to Titalya*—Surface repairs have been done all through.

*Note by Magistrate.*

This road has little interest for Purneah people, but is important as connecting Dinagepore with Darjeeling.

*Road No. 30, Kooty to Powakholly*—Between the 1½ miles and 7½ miles, 218,050 cubic feet of earthwork has been done, and 1½ miles of side drains completing this portion of the road. Eight miles of surface repairs are yet needed, and seven miles of the road require an embankment of 1½ feet high, as the ground is low. *Chi-chal* to the portions already done is also needed. All the bridges are in a dilapidated condition and should be reconstructed, two of these, one in the sixth and one in the seventh mile, with increased water-way. Cost, repairs, Rs. 546-12-6.

*Road No. 31, Belgachi to Koomri, 14 miles.*—About two miles of this road have been defined and improved with side drains, and petty earthwork was done to two miles. Mr. Cruise repaired a portion of the road, and down Kaharia Factory there is no properly formed and defined road for the last seven miles, and the country is very swampy and subject to heavy floods. Cost, repairs, Rs. 506-9-6.

*Road No. 32, Raneegunge to Puranee, 14 miles.*—Cost, repairs, Rs. 13-6, and road No. 33, Mungrah Ghât to Ukooh, four miles. Mileposts only have been supplied on those roads; and as the allotments were withdrawn to meet the famine advance, no other works were done on them. Cost, repairs, Rs. 5.

*Road No. 34, Jellaghur to Arrareah, 16½ miles.*—Surface repairs along the whole length of it, with about a mile of side drain, was done with the last allotment which was not sufficient to cover the expense of constructing the road anew in the 9th and 10th miles, where it has been cut away by the river Panar. The rotten planks of the four old timber bridges were also substituted with new ones. Cost, repairs, Rs. 1,097-14-3.

*Road No. 35, Arrareah to Koorsakutta, 20 miles.*—This road, although of great importance to traffic, is at present nothing more than a tortuous cart track running through highly-cultivated paddy country, and is therefore wholly submerged during the rains. It is intended to push on the work during the following working season, the last allotment being small. Cost, repairs, Rs. 232-0-3.

*Road No. 36, Arrareah to Sikhtee, 21 miles.*—Work was done to the full extent of the allotment. Two miles of the road were raised in low embankment about rainfall accumulation in the surrounding paddy-fields. The rest of the line is a winding cart track. Cost, repairs, Rs. 518-2-9.

*Road No. 37, Arrareah to Motiary, 20½ miles.*—The allotment was expended in defining the road for eight miles by side drains and effecting surface repairs for eight miles more.

W. FERNIE, C.E.,

*District Engineer.*

## District Road Fund Progress Report showing the nature and quantities of different kinds of works executed on Local Roads in the Purneah District during the cess year 1876-77.

No. of ROAD.	Length in miles.	Earthwork in cubic feet.	Turfing in square feet.	Side drains in running feet.	Surface repairs in miles and feet.	Jungle-cutting in square feet.	Mile-posts and Number.	Sign boards and poles.	Timber and masonry bridges and culverts.	Temporary bridge repairs.	Total cost of repairs.	ORIGINAL WORKS.			Grand total of costs.	Total cost of original works.	REMARKS.

From the above report it will be seen that Mr. H. Cave, of Korah, has rendered excellent service by supervising the repair of the roads in the neighbourhood of his factories, by which not only he, but the whole neighbourhood, is benefited. Mr. Charles Shillingford, of Munshye, has rendered equally good service in his neighbourhood. Baboo Hem Chunder Roy, Rai Bahadoor, has had a good wooden bridge built at near his residence. Mr. Forbes, of Sultanpore, did good general work in Arrareah Sub-Division. Mr. McQueen takes great interest in the work in Dhurrumpore, has frequently called my attention to the way in which it is carried out, and has visited roads and bridges with me. Many other gentlemen, not members of the Committee, also assisted the District Engineer by looking after repairs. Among these I may mention Mr. W. Cumming, of Munihari, and Mr. F. Cruise, of Mohendropore. This year Baboo Mohesh Lall has undertaken to supervise some repairs on village roads; and, where planters and others undertake the repairs to a road, work is done by daily labour, in all other cases by contract.

16. Rs. 4,855-15-10 were expended on village roads throughout the district.

Village roads.

Rs. 2,777-9-3 were expended on the repairs of 15 village

roads, and Rs. 251-4-9 on the construction of one wooden bridge and one masonry culvert on two village roads in the Sudder Sub-Division; Rs. 1,051-14-10 on six roads in the Kissengunge Sub-Division; and Rs. 735-3 on nine roads in the Arrareah Sub-Division. The names of these 32 village roads have been given in statement No. 6, Part II, in full detail, and need not be recapitulated here. They were, as usual, repaired by well-to-do ryots and planters, and the work has been fairly executed, especially by the Mustajirs in the Kishengunge Sub-Division.

17. I agree with Mr. Pawsey, the Magistrate of Mymensingh, in the views expressed

Miscellaneous.

by him in paragraphs 16 and 17 of his report, published at

page 851 of the *Calcutta Gazette*, Part I, dated 18th July

1877, and endorsed by Mr. Peacock in paragraphs 31 and 32 of his report, that the powers of the Committee in respect to the money limit of sanctioning detailed estimates should be increased. The delay in getting sanction for what are really very petty works is very great.

18. The registers and accounts of the Committee's Office were gone through on the

Registers and accounts of the Committee. 13th September last by Mr. Moore, the Deputy Examiner of

tee's Office. Public Works Accounts, Bengal, who found some clerical errors in the statement of revenue, assessed and realized, which were immediately rectified. All other registers were fairly kept.

19. Mr. Fernie has done good work in surveying and making maps of all the roads

District Engineer.

in the district; he has laid them out well. At first the

Committee, with justice, complained that he made roads unnecessarily high, but the fault has been corrected. He has learnt what style of roads are required for the district, and will this year, no doubt, make the contractors give more satisfaction than they did last year. A copy of the rules drawn up for their guidance by Mr. Fernie with my approval is annexed.

20. The following report from the District Engineer will show the works to be

Report from the District Engineer.

undertaken by the Committee in the current cess year,

1877-78.

*Statement showing the work proposed to be done in accordance with the allotted funds on the various local roads in the Purneah District during the ensuing cess year commencing 1st October 1877.*

*Road No. 1, section 1.*—The five temporary wooden bridges are to be thoroughly repaired. The existing bank between Bunbhag and Sirsee is also to be put in order, both crest and slopes. Between Sirsee and Keotgama nothing else should be attempted but a fair-weather road. The long grass jungle should be rooted out to a width of 30 feet, and in other parts the road defined by side-drains.

*Road No. 1, section 2.*—The whole road up to Barsoe to be surface-repaired and put in order. A sal wod bridge with planks to be constructed over the Kumlooh nullah at Munjhailee. Three low masonry bridges to be constructed at Bamungaon in lieu of the existing temporary wooden structures, to be dismantled and removed. The approaches on either side to these three masonry bridges to be formed with earth taken out of the existing bank by cutting down and reducing the height of the latter.

*Road No. 3.*—The first section of this road, measuring 27 miles in length, to be thoroughly repaired and seven new wooden planked bridges to be erected, to replace the present dilapidated structures, which must be dismantled and removed. The third section from Dinpah

*Note by Chairman.*  
This bridge over the Sadaum will not be built. It has been found that it will be too costly.

to Tazpore is to be surface-repaired. A wooden bridge is to be thrown across the Sowaid Nullah at Raneegunge. The smaller wooden bridges at present existing on the road between Bajurgaon and Ramgunge are to be dismantled, and

masonry structures substituted.

*Road No. 4.*—Two new wooden planked bridges are to be constructed, one over the

The old solid masonry bridge in Kishengunge is coming down, and will be dismantled and repaired at once.

Soodain Nullah, and the other over the Jeeramonee Dhar. The whole road is also to be thoroughly repaired.

*Road No. 5.*—Two masonry causeways at Kusbah, in the 9th mile, and one bridge of 10 feet span with timber platform in the 29th mile are to be

constructed. The whole road to be thoroughly repaired. The four bridges between the city and Kusbah are to be thoroughly renewed in those parts where they are defective.

*Road No. 6.*—The existing bank is to be surface-repaired and put into good order. The three temporary wooden bridges in the first five miles are also to be repaired, and new bamboo road-way platforms are to be provided for them.

*Road No. 7.*—One sal wood planked bridge is to be constructed over the river Sourah. The existing road bank is to be thoroughly repaired throughout its whole length, and any surplus funds are to be utilized in completing the road at and about Gudwas in the 9th, 10th, and 11th miles, where a simple winding cart track at present exists. All the temporary wooden bridges on the road are to be put into proper and efficient repairs.

*Road No. 9.*—The existing bank must be thoroughly repaired and made passable to traffic. Any surplus funds should be devoted to defining and completing and improving the roads.

*Road No. 10.*—The existing bank on this road must be improved and repaired. The rest of the road which runs over a high waste country should only be defined by side drains, the earth excavated from which will be quite sufficient to keep the surface dry and above rainfall level.

*Road No. 11.*—Two bridges of 10 feet space with masonry supports and timber platforms, also two small culverts, will be constructed between Bunghaj and Khajha factory. A surface track for traffic will be cleared and defined between Kughah and Dhumdaha over the Koosie Dearahs; the rest of the road will be surface-repaired.

*Road No. 12.*—With the allotment given, this road must be thoroughly completed in every respect, and free and unbroken communication opened between Hurdah and Kolassy. In this length of twelve miles about eight small culverts will be constructed and the road raised to that extent, according to locality, so that its surface shall be always dry throughout the year. The remainder of the road about 14 miles in length will only be surface-repaired up to Bhowanipore on the Ganges.

*Road No. 13.*—Two sal wood bridges, with planked roadway, will be constructed—one over the Khurownee Dhar at Rowtara, and the other over the Mirchai Dhar at Saifgunge. The road will be constructed in low embankment according to the necessities of each locality, and thoroughly completed and opened to traffic as far as Saifgunge, a length of 19 miles. The remaining length of 20 miles up to Sahebgunge Ghât will be surface-repaired and put into good order for traffic.

*Road No. 14.*—The existing bank on this road is to be surface-repaired and put into good order for traffic. Where no road exists or it consists merely of a cart track, the line should be defined by side drains, no other raising being necessary.

*Road No. 15.*—One sal wood planked bridge will be constructed over the Dhurundi Dhar at Munjra. A good deal of re-alignment will be necessary on this line of road, more particularly at Gopalpore, where it consists merely of a winding circuitous cart track. A little raising, not exceeding at the utmost one foot in height, will have to be done here, as the road crosses paddy-fields. The rest of the road will be defined by side drains, as it passes generally over high waste country.

*Road No. 16.*—One sal wood planked bridge will be constructed over the Dhar at Porvye, and the whole road will be surface-repaired and put into good order.

*Road No. 17.*—Three small masonry culverts will be built between Korah and Kolassy; some slight raising, about one foot in height, is necessary at about the village of Chowkee Bustee, where rain-water lodges. Between Kolassy and Saifgunge the road should be defined by side drains, the bund over the Bhisna at Herdagunge should be thoroughly repaired. The remaining length of the road will require petty superficial repairs, as a good deal may be done to it during the current year.

*Road No. 18.*—The whole length of this road will be repaired superficially and put into good order.

*Road No. 19.*—As this line of road passes generally over high, well-drained country, side drains will be chiefly necessary. Re-alignments more or less extensive will have to be made at many places, more particularly to the north of Kucher-Belwa, where also some slight dressing, nine inches to a foot in height, must be done, as the land is cultivated and the rain-water held up artificially. Here and there also, where the road crosses occasional dry nullahs, some trifling earthwork will be necessary to ease off the ascents and descents.

*Road No. 21.*—The existing embankment on this road must be first thoroughly repaired and put in order. The road on both sides of the Kumlah, for a length of 1,000 feet in either direction, requires forming and completing. On the east side of the Munia Ghât the road will require raising to a height of two feet. The last mile and a half of the road between Bhungowra and Lowa requires forming and defining by side trenches, as no road exists at present. About nine wooden planked bridges, aggregating 200 running feet in length, will be constructed between Saifgunge and Muracha-Dhurgunge.

*Road No. 24.*—The existing bank, together with that portion of the road completed this year, must be superficially repaired and put into good order, the breaches being sloped down to an easy gradient to admit of the passage of heavy traffic. Between Rubin and Molwa Jolee, about a mile and a half, the road must be raised in parts to a foot in height, as the country is swampy. Between Molwa Jolee and Hosseingunge all that will be necessary is to cut side drains.

*Road No. 25.*—The road from Chuklah to Subra must be repaired superficially. From Subra to Mooree Ghât, where no work at all has been done this year, a good fair-weather road

is all that should be attempted, owing to the heavy violent inundations the country is subject to.

*Road No. 26.*—This road for the greater portion of its length runs over high, well-drained ground adjacent to the left bank of the River Mahanuddee. Side drains, therefore, will be chiefly required in its construction. Raising will only be necessary in the low-lying cultivated villages, which the road crosses at long intervals.

*Road No. 27.*—This road will be superficially repaired throughout its whole length, and all the wooden bridges on it repaired, straightened, and improved where necessary.

*Road No. 28.*—The old wooden bridges on this road have decayed and fallen away from the ravages of white-ants. All that remains of them now are a few rotten piles. Instead, therefore, of repairing the six old bridges entirely, new bridges will have to be constructed, aggregating about 180 running feet in length. The existing bank must be repaired and put into good order.

*Road No. 30.*—The allotment given for this road will only allow of petty superficial repairs being done, and occasional filling in low swampy places.

*Road No. 31.*—The portion of road formed and completed this year must be re-opened and put into good order for a length of six and a half miles. With the remaining funds a simple fair-weather road can only be made from Kumburea to the Panar River at Koomri, a distance of eight miles. This portion should be marked out and defined by side drains.

*Road No. 34.*—For the greater portion of its length this road is already embanked and formed, and requires only superficial petty repairs. In two places—one in the third mile, and the other to the north of Mungra Ghât, on the left bank of Panar—re-alignments with side drains are required. The five wooden bridges on this road require renewal entirely; but as the funds allowed are insufficient, owing to their great length, petty necessary repairs can only be executed.

*Road No. 35.*—This road at present consists merely of a winding, tortuous cart track, running over a highly-cultivated country. Extensive re-alignment will be necessary. Although no heavy concentrated earthwork will be required, yet continuous raising, varying from six inches to one foot in height, will be necessary to keep the road surface dry and above rainfall accumulation.

*Road No. 36.*—The very same remarks apply to this road as to the last. The road should be raised fully to the height of the *als* or dams surrounding and dividing the paddy-fields.

*Road No. 37.*—The 3rd, 4th, and 5th miles of this road will require re-alignment and slight raising to an average height of a foot. The existing bank, together with the portion of road constructed this year, must be surface-repaired and put into good order. For the remaining length a good fair-weather road can be made by merely cutting side drains. A re-alignment will be necessary in the 7th mile at Mysakole.

*Road No. 38.*—Two sal wood planked bridges will be constructed on this road. All that will be necessary in the construction of the road is to cut side drains and fill up or cut away all irregularities, hollows, or inequalities.

P.S.—Since writing this report, your No. 481 of 22nd December has come to hand.

I have given above most of the informations required, marking the passages by a cross in red ink.

II.—I annex a table showing the alterations which have been made in the budget grant.

III.—The annual accounts were regularly audited by the Vice-Chairman, assisted by three members, Major Knyvett, Mr. McQueen, and Dr. Picachy. The system followed was reported in my No. 221 P.W., of 30th October 1877. The rates paid were fixed at a meeting at which the Executive Engineer was present, Departmental Public Works rates being maintained.

IV.—The Executive and Superintending Engineers together inspected road No. 5 from Purneah to Bussuntapore. The Executive Engineer has also inspected the four miles of road No. 4, which lie between Kishengunge bazar and the sub-divisional office at Bheriadengi. On this is an important bridge, to the shaky condition of which he drew the Committee's attention and got funds allotted for its repair.

V.—No instances have occurred of the rejection of persons who possess college certificates who may have applied for employment. No employés have been removed, nor have any members of the Committee, to my knowledge been in any way interested in any contracts.

VI.—The statistical statement asked for will be submitted hereafter.

VII.—A supplementary statement was sent, asking for Rs. 620 for the making of a new road from road No. 13 at Rowtora to Hosseingunge, the site of the Kudbah moonsiee. This is called road No. 38.

*Statement shewing the alterations in, and additions to, the Budget allotments in the Cess Year 1876-77.*

PURNEAH,  
The 23rd January 1878.

W. KEMBLE,  
Chairman, District Road Cess Committee.

No. 69P.W., dated Kishengunge, the 2nd November 1877.

From—BABOO HARI NATH CHATTERJEE, Chairman, Branch Road Cess Committee,  
Kishengunge,

To—The Chairman, District Road Cess Committee, Purneah.

I HAVE the honor to submit my report on the local improvement in connection with the road cess for the year 1876-77.

2. The subjoined table shows the names of the members of the Branch Road Cess Committee, the number of sittings during the year, their attendance, and the date of their appointment :—

TABLE NO. I.

Number.	Date of appointment by Government.	NAMES OF MEMBERS.	Number of meetings attended.	Number at which absent.	Total number of meetings.
1		Sub-divisional Officer, Chairman	4	....	4
2	13th December 1875 ...	Moonsif of Kishengunge, Vice-Chairman	2	2	2
2	16th May 1877 ...	Baboo Rojonee Nath Chatterjee, Vice-Chairman	2	....	2
3	13th December 1875 ...	Moonshee Inayat Ullah, Mookhtear	4	....	4
4	" ditto "	Yakub Ali, Member	3	1	4
5	" ditto "	Baboo Dwarka Nath Banerjee	2	2	4
6	" ditto "	Juglall Mustajir	1	3	4
7	" ditto "	Husmat Ali	1	3	4
8	" ditto "	Mahomed Hyder	2	2	4
9	" ditto "	Baboo Doorga Prosad Sing	2	2	4
10	" ditto "	Mahomed Ashaq	....	4	4

Of these, the Moonsif was relieved on the 15th March 1877, on receipt of your memorandum No. 38P.W., dated the 22nd February last, endorsed on letter No. 37, dated the 20th idem, of the Judge of Purneah, and in his stead Baboo Rojonee Nath Chatterjee was elected as Member and Vice-Chairman.

3. The subjoined statement shows the attendance of the several members at each meeting during the year :—

TABLE NO. II.

Number.	Date.	Number of members present.	Number of members absent.	Total number of members.
1	23rd October 1876 ...	4	6	10
2	16th March 1877 ...	6	4	10
3	24th April " ...	7	3	10
4	6th September " ...	4	6	10
	Total ...	21	19	40

4. The object of the first meeting was to settle what roads were to be repaired in 1876-77, what amount to be allotted to each road, and who were to undertake the work. The second meeting was held for the election of Baboo Rojonee Nath Chatterjee as Member and Vice-Chairman. The third to consider whether Sudhoo, who took a contract to construct two bridges on the Kishengunge and Illuabari road in 1874-75 at Rs. 400, was entitled to receive Rs. 200, which he said was due to him, and an inquiry was ordered to be made. The bridges were inspected by Mr. Dukes, Overseer, and afterwards by me personally; and as it was found that the work was not done agreeably to the terms of the contract, and as it was found that he was not entitled to the amount, his application was rejected by me on the 28th July last. The fourth meeting was held to settle what roads were to be repaired, what amount to be allotted to each road for 1877-78, and to elect new members, as it was found that a portion of the sub-division—namely, thanna Kalliaungunge, was not sufficiently represented. Muradbux, of Kolthar, and Kutub Ali, of Khegurbari, were elected as members at this meeting.

5. I regret to report that some of the members took no interest in their work—namely Mahomed Ashaq, Juglall Mustajir, and Husmat Ali. The other members did their duty satisfactorily, especially Baboo Rojonee Nath Chatterjee, Vice-Chairman, who attended all the meetings held after his appointment, and Moonshee Inayut Ullah, who attended all the meetings.

6. The following statement shows the expenditure on the roads repaired during the year :—

TABLE No. III.

	Names of works on roads.	Amount.	Total.	
			Rs.	A. P.
Earthwork	on the road between Ghornaghât and Pakurgachee (six miles)	320 3 6		
Ditto	between Panjiporah and Singheea (four miles) ...	50 0 0		
Ditto	ditto Cherin and Sontha (10 miles) ...	241 9 6		
Ditto	ditto Sonarpatti and Soontola road ...	153 2 4		
Ditto	ditto Kusneetolah ...	112 0 0		
		265 2 4		
Work done on Gungee road during last year, 1875-76	... ...	157 15 6		
<i>Compensation.</i>				
Paid to Mussamuts Purnee and Teetoo, of Soree Dlakishengunge	Rs. 12			
and Rs. 5 respectively	... ...	17 0 0		
Total	... ...	1,051 14 10		

7. Rs. 2,500 was at first allotted to village road repairs in this sub-division, but was afterwards reduced to Rs. 1,500—*vide* your letter No. 373P.W., dated the 20th November 1876. Out of this Rs. 1,500 Rs. 1,051-14-10 was expended.

8. The following table is an abstract of particulars regarding meeting of the Branch Road Cess Committee for the year under report :—

APPENDIX A.

DISTRICT.	NUMBER OF MEMBERS FORMING COMMITTEE.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance of meetings.	Number of members who did not attend any meeting.	NUMBER OF MEMBERS WHO ATTENDED ONLY				Proportion of average attendance to whole committee.	REMARKS.

Purneah Sub-division in Kishengunge ..	2	8	4	4	...	52	2	...	2	1	3	...	1

No. 30P.W.D., dated Bussuntapore, the 1st November 1877.

From—BABOO UMA CHURN BOSE, Deputy Magistrate of Arrareah,  
To—The Chairman of the Road Cess Committee, Purneah.

I HAVE the honor to submit herewith the local improvement report of this sub-division for the cess year 1876-77.

2. The following gentlemen were members of the Branch Road Cess Committee during the year under review :—

#### *Ex-officio Members.*

1. Sub-Divisional Officer.
2. Baboo Chukurdhar Prosad, Moonsif.

*\* Non-official Members.*

1. Mr. A. J. Forbes, Zemindar, Sultanpore.
2. Mir Wajid Ali, Zemindar, Ditlee.
3. Baboo Tofa Lal Chowdry, Zemindar, Behwa.
4. Sheik Murdun Ali, Jeth Ryon, Chilharna.
5. Baboo Kasiram, Putnidar, Mirzapore.
6. Sheik Azizur Rahman, Putnidar, Chandardai.
7. Mauj Ali, Putnidar, Gyari.
8. Baboo Tirthanund Thakur, Zemindar, Belwa.
9. Baboo Gunja Pershad Sha, Putnidar, Siki.
10. Mir Kasim Ali, Milikdar, Bussuntapore.
11. Sheikh Imdad Ali, Putnidar, Torkia.

3. The following changes occurred in the committee during the year:—Baboo Chukurdhur Prosad, Moonsif, was relieved of the Vice-Chairmanship in accordance with your memorandum No. 38P.W., of 22nd February last, and Mir Kasim Ali was appointed in his place—*vide* Government order No. 2906A., dated 16th May 1877. Baboo Gunja Pershad, of Siki, was elected member during the year, and we lost one member, Sheik Imdad Ali, by death.

4. The annexed statement, in the form prescribed in Appendix 2 of the Government Resolution No. 1286, of the 3rd March 1876, will show all the particulars required about the attendance of the members.

5. There were three meetings held during the year. The late Sub-Divisional Officer, Baboo Kedar Nath Dutt, presided at all of them. There was one meeting called, but was not held, as there was no quorum. All the members were 10 days previously informed of the business to be transacted at each meeting.

6. The following were the principal subjects which engaged the attention of the Branch Committee—

- (a) to consider which of the village roads required repairs during the year;
- (b) to distribute the village road allotment into the three thannas of the sub-division;
- (c) to elect a Vice-Chairman in place of Baboo Chukurdhur Prosad, Moonsif.

7. There was an allotment of Rs. 2,500 sanctioned for village roads of this sub-division—*vide* your letter No. 324P.W., of 19th October 1876; but it was subsequently reduced to only Rs. 1,000, as per your No. 374, of 20th November 1876. Of this, Rs. 735-3 were actually expended during the year.

8. The following roads were repaired during the year:—

(1) Rampore to Koskipore.	(4) Bussuntapore to Harya.
(2) Mudunpore to Dehti.	(4) Sitadhar to Kujradhar.
(3) Bussuntapore to Rahekapore.	(6) Rampore to Bhowanipore.
(7) Pokhir village road.	

Rs. 10 were expended for fencing of trees and for repairing roads at the sub-divisional headquarters, and a sum of Rs. 170 was expended on the Motiary bridge.

9. Cheques to the amount of Rs. 945-8 were issued during the year, of which Rs. 210-5 were refunded.

10. The work was done by contractors, with the exception of that done in the Sultanpore quarter, which was undertaken by Mr. Forbes, a member of the Committee, who, I am informed, takes much interest in the repairs of roads in his neighbourhood.

11. Having only received charge of the sub-division since the close of the year, I am not in a position to offer any remarks on the state of the roads.

The following rules and directions are issued for the guidance and information of officers and subordinates of the Road Cess Committee in maintaining, repairing, and constructing roads in the Purneah district, and it is requested that strict attention be paid to them:—

*Existing roads on the 1st October 1877.*—The earliest attention should be directed to old existing roads and every effort and exertion should be made to put these into perfect order before any new work is attempted, as repairs done early in the season, while the earth is moist, are not only effectual, but to the advantage of the contractor. All breaches, gaps, nullahs, &c., should be sloped down, and the crest made perfectly smooth, and even with a slight camber towards the centre, so that the cross section may be convex. When an old road has been thoroughly repaired, a spring conveyance should be able to drive from one end to the other with ease and comfort, and without jolting or discomfort. Having given this as a test of perfection, sub-divisional officers will at once see what is required in each case.

2. Contractors complained last year of one uniform rate being given for surface repairs on all roads without regard to their condition. As the grievance was a just one, the District Engineer got this remedied at the last meeting of the Committee in July. When a road is in tolerably good order and requires only a little surface-dressing without any extra earthwork from side tanks to bring it to a proper standard, chil-chal, or surface repair, will be paid for at the rate of Rs. 10 per mile. If in such a mile earthwork is necessary, in occasional places, to fill gaps, scour or large holes, &c., such earthwork will be paid at Rs. 2 per 1,000 cubic feet in addition to the chil-chal at Rs. 10 per mile. If, however, ruts are numerous and deep, and require *on an average* one or two tanks or chowkas (100 cubic feet) to be dug per chain length or at frequent intervals, then in such a mile where excavations have been made continuously or nearly so, earthwork only without chil-chal will be paid for.

Sub-divisional officers are now seriously warned, and through them all contractors, that the District Engineer will use the utmost caution and vigilance in passing bills for surface repairs, as three cases have recently come under his notice where beldars eager for earthwork were throwing, quite regardless of after consequences, five cubic feet of earthwork per running foot of road instead of two cubic feet, which was all that was necessary. It is easy to see that there are two different ways of *thoroughly repairing* a road differing considerably in value. One is to throw *just sufficient* earthwork, and no more, on the road, and the other to pile up earth and thus raise the road. Both these methods put the road into perfect order, but while one costs from Rs. 10 to Rs. 20 per mile, a second may range in value from Rs. 40 to Rs. 200 per mile. It is no answer whatever to say that the allotment has not been exceeded, because that is purposely and intentionally large at the request of the District Engineer, so that two dressing might be given to the road during the year. Out of a group of six roads in the head-quarters sub-division, all made or repaired last year, the very most has been taken for purposes of calculation by the District Engineer, and he finds that with four ruts one foot and six inches deep the amount of earthwork per mile will be 10,000 cubic feet, or Rs. 20 per mile. Measurement-books must contain full details of the nature and description, and the length in miles of such work, or the bills will be returned for explanation. I need scarcely repeat that I will strongly insist on cheap and good work being done, so contractors must look carefully to their own interests in this highly important matter before it is too late. Sub-divisional officers must clearly understand that by extra earthwork is meant soil taken from proper regular tanks and not the earth taken from irregular pits or holes. If the contractor chooses he may combine seven or eight of these small holes by opening out three or four regular tanks, (say) of 25 cubic feet each, to every chain, so that instead of chil-chal he can be paid for earthwork only actually measured. Of course the number of miles of road thus repaired must be given, as it is a well-known fact that unless beldars are narrowly and constantly watched they will simply repair the road by raising it, which is not wanted.

3. Turf should be carefully preserved and protected on the crest of a road, as it binds the earth and prevents rapid wear and tear. Any cattle found deliberately grazing on a road should be sent to the nearest pound, and the receipt forwarded to the District Engineer. Summons should be taken out against any grass-cutter or others cutting grass on a road, and if they refuse to give their names, &c., they should be sent to the nearest thanna, with their *khoorpies* and gunny-bags or blankets, by the Sub-divisional Officer. Villagers cutting a road without permission must also be reported for damage to public property.

4. No sand must be used on any account in the repairs or construction of a road, as it is worse than useless, being a positive obstruction and hindrance to traffic. Earth, if possible, should be obtained, and if this cannot be done chil-chal of the old road surface should be resorted to, although this will lower the crest. If the surface of the old road is sandy, this might be scraped off, and a layer of the earth put on.

5. Trees, shrubs, jungle, and overhanging branches, preventing the free passage of traffic or an elephant, must be cut down and removed.

6. All mile-posts must be fixed and repainted with paint, which will be supplied by the District Engineer, who will also give definite instructions as to how this work is to be done.

7. No allotments can be altered or changed from one head to another without the written permission of the District Engineer, who will give each case reported on his best consideration.

8. In repairing a fair-weather road, where much or continuous earthwork is required, it will be a good plan to obtain the earth by widening the side drains *regularly* on the outer edge. They should not be deepened, as the only good clay in this district lies generally at the top.

9. When a road is once defined and formed, and no further alterations are necessary, every exertion should be used by sub-divisional officers to induce people to plant either fruit, timber, or shady trees on the road-side, either in clusters of 20 each at every mile, or in avenues. The latter plan is preferable, as it not only adds to the beauty and appearance of the road, but also tends to keep the soil moist and firm. It is well known that tree-planting as also well and tank digging are considered meritorious acts among the natives, deserving of some undefined reward, either here or hereafter. This feeling might be properly directed and utilized for the benefit of our roads. The trees which are in common use for avenues, and which are indigenous to this district, are as follows, viz.—(1) pakur, (2) peepul, (3) burr, (4) mango, (5) sesum, (6) kadam, (7) neem, (8) bamboo. All these trees thrive more or less according to soil and locality in different parts of this district, and the best time suited for transplanting the young tree on the road-sides is the rains, at the end of June, but not later. Every act of this kind should be fully reported, the name and residence of the donor with the number and nature of trees being specified.

10. *Repairs of bridges.*—Most of the bridges in this district are at present of a rough temporary character, having bamboo platforms. When such bridges have to be repaired from allotments given by the Committee for this special purpose, the double bamboo platform having been first securely and compactly tied and fixed to the longitudinal beams, the open spaces between the bamboos should be well plugged and stopped with small poolas or bundles of grass. Over this a rough reed or bamboo mat should be placed, and the whole

*Note by the Magistrate.*  
The District Engineer should ask for an allotment.  
then covered with two or three layers of good turf. If, however, there is no allotment for such temporary bamboo bridges, they should at once be dismantled and the sites sloped down. All other repairs to permanent bridges, either of timber or masonry, should

be of a sound, substantial, durable character. Nothing but sal timber should be used, as any other kind of wood is not only deficient in strength, but quickly decays.

See note above. Provision should always be made for keeping bridges, temporary or permanent, in repair.

Where there is no allotment given, especially for the repairs of bridges on a road, and it is considered absolutely necessary, for some urgent and pressing reason, that they should be attended to, the work may be done, provided that the grant for earthwork is sufficient to bear this additional charge.

11. All excavations, whether for repairs or construction, must be cut neatly and regularly, with their length parallel to the centre line of the road or the toe of the slope, according as the road is a surface or embanked road. They must not, except for very special reasons, when the earth is scarce, be made more than one foot deep, and even this depth must be reduced if sand crops out (Rule 4). On old roads, where tanks are numerous, some precautions must be taken against fraud being practised by the beldars. This can be entirely prevented by adopting some special shape, size, or depth of tank. The instructions given under this head to the contractor must be fully entered in detail in the Sub-Divisional Officer's note-book, which will be regularly inspected by the District Engineer. In a continuously embanked road the new excavations on either side should not be made longer than 500 feet, a break or space one foot wide being left between two adjoining tanks. If this is not done, the side excavation during the rains form water channels, and the running streams thus created gradually acquire such force and volume that they endanger the safety of the road. For repairing roads soil should as a rule be taken from waste land. If it is necessary to take it from cultivated land it must be taken after the crops have been cut.

12. With regard to the alignment of new roads, the greatest and first consideration should be given to the protection, as far as possible, of crops and arable land. No houses or valuable timber and fruit-trees must on any account be destroyed.

13. When a new line runs unavoidably and necessarily across cultivation, the construction of the road will have to be delayed till the standing crops are cut. Sub-divisional officers will see that it is greatly to the advantage of work to have all new lines of road laid out early in October, before the ploughing and sowing of the rubbee crop begins, so that the farmers and cultivators may have ample and timely notice.

14. The crest of all new roads must be raised so that after settlement they may be six inches above rainfall accumulation. To observe this rule in practice it will be necessary on high waste ground or land that yield a rubbee crop to merely cut side drains on either side, and nothing more, even if the ground undulates; provided, of course, that in hollows where water lodges a bank is raised six inches higher than water level. Where a new line of road runs across paddy cultivation it must be raised in embankment to such a height that after settlement the crest will be six inches higher than the *als* or field bunds. A free use of boning rods or stones will be necessary in the latter case.

15. The crest of all raised or embanked roads must be made not more than 15 feet wide, with slopes of 2 to 1. Where side drains only are necessary, the road should be made 20 feet wide. The side drains or trenches may be made of any shape, either triangular, trapezoidal or saucer, so as to suit the convenience of the workmen; but whatever form is adopted, care must be taken that four cubic feet of earthwork is excavated per foot run of road. Of course several different shapes in the same sub-division are objectionable, as uniformity must prevail.

16. Crossings, either level or inclined, according to requirements, must be made both on new and old roads, at all convenient and suitable places, either opposite a village, *pucka* well, toe of trees, cattle run, or any other point, when necessary. Old ramps and cross-roads should always be repaired.

17. No gradient or incline on a road must be greater, i.e. steeper, than 1 in 30, and slopes or approaches should be made even easier than this if the allotment will allow of it.

18. Care must be taken that a sufficient sum is reserved from the yearly allotment to turf or grass the slopes of such banks which are over one foot in height or are exposed from their position to the wash of water.\* From the want of this necessary precaution, new banks of earth suffer greatly during the rains. The best time to commence the work is early in July or sooner, if plenty of rain has fallen and the grass will bear transplanting.

19. Contractors must supply all labor and materials required in the construction of the work which they have undertaken by agreement to execute, such as bamboos, pegs, strings, baskets, masons' and carpenters' tools, &c., &c. Kodalies will be supplied to them, and a deduction will be made from the first bill presented for payment of one rupee for every three kodalies as security. Contractors must be clearly given to understand that if they delay their work and the rains come on, so that the tanks are submerged, no payment can be made. In fact work of all kinds must first be measured before being paid for. Sub-divisional officers will find it greatly to their convenience, and advantage if they can induce contractors to complete a mile or miles of road before measurement, so that no fractional miles may appear in the bill.

## No. 6—Part I.

## PURNEAH DISTRICT ROAD FUND.

*Memorandum shewing in detail the balance at credit of deposits on 30th September 1877.—Nil.*

No. 64, dated Maldah, the 3rd December 1877.

From—F. W. J. REES, Esq., Chairman, District Road Committee, Maldah,  
To—The Commissioner of the Bhagalpur Division.

With reference to your letter No. 420P.W., dated 29th October last, I have the honor to submit the report on the working of the Road Cess Department for the year 1876-77. I much regret that for the following reasons it is far less full and satisfactory than I desire.

2. The materials for such a report as I should have desired to submit would have naturally been found in a detailed account of the work done during the year, submitted by the District Engineer : such a detailed account is this year entirely wanting, for the officer who was Engineer in the early part of the year has left the district, and, notwithstanding all our efforts to that end, his successor, who was expected long since, has not yet been able to leave his employment under Government and take up his duties here. This want might have been to some extent got over by a Chairman who had been in the district throughout the year, but I did not reach Maldah till the middle of May, when the working season was just over.

3. The year under review opened with a balance of Rs 24,326-11-8, of which a sum of Rs. 9,929-10-6 was available for expenditure, the remainder being the amount left unadjusted out of the advances made during the previous year.

The demands of the current year were as follow:—

					Rs. A. P.
From land....	{ Arrears	...	...	...	2,858 6 0
	Current	...	...	...	25,978 8 6
				Total	<hr/> 28,836 14 6
On houses ...	{ Arrears	...	...	...	58 2 0
	Current	...	...	...	2,469 0 0
				Total	<hr/> 2,527 2 0

The details of collections are these : on land, Rs. 23,874-10-11; houses, Rs. 2,453-7-0; ferries, Rs. 17,448-3-6 ; Miscellaneous, Rs. 216-7-6 ; total, Rs. 43,992-12-11. Of the sum of Rs 17,800 shown last year as advance on account of relief works, Rs. 7,300 have been adjusted, and the adjustment of the balance is in hand.

4. There were during the year eight meetings of the Road Cess Committee held on the following dates:—

1st Meeting, 14th November 1876.	5th Meeting, 29th June 1877.
2nd " 11th December "	6th " 31st July "
3rd " 26th April 1877.	7th " 30th August "
4th " 8th June "	8th " 27th September "

The Chairman presided at six meetings, and during his absence in the interior, Baboo Bubaneshwar Sing, Vice-Chairman, presided at two. The Vice-Chairman was also present in all the other meetings. A list showing the attendance of the members is herewith appended. The proceedings of the Committee were duly recorded in the minute book, and the orders passed carried out. In all the meetings a quorum was present, and business was duly transacted. The members of the Committee, as a rule, show great interest in their work. The Committee has sustained a great loss in the transfer from the district of Mr. A. H. James, District Superintendent of Police, who paid special attention to roads, and whose practical knowledge and untiring energy were of the greatest value.

5. The district of Maldah is divided into two almost equal portions by the River Mahanuddee. The land to the east of that river is comparatively high, but the population on that side is very scanty and roads are few ; on the west side, where the population is more dense and roads more numerous, the land is low and subject to inundation. During the height of the rains the roads on this side become impassable and all traffic is carried on in boats. With fair-weather roads the district is well supplied, and the amount of traffic which passes over them from October to June is very great.

6. The great object, therefore, is to take in hand all the roads immediately after the rains cease and push on vigorously the repairs of all damages which the rains have caused : this brings all the roads into fair order easily in the season ; while, if the work is delayed, harvest rapidly approaches, when labourers are not procurable, and the roads only are placed in decent order when the next rains will shortly render them useless. This point was not sufficiently observed during the year under report, but has since been specially regarded, although the absence of a District Engineer at the time when his services are most needed is much to be regretted.

7. The effect of the rains upon the roads of this district varies with the extent of the inundation : in a full flood the traffic is stopped entirely, and the roads are trenched in places where new bridges and more waterway is needed ; in a scanty inundation a small thread of traffic struggles on through enormous ruts and deep mud and leaves the roads at the end of the rains in a condition which is easily improved if taken in hand at once, but which delay renders more difficult to remedy. Of late years the inundation has been scanty, and never more so than during the year of report.

8. One road surpasses all others in importance ; it connects Dingeopore with Rajmehal on the East Indian Railway. The opening of the Northern Bengal Railway will diminish this importance, especially as regards passengers ; but the road will no doubt continue to be the most important still. This road started from Manick Chuk on the bank of the Ganges opposite Rajmehal and ran about 12 miles east to Amriti, where a branch road of six miles conducts to English Bazar a little to the south-east, while the direct road goes on to Nemasrai at the junction of the Kalindri and Mahanuddee. The united stream is crossed here by a ferry which lands the passengers in old Maldah. The road here for about a mile passes through the municipality of old Maldah, and for some years the question of the charge of this portion of the road has been under discussion. In the present year it has been decided that the road cess shall have charge of the road, and that the municipality shall contribute to the cost at the rate of Rs. 160 per mile per annum.

9. After leaving Maldah the road turns to the north, and after passing through much jungle reaches higher ground at Gazoli, from thence it leads north-east to the boundary of the district, while branch roads lead to Bamungola in the south-east and to Chanchal in the north-west.

10. Owing to encroachment of the Ganges on the Maldah side the road for about three miles from Manick Chuk has been destroyed. To spend money in raising a road near the Ganges involves so much risk that it will probably be determined to make a detour from Manick Chuk and join the Mothurapore road, which falls into the main road near Madia. No funds, however, at our disposal could keep the road from Manick Chuk to Nemaserai open for wheeled conveyances in a year of full flood; but on the other side the land is higher, and it should be the aim of the Committee to keep this portion of the road open throughout the year. The amount expended on the road in surface repairs and partial earthwork was Rs. 2,135-15-5. The centre of the road was raised from Rangamati to Parna, five miles.

11. Next in importance is the main road leading to the south of the district and thence to Rampore Bauleah; it is called the Baroghorria road, and, starting from English Bazar, passes through Gour, Kansat, Shibunge, and Baroghorria, crosses the Mabanuddee at Nowabgunj, and leaves the district some four miles further on. Three miles south of English Bazar a branch road leads south-west to Kallachuk. This was kept in repair under the supervision of Mr. H. O. Fergusson, of Kallachuk, at a cost of Rs. 1,050. The most remarkable feature of the Boroghorria road is that its 3rd, 4th, and 5th miles pass through a soil composed of such sticky clay that all the efforts made for many years to render this portion passable during the rains have failed. The Committee have determined, as funds become available, to metal this portion of the road, no cheaper expedient being effective. One mile will be taken in hand during the current year.

12. During the year of report Rs. 3,245 were expended on the Boroghorria road; the centre was raised and the whole reduced to fair order. Rs. 775-12-2 were expended on the road which leads from English Bazar to Rohonpore.

13. A considerable number of fair-weather roads branch out from Chanchal; these are annually repaired under the supervision of Mr. H. R. Reily, the manager of the Chanchal estates. During the year of report the sum of Rs. 3,184-10-6 was expended by Mr. Reily on these roads.

14. The two centres, English Bazar and Chanchal, are connected by a road starting from Amirti on the Dinagepore and Rajmahal road and leading to Debipore. This road had been neglected for many years, it was taken in hand and repaired at a cost of Rs. 1,039-13.

15. A large traffic passes over the road from English Bazar to Amirti; the Road Committee desire gradually to metal this road, and provision has been made for commencing the work next season.

16. A portion of an old imperial road (called the Darjeeling road, being the route before the East Indian Railway was made) passes through the district of Maldah, it lies in a remote and jungly part of the country, where labour is procured with great difficulty. Rs. 58-1-6 were expended on this road during the year.

17. Mr. E. A. F. Mayer, the District Engineer, resigned his appointment in July to go to Bogra on higher pay. He was well up to his work as an Engineer, but was a bad hand at managing his establishment in which friction was constantly appearing. He was also wanting in accuracy, and, on the whole, his resignation was accepted without regret. It has, however, been a great disappointment to myself and to the Committee that the officer selected and nominated in his place has not yet joined, notwithstanding that the period from the 1st October to December is in this district the time when it is most necessary to push on the works.

#### APPENDIX A.

*Abstract of particulars regarding meeting of District Road Committee for the Cess  
Year 1876-77.*

\* Final instruction for the adjustment of the amount has not yet been received from the Accountant-General, Bengal. Agreeably to his letter No. 416T.B., of the 29th October 1877, the Collector was requested to point out the relief receipt schedule in which the amount was credited, but that officer in reply expressed his inability to trace out the entry. The matter will shortly be laid before the Accountant-General, Bengal, with reference to his letter quoted above—*vide* Chairman's No. 215, dated 22nd February 1878.

MALDAH,  
The 1st November 1877. }

F. REES,  
Chairman.

No. 531 P.W., dated Doomka, the 2nd April 1878.

From—T. E. COXHEAD, Esq., C.S.I., Offg. Deputy Commissioner of Sonthal Pergunnahs,

To—The Commissioner of Bhagalpur.

I HAVE the honor to submit my report on the district road work for the year ending September 1877.

2. No change took place in the mode of working during the year. There is no Road Cess Committee, the Road Cess Act not being in force, the Deputy Commissioner exercises the power of Chairman as regards general control.

3. As assistants, he has the sub-divisional officers and the officers at head-quarters.

4. All the roads in the district were under his control during the year, except the Bhagalpur and Soory road; this remained under the Executive Engineer, Bhagalpur Division, until after the close of the year.

5. The establishment sanctioned for the district was one district overseer and four sub-overseers. All these men were appointed in the previous year; of the sub-overseers, two, who were unqualified, were got rid of; the district overseer, who was appointed by Government, and the two remaining sub-overseers, are qualified, and their nomination rolls have gone up for approval. No appointments were made during the year, the vacancies not having been filled up till after its close.

6. The establishment cost less than one-fourth of the income, and on the whole worked satisfactorily.

7. No one employed on the district roads was, so far as is known, interested in any contract work.

8. The Deputy Commissioner as Chairman signed all cheques.

9. In the sunder sub-division work done by contractor is paid for by cheques issued in their favour; petty work and work done by daily labour are paid for by the district overseer out of his imprest, which is recouped by cheques drawn on receipts of accounts of work done.

10. At other sub-divisions the practice is as follows:—cheques are issued in favour of sub-divisional officers for Rs. 1,000 or Rs. 2,000 at a time and from money thus placed at their disposal they pay for work done.

11. The Deputy Commissioner was in camp when the annual accounts were submitted. It was examined by the officer in charge of the office.

12. The only village roads repaired during the year were the Rohinee to Jessidee, and the Rohinee to Deoghur road.

13. The expenditure shown in the accounts as incurred on the Deoghur to Jessidee road should not have been shown under this head. This year it has been classed as No. 7 road.

14. In the same way I think the expenditure of Rs. 141-4-2 should have been added to the sum expended on the northern circular road.

15. I do not know why Mr. Wilmot has separated the sums in his accounts.

16. Major Hills inspected the lines of the Rampore Haut road, the road from Bahawa to Burhait, Burio to Pratapur road, Tinphar to Burio, Godda to Peerpointee. The Superintending Engineer did not come during the year.

17. The most important work done during the year was the construction of the Doomka to Rampore Haut road; the total length of this road is at present 39 miles, of which nearly 30½ miles are in this district and the rest in the Rampore Haut sub-division.

18. By an alteration on the Rampore Haut portion, the length of the road might be reduced about three miles, thus bringing Doomka within 36 miles of the railway station.

19. At present the next most accessible station is Cynthea, 43 miles from Doomka, but as the road crosses the more and many other unbridged rivers and nullahs, communication is very bad during the rains, the dāk even being stopped at times for two days.

20. As the Rampore Haut line goes along the watershed and only crosses a few insignificant nullahs, it can be kept open throughout the year, and its importance is thus evident.

21. Another important work done was the metalling of 11 miles of the Bhagalpur and Soory road, viz. from 49th to the 54th and from 62nd to the 66th mile.

22. There now only remains seven miles of the road unmetalled; this work is being done during the current year, and at its close the whole length of the road in the district, 53 miles and 10 chains, will be metalled throughout.

23. In the head-quarters sub-division the following original works were commenced and finished during the year, viz. metalling a mile and a half of Katicoond road now named as per statement of roads submitted "Doomka to Mooraroe road," about 50 miles in length, of which nearly 20 miles run through the Damiuikoh; constructing the following new roads, a road from Russikpore to Doodhanee, about a mile in length; a road branching off from the 3rd mile of Nulla road and joining the Bhagalpur and Soory road at its 72nd mile, a distance of about two miles; and a third road joining Bhagalpur and Soory road with the road to Rampore Haut about a mile and a half in length; all these roads being included under the head "Doomka station roads."

24. During the year a mile of the road from Pakour to Haranpore, commencing at the railway station, was metalled. The Harindanga road leading from the station passing by the Pakour bazar towards Dhoolian, a distance of about three miles in length, underwent thorough repairs in the shape of renewing metal and repairs to earthwork.

25. General repairs were carried out in all the roads within the sub-division of Rajmehal, viz. road from Bahawa to Burhait, Tinphar to Burio road, Burio to Protapur road, and Sahebgunge to Burhait road, besides the station roads at Rajmehal and the road from Rajmehal to Huduf. No original work of any importance was carried on in the sub-division.

26. In the sub-division of Godda the usual repairs were done on the Peerpointee to Godda, and the Godda to Punjwarah road, which includes the Godda station roads. The most important work in the sub-division is the road from Godda to Punjwarah, it is gradually being made a very good kutcha road. It is intended to join it on to the Bhagalpur and Soory road at Burhait or its neighbourhood.

27. During the year the following works were undertaken in the Deoghur sub-division, viz. constructing a mile of the Jurmoondi road in the Deoghur end of the road from Doomka to Deoghur, metalling the road from Deoghur to Jessidee, and constructing the road from Deoghur to Saruth; these roads were not completed during the year, the first is the main road to Doomka and the necessity for its being put into proper order is obvious.

28. Metalling the roads from Deoghur to Jessidee was another work of great importance. Constant passenger and cart traffic made the road during the rains impassable, and it was almost useless during that season. Now the road could be called in every respect a completed one, if only the Durwa Nulla were bridged over, but this can only be accomplished at considerable expenditure.

\* Of this amount, the famine balance of Rs. 77,208.11.2 will be adjusted in the accounts for the quarter ending 30th June 1878, *sive* Deputy Commissioner's No. 550 P.W. of the 24th April 1878.

*Memorandum of correction attended to since the submission of the quarterly returns of the District Road Fund to accompany the annual accounts for the year 1876-77.*

FROM Rs. 166-10 charged to the office establishment in August 1877, as entered in the fourth quarterly return ending 30th September 1877, Rs. 16-10 paid on account of travelling allowance to the Officiating Accountant has been transferred to its proper head—"Contingency."

From Rs. 85-10 charged in the month of February 1877 in the second quarterly return ending 31st March 1877, under the office contingency, Rs. 76-10 (charged by mistake) has been transferred to its proper head—"Repair." As for final memorandum of item No. 743D., dated 13th December 1877, from the Examiner of Public Works Accounts, Rs. 6-12 has been adjusted by crediting to original works and Rs. 39 to repairs, as shown in the annual accounts, by deducting the same from the totals of their respective heads.

W. SMITH,

The 9th January 1878.

For Offg. Deputy Commissioner, S. P.

*Extract from letter No. 664P.W. of the 7th May 1878, from the Deputy Commissioner of the Sonthal Pergunnahs, to the address of the Commissioner of the Sonthal Pergunnahs.*

"PARA. 4.—Copy of the Accountant-General's Nos. 156B. and 233B., dated the 12th June and 6th July 1877, respectively, agreeably to which Rs. 133 has been shown against the heading 'Refund,' is herewith sent.

"5. The permanent incumbent was on leave, he joined on the 1st August 1877, and the officiating man was allowed Rs. 13-8-7 on account of transit pay, being pay for seven days of August 1877.

"6. Annas 7 should be added to the total of Rs. 12,086-11-0½ under the head 'Maintenance and Repairs,' the same being less entered in the detail against the item of Rs. 510-4-6 in place of Rs. 510-11-6 for repairing Peerpointee road. Rs. 12,087-2-0½ is the correct total as entered in the annual account, and not Rs. 12,807-2-0½ as stated by you.

"7. The item of Rs. 36 Rs. 28-6 and Rs. 2 charged irregularly in the District Road Fund have been expunged from the office copy of the annual account. Please make the necessary correction in the fair copy submitted to your office.

"8. The table of balance referred to will be submitted within four days to the Examiner of Public Works Accounts, who has also called for the same. A copy of which will be forwarded to your office for information."

No. 233B., dated Calcutta, the 6th July 1877.

From—D. BARBOUR, Esq., Offg. Accountant-General of Bengal,  
To—The Deputy Commissioner of Doomka.

In reply to your No. 196T., dated the 4th ultimo, I have the honor to point out that the sum of Rs. 67 should have been credited to the Public Works Department, the staging bungalow being under the control of that department. Be good enough to recover the amount from the Chairman, District Road Committee, and place the same to the credit of the Public Works Department, citing the number and date of this letter in your entry.

No. 156B., dated Calcutta, the 12th June 1877.

From—D. BARBOUR, Esq., Offg. Accountant-General of Bengal,  
To—The Treasury Officer of Doomka.

In reply to your No. 126T., dated 10th ultimo, I have the honor to point out that the sum of Rs. 66 should have been credited to the Public Works Department, the staging bungalow being under the control of that department. Be good enough to recover the amount from the Chairman, District Road Committee, and place the sum to the credit of Public Works Department, citing the number and date of this letter in your entry.

No. 132P.W., dated Bhagalpur, the 27th May 1878.

From—G. N. BARLOW, Esq., c.s.i., Offg. Commissioner of the Bhagalpur Division and Sonthal Pergunnahs,  
To—The Secretary to the Government of Bengal in the Public Works Department.

I HAVE the honor to submit herewith the local improvement report of the Bhagalpur Division and Sonthal Pergunnahs for the cess year 1876-77.

2. *Delay.*—The delay in its submission is owing to the same causes which were mentioned in the last year's report, viz. first, because the reports came in very late; and secondly, because they were incomplete and further information had to be called for. I have taken steps to secure greater punctuality in future.

3. *Constitution of District Committees.*—The Committees appointed under section 49 of the Road Cess Act administer the district road operations of all the districts of this

division except Sonthal Pergunnahs, where the powers of the Committee and Branch Committees are exercised by the Deputy Commissioner and the sub-divisional officers respectively. On the whole, all the Sudder Committees worked satisfactorily during the year.

4. A statement showing the abstract of particulars regarding meetings of District and Branch Committees held during the past year is annexed.

5. *Branch Committees.*—There are also Branch Committees under section 76 of the Act in all the regulation districts of this division except Maldah, where there is no subdivision. Generally the Branch Committees have not worked to the extent required of them.

6. *Changes in the personnel of the Committees.*—On the 25th May 1877 the Government sanctioned the re-appointment of the undermentioned members in Moughyr on the expiry of the term of their service:—

Major Waller.	Baboo Gunga Pershad.
Mr. H. Dear.	Maharaja Sir Joy Mungul Sing.
Baboo Rampershad Dass.	Sheikh Taz Ali.

The following new members were appointed during the year:—

Mr. C. D. C. Winter, Joint-Magistrate, Vice-Chairman.	Shah Mahmooddeen Ahmed.
Mr. E. MacNaughten. Baboo Kumlessure Pershad.	Nawab Shah Abdool Hossein, Khan Bahadoor, one of the members of the Committee, died within the year.

7. In Bhagalpur the following gentlemen were re-appointed members of the District Committee on the 26th January 1877 on the expiration of the term of their service:—

Raja Hurbullub Narain Sing, Bahadoor.	Baboo Soorji Narain Sing.
Baboo Hari Mohun Thakoor.	, Radha Churun Gangooly (since dead).
Mr. James Hennessy.	Mr. T. D. Griffiths.

Surgeon-Major N. B. Baillie and Baboo Sirdharee Lall, whose term of service had also expired, were not re-appointed. The other changes have been noticed by the Chairman of the Committee.

8. In Purneah the gentlemen against whose names the date 8th November 1876 is inserted in the list of members given in Mr. Kemble's report were re-appointed on the expiration of the term of their service except Baboo Soorjoo Mull, a new member. Mr. W. Cumming and Raja Leela Nund Sing were not re-appointed as they never attended a single meeting during the previous year. The name of Moonshee Ausuf Ali was removed for misconduct. The Chairman of the District Committee has been requested to explain why the name of Mr. G. W. Shillingford does not appear in the list of members given in his report for the past cess year.

9. In Maldah the names of the following members, whose term of service expired on the 30th September 1876, were removed from the list of members:—

Baboo Debipershad Dewari.	Baboo Jogessur Chatterjee.
, Guru Churun Dass.	Mr. G. A. Landale.
Gossain Hongro Gir.	Mr. James Masters, District Superintendent.
Moulvie Imdad Ali.	, G. T. G. Smith.

The following members, whose term of service also expired on the 30th September 1876, were re-appointed on the 25th April 1877:—

Mr. L. Grey.	Baboo Krishto Mohun Satiar.
, H. R. Reily.	, Pudo Lochun Shaw.

On the same date the following gentlemen were appointed members in the place of the old members retired:—

Mr. A. H. James, District Superintendent.	Moonshee Jahandar Khan.
, H. D. Fergusson.	Baboo Domun Chunder Shaw.
Baboo Radha Kant Chowdhury.	, Loke Nath Roy.
, Rojonee Kant Dass.	

Baboo Bhoobuneshwar Sing was elected Vice-Chairman of the Road Committee. Mr. C. A. F. Mayer, the District Engineer, was added to the list of members, *vide* the order of Government dated the 20th July 1877.

10. It appears that in Monghyr Mr. W. S. Crowdy, who is a member of the Branch Road Cess Committee of Begoo Serai, is also an additional member of the District Road Committee under section 77 of the Road Cess Act.

11. *Attendance of Members.*—About the attendance of members, Mr. Magrath, Chairman, District Committee of Monghyr, says as follows:—

"It will appear from the table given showing the attendance of members that some of the mofussil members have not attended a single meeting of the Committee within the year. The reason is probably that they wish to avoid extra expenditure which they are likely to incur in coming away from their houses."

The Chairman's remark is hardly, I think, applicable when gentlemen like Maharaja Sir Joy Mungul Sing and Mr. W. S. Crowdy are absentees. I do not see why their names should be retained on the Committee, and have asked the district officer to state if they should not be removed from the list of members.

12. *Powers of Branch Committees.*—No Branch Committees of this division are vested with the full powers of a District Road Committee under section 79 of the Road Cess Act.

In Monghyr the question was discussed, but the Committee unanimously declined to move in the matter. Mr. Kemble of Purneah reports as follows:—

"From what I see of the working of the Branch Committees since their formation, I cannot recommend that any of the Branch Committees should be vested with the full powers of a District Road Committee." I endorse the opinion expressed above.

13. *Removal of the Members of the Branch Committee at Begoo Serai.*—Before the term of their service expired the members were changed, as they seldom attended the meetings, and new members were appointed in their places.

14. *Ex-officio Members.*—The number of ex-officio members did not exceed one-third of the entire number in any of the districts of this division.

15. *Committee's office.*—At Monghyr the District Road Committee occupied a portion of the Magistrate's English Office at Rs. 2 per month, and three rooms of the Samli Cause Court building were occupied by the road cess collecting office at Rs. 20 per month. The rent paid to Government during the past year, including arrears of previous years, amounted to Rs. 1,114; a sum of Rs. 360 was also paid during the same year on account of the rent of the District Engineer's office held at his dwelling-house at Rs. 30 per month.

Considering that the accommodation afforded for their different offices was too small, and the rent paid for them high, the Committee have this year erected a building of their own as an extension of the municipal building sufficient to accommodate all their offices.

16. In Bhagalpur, one room of the collectorate building, 525 superficial feet in area, is in the occupation of the road cess collecting office, and about 100 superficial feet of the Magistrate's English office is occupied by the Committee clerk. For this accommodation the Committee have paid rent at Rs. 12 per month since May 1872.

17. At Purneah two rooms, each measuring 283½ superficial feet, of the Magistrate's additional cutcherrey building are in the occupation of the District Road Committee and of their collecting office. The head clerk and accountant of the Road Cess Committee occupies an additional space of 72 superficial feet in the Collector's court-house. The rent paid for the total accommodation is Rs. 12 a month.

18. At Maldah the road cess collecting office occupies an out-building appertaining to the court-house and 797½ superficial feet in area, for which the rate of rent fixed by the Superintending Engineer is Rs. 16 a month. The rate of rent fixed for a portion of the court-house, 302 superficial feet in area, occupied as an office for the District Engineer and the Road Cess Accountant, is Rs. 10 a month. The total rents payable to Government amounts to Rs. 26 per month.

19. *Meetings.*—The number of meetings held by the District Road Cess Committees and Branch Road Cess Committees of this division is given below:—

Monghyr	...	...	...	6	Soopool	...	...	...	0
Jamui	...	...	...	2	Purneah	...	...	...	6
Begoo Serai	...	...	...	2	Kishengunge	...	...	...	4
Bhagalpur	...	...	...	9	Arrareah	...	...	...	3
Banka	...	...	...	3	Maldah	...	...	...	8
Muddehpura	...	...	...	3					

The district in which the largest number of meetings was held is Bhagalpur. In Monghyr, Purneah, and Maldah the meetings held were in excess of the least number fixed by section 54 of the Road Cess Act. The number of meetings held by the Branch Committees of this division were less than the minimum number fixed by the law, except at Kishengunge. Not a single meeting was held at Soopool, which is attributed to the fact of no allotment having been made to that sub-division. I observe from the budget estimate of the Bhagalpur district that Rs. 4,000 were set aside for all the three sub-divisional committees, but I do not understand why the share of Soopool was not given to it. Both the Sudder and the Branch Committees acted injudiciously in this matter, the former in not allotting funds, and the latter in not insisting upon an allotment. I do not concur in the opinion of the Bhagalpur District Committee about the keeping of the accounts of Branch Committees in the vernacular. The members unacquainted with English might keep their own accounts of the fund placed at their disposal in vernacular if they choose, but as soon as they are filed they should be translated and put into proper form by the ministerial or other officer in charge of the sub-divisional papers. The discussions in the meetings must be in the vernacular to meet the object contemplated.

20. *Quorum.*—The undermentioned memorandum shows the number of meetings of Committees at which there was no quorum:—

	Number of meetings.	Meetings at which there was no quorum.		Number of meetings.	Meetings at which there was no quorum.	
		...	...		...	...
Monghyr	...	6	2	Muddehpura	...	3
Begoo Serai	...	2	1	Arrareah	...	4
Banka	...	3	No information.	Maldah	...	8

At Begoo Serai, now that the entire set of members have been changed, I hope for better results next year. For Muddehpura the Chairman of the District Road Committee will be requested to change the members who did not attend any meeting at all. The District Road Committee of Maldah has shown *nil* in the column of meetings at which there was no quorum, in the statement of abstract of meetings submitted by him, but in a special report called for from this office he states as follows:—"There were two meetings held in November and

April, in which, according to the list of members made in March last (1877), the number of members present fell short of a quorum. The list used before April last (1877) was incorrect. Since I joined this district the law has been carefully complied with in this respect.<sup>23</sup>

21. *Interest taken by members in the transaction of the District and Branch Committees' Business.*—The Chairman of the District Road Committee of Monghyr states as follows:—

"Among the members who took any interest during the year in the transaction of Committees' business for the benefit of any locality was Chowdhury Taz Ali, zemindar of Buktarpore, who volunteered himself to undertake the repairs and improvement of certain village roads in the Buktarpore circle with a sum of Rs. 200, which the Committee advanced him out of the Sudder Village Road Fund. He made considerable improvement to some of the most important village roads adjoining his residence. The next name is that of Mr. MacNaughten of Begoo Serai, who has been re-appointed a member of the District Road Committee from last year."

22. In Bhagalpur the Chairman says that Baboos Soorj Narain Sing and Hurry Mohun Thakur have taken a very active interest in the transactions of the Committee.

23. From Mr. Kemble's report it appears that the following gentlemen have taken actual interest in the affairs of the Committee:—

Mr. H. Cave. ,, C. S. Shillingford.	Baboo Hem Chunder Rai. Mr. McQueen.
--	--

Mr. Forbes of Sultanpore.

Messrs. W. Cumming of Munihari and T. Cruise of Mohenderpore having no connection with the Committee have assisted the District Engineer by looking after repairs.

24. In Maldah the undermentioned gentlemen repaired the roads in their respective localities and visited and superintended the work entrusted to them:—

Mr. H. R. Reily. ,, H. D. Fergusson.	Mr. L. Grey. ,, G. Rice.
---	-----------------------------

Baboo Dharm Narain Dass.

25. *Rates and Collection of Cess.*—In all the regulation districts of this division the cess was levied at the maximum rate. In the Sonthal Pergunnahs the Act has not yet been introduced. The total demand for this division, including the balance of the previous year under head Road Cess on lands, was Rs. 3,39,028, of which a sum of Rs. 3,13,289 was collected and a remission of Rs. 2 was sanctioned, thus leaving a balance of Rs. 25,737 to be realized at close of the year under report.

The average percentage of collection on demand, minus remission, was 92·4, against 89·4 in the previous year. In Purneah and Bhagalpur the percentage rose above 95, while in Monghyr and Maldah it fell short of the same. The highest percentage was in Purneah, being 97·1 and the lowest in Maldah being 85·5.

26. The budgets were regularly prepared by all the Committees, and a most important question in connection with it was raised and decided, viz. the transfer of allotment from one head to another. It was ruled that the Commissioner was competent to sanction such transfers, provided that in cases where the annual estimate may have been passed under section 71 by two-thirds of the members of a Road Cess Committee present at the meeting, the transfers in question require in like manner the approval of two-thirds of the members.

27. *Examination of the annual account.*—The Chairman of the Monghyr District Committee states that a Sub-Committee, consisting of a member and the senior covenanted officer under the Magistrate, was appointed to audit the Committee's annual accounts for the last year. On their reporting that they were satisfied with the accounts, they were passed at a meeting called for the purpose.

The Bhagalpur accounts were examined by a Sub-Committee consisting of Baboos Soorj Narain Sing, Judo Nath Sircar, and Tez Narain.

In Purneah the accounts were examined by the Vice-Chairman, Major Knyvett, Mr. McQueen, and Dr. Picachy.

Regarding the examination of the accounts in Maldah the Chairman states as follows:—

"The monthly accounts were examined by the standing committee from time to time, and under section 88 (of the Road Cess Act) the Vice-Chairman with three members examined the accounts, which, on their report, was passed by the District Committee."

In Purneah and Maldah only was the rule for the examination of the annual accounts correctly observed. The attention of the District Committees of Bhagalpur and Monghyr will be drawn to the matter.

28. The Magistrate of Monghyr and the Accountant-General will be addressed on the subject of the suggestions made by the Sub-Committee appointed for the examination of accounts in Bhagalpur.

29. My remarks on the receipts and disbursements of the several District Committees of the division and of the Deputy Commissioner, Sonthal Pergunnahs, and the works executed by them are annexed.

30. *Works done by contract or daily labour.*—In Monghyr the work is chiefly done by contract; petty works are sometimes executed by daily labour, but to a very small extent. In Bhagalpur and Maldah the works were done partly by contract and partly by daily labour. In the former mostly by daily labour.

In Purneah the works are always let out in contracts. I have no information on the subject from the Sonthal Pergunnahs.

31. *Inspection of district works by the Superintending and Executive Engineers.*—In Monghyr and Maldah no works were inspected by the Superintending Engineer, or the Executive Engineer. In Purneah both the officers inspected roads Nos. 4 and 5. I have not got any information from Bhagalpur. The works inspected by the Executive Engineer in the Sonthal Pergunnahs are detailed in paragraph 16 of the Deputy Commissioner's report.

32. I am decidedly of opinion that the present system of inspection and supervision requires change. There is in fact at present no professional inspector of district works, and there is always delay in getting the estimates approved by officers of the regular Public Works Department. I mooted the subject personally to the Superintending Engineer, who was here the other day, and was not surprised to find him replying that his own regular duties were overwhelming, and that he could not find time to pay full attention to road cess matters. Such a system as this is opposed to the effective and expeditious carrying out of road cess works, and one of its most dangerous results is that occasionally works are begun before estimates are sanctioned. I had during the year under report to authorize the commencement of certain works on my own responsibility in anticipation of sanction. In speaking of this matter I use the word, because it is a fact, as noticed last year, that Committees are already far too prone to avoid observance of the rules and to enter upon works beyond their competence. I have a serious case of this kind now under consideration connected with Bhagalpur. I strongly press upon Government to consider the advisability of remedying this defect. It seems to me that an effective agency for inspection as well as supervision would be afforded, if an additional class was made in the list of Superintending Engineers for the business of road cess only. The cost to be paid by the cess should not be excessive when distributed over several districts, and if professional officers filled the grade, the present system which connects road cess with the department would be preserved. In making these suggestions, I beg that it may be understood that I am not advocating the strengthening of a red-tape system, but I want real control of projects and prompt supervision of work actually done to be introduced.

33. None of the Chairman of District Committees have expressed any opinion regarding their engineers. They have been required to do so. I have personally seen some of the roads in the Sonthal Pergunnahs and Bhagalpur, and my own opinion is that good progress is being made.

The following officers are well spoken of by their District Engineer:—

#### MONGHYR.

Mr. H. S. Phillips, Supervisor.	Baboo Mohendro Nath Sen, Road Sircar.
Moonshee Munneerodin, Overseer.	,, Gopal Chunder Ghuttuck, ditto.

Baboo Mothoora Lal Shome, Head Clerk and Accountant, District Engineer's Office.

There is no information on the subject from Bhagalpur. The Chairman of Purneah has reported on the manner in which the executive establishment worked in his district in the 14th paragraph of his report.

The opinion entertained of Mr. E. A. F. Mayer, the District Engineer of Maldah, is expressed in paragraph 17 of the Committee's report. This officer has now vacated his appointment.

#### *Abstract of particulars regarding meetings of District Road Committees for the year 1876-77.*

Division.	District or Sub-division.	Number of Members forming Committee.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	Number of Members who attended only			
		Official.	Non-official.						Official.	Non-official.	Official.	Non-official.
BHAGALPUR.	Monghyr .....	5	12	6	6	2	7	12	3	4	1	..
	Begoo Serai .....	2	10	4	12	1	4	12	4	1	1	1

## MONGHYR.

Revised statements for this district are herewith submitted. There were slight discrepancies in some of the figures in the statements already submitted. The total receipts of this district, including a balance of Rs. 40,616 5-1 on

\* *Vide* the resolution of Government No. of this district, including a balance of Rs. 40,616 5-1 on the 1st October 1876, were Rs. 1,87,945 9-0; which includes Rs. 12,13-0 on account of one per cent. road fund.\* A sum of Rs. 1,22,585 5-0 was expended during the year as per details given below:—

	Rs. A. P.	Rs. A. P.
Office establishment	5,016 8 9	Tools and plant
Contingent charges	1,680 15 6	Contribution towards famine
Original works	70,223 5 6	Total
Repairs	20,100 0 2	1,22,585 5 0
Executive establishment	17,526 15 1	

The Committee appear to have bestowed greater attention upon their original works than repairs.

The total expenditure incurred on account of establishment was Rs. 22,543, which is less than one-sixth of the total income of the Committee from all sources, amounting to Rs. 1,47,329. The amount expended on account of the executive establishment only, viz. Rs. 17,527, but is one-fifth of the total sum disbursed on account of all works. This is satisfactory.

ORIGINAL WORKS.	Sanctioned estimate. Rs. A. P.
1st class roads—	
Barearpore and Khuruckpore road, 11 miles	Sanctioned estimate. Amount expended during the year as per Part II of the returns 8,889 9 6 Rs. A. P. ... 5,779 0 0

The amount expended on account of the work in excess of the estimate is said to be owing to certain suggestions made by the Superintending Engineer.

Sanctioned estimate.	Sanctioned estimate. Rs. A. P.
Metalling 5 miles of the Khagrah and Sarajgarah 1st class road, No. 2	Sanctioned estimate. Amount expended during the year 1,220 0 6 Rs. A. P. 2,569 0 0

It appears from the remarks of the District Engineer that only about half of the work was finished during the past cess year, and the other half will be completed during the current cess year.

Sanctioned estimate. Rs. A. P.	Sanctioned estimate. Rs. A. P.
Bhagalpur road or No. III first class road	Bariarpore to Goorhat. Amount expended in 1875-76 ... 184 0 1 ... 9,291 0 0 Amount expended in 1876-77 ... 7,559 1 0

The District Engineer says that only a small portion of this work remains to be done. Regarding the Bhagalpur portion of the road, Baboo Ram Rutton Moozumdar states as follows:—

"I visited the Champa nullah and Goorhat road on the 30th November last and found the road in good order excepting cart tracks here and there, and one or two planks unsafe in a bridge beyond Kamergunge. Mr. Decruz has been supplied with a small sum to mend the latter, but the cart tracks will be repaired after lands occupied by cultivators are available after the rubbee crop is over."

## SEETACOOND AND PEERPAHAR ROADS.

1st class roads.—In August 1875 the Government sanctioned the remodelling and metalling of these two roads. A portion of the work was done in 1875-76. The work done during the past cess year is detailed in the accompanying revised account received from the Chairman of the District Road Committee. Very probably it will be completed in the current year. The progress made in these works has been very slow.

2nd class roads, Tirhoot road No. 4.—A sum of Rs. 3,416 13-3 was expended during the year in raising part of the Tirhoot road called the Tegrah bund. The expenditure seems to be a portion of the estimate of Rs. 7,763 referred to in paragraph 4 of your letter No. 548C. of the 17th September 1877. The expenditure shown in the statement of 1875-76 was Rs. 6,122 3-3, which, added to Rs. 3,416 13-3, comes to Rs. 9,539 0-6. Thus there appears to be an excess expenditure of Rs. 1,776 0-6 over the estimate approved of by the Superintending Engineer. In the revised return the Committee shows the estimate to be Rs. 9,846, but it does not appear who sanctioned the same. Much uncertainty hangs over the case of this road that the work is a difficult one is sufficiently established, and yet opinions regarding it are constantly being shifted and changed. For a long time during Mr. Lockwood's incumbency it was declared that the road should remain a fair-weather road, but on the 25th October 1877 the Committee passed an estimate for Rs. 99,723 for raising the road, based upon a project of their engineer that the road would be a complete success if finished as a bund from end to end with three openings at rivers, and would further secure a large tract of country from the Ganges inundation. After spending some time in a vain effort to obtain fuller information regarding the important question, I forwarded the project to the Superintending Engineer calling his attention to the circumstances. No final orders have yet been received.

Jamui and Luckheserai 2nd class road, No. 6, 21 miles.—An estimate for Rs. 2,328 7-2 seems to have been sanctioned by the Committee for raising this road. More than half of the

work appears to have been finished during the year, and the rest completed since then. The road is now fit for traffic.

*Extension of Sultangunge and Arjusgunge road, No. 8, Class II*—The amount sanctioned for this work was Rs. 6,533.

A sum of Rs. 2,287-14-7 was expended during the year. About two-thirds of the works were completed in 1875-76 and the remainder during the past cess year, except a portion of earthwork and turfing which will be done during the present year. The Bhagalpur portion of the road about 13 miles in length is reported to be in excellent order except about 300 or 400 feet of metal not consolidated. This defect has, I believe, been since remedied.

*Jamui to Mullehpore road, No. 10, Class II*.—An estimate for Rs. 9,004 for metalling and providing waterway on this road was sanctioned by this office. A sum of Rs. 1,510-13-8 was expended in 1875-76 and Rs. 7,003-3-7 in 1876-77. It is stated by the District Engineer that almost all the work has been finished excepting a very little which will be done this year.

*Balgozar road, 2nd class, No. 29*.—Estimate sanctioned for Rs. 9,993.\*

*Amount expended during the year*.—Rs. 2,548-5-9.

Although the annual return shows an expenditure of Rs. 2,548-5-9, I have received the completion report of this road, from which it appears that the work was commenced on this road in January 1877 and completed at a cost of Rs. 7,100-10-2. The road has increased the traffic of Railway Company at the Luckheserai station.

### 3RD CLASS ROADS.

*Jamui and Secundra, No. 11, length 12 miles*.—The Government of Bengal, Public Works Department, in its letter No. 2988C. of the 24th August 1876, sanctioned an estimate for Rs. 16,646 for bridging this road. The annual return shows an expenditure of Rs. 15,483-11-2. The works which were commenced and completed within the year have stood well.

*Gangta to Mulchpore, No. 16, Class III*.—The estimate sanctioned for the road is Rs. 12,679, and the amount expended during the year is Rs. 11,708-6-5. The District Engineer says that the work was completed during the cess year 1876-77. The road is now open for traffic.

*Secundra to Nowadar, No. 19, Class III*.—On the 29th May 1877 the Government of Bengal, Public Works Department, sanctioned an estimate for Rs. 27,555 for completing the road from Secundra to Nowada, but nothing appears to have been done on this road during the year except that a sum of Rs. 253 was expended during the year in the acquisition of land required for the road. The total quantity of land required is beeghas 419-10-9; of this, beeghas 42-12 of land were granted as a free gift by Baboo Ram Prosad Dass, and I think an expression of the thanks of Government should be conveyed to that gentleman for his public spirited act.

On the representation of the Commissioner of Patna in his memorandum No. 1467 of the 19th August 1875, I requested the Chairman of the Monghyr Committee to make this road which, when completed, will unite the district of Gya with Monghyr, and I have no doubt the Gya authorities will keep in order this corresponding road from Nowada to Pakrebarawan.

### REPAIRS.

All the roads budgetted seem to have been repaired except the Gidhour road, Nowadi station road. The following memorandum shows the expenditure incurred in the repair of certain roads in excess of their budget grants:—

#### Memorandum.

Name of roads	Amount sanctioned in budget.	Amount expended.	Name of roads	Amount sanctioned in budget.	Amount expended.
	Rs.	Rs. A. P.		Rs.	Rs. A. P.
Jamui to Secundra	180	185 12 6	Puru road	50	92 5 0
Secundra to Luckheserai...	225	344 13 3	Bariarpore to Khuruckpore road	300	484 5 1
Gyriack road, 1st and 2nd section	360	367 14 3	Khogra to Surajgurah road	200	198 4 6
Sheikpurah to Secundra road	340	394 6 0		57	7 3
Burhee Railway station road	600	1,164 3 9			
Chicknghat to Bulhi or Burk-tearpore road	200	230 10 3			
Khagris to Gogree road	100	149 5 7			
					255 11 9

No explanation of the excess expenditure has been submitted.

The general state of the road works in Monghyr I consider to be good, especially for the part south of the Ganges.

### VILLAGE ROADS—SUDDER SUB-DIVISION.

A sum of Rs. 3,704-12-6 was expended in the repairs of the village roads of the Sudder sub-division as detailed in the accompanying revised statement. The Khuruckpore and Gangta road, for the repair of a portion of which a sum of Rs. 290-8-2 were expended during the year, should not have been entered in the class of village roads. It was constructed by the Court of Wards, Durbhunga Raj, and made over to the District Committee for maintenance. A large estimate for raising this road has been made and is pending orders. It is also intended to metal the road.

## BEGOOSERAI SUB-DIVISION.

A sum of Rs. 1,367-8-0 was expended during the year for the repairs of village roads detailed in the revised annual return as well as the Sub-Divisional Officer's report.

With reference to the entry of Rs. 3,000 against the item construction of bunds in the Begoooserai Branch Committee's report No. 7 R.-C. of the 1st January 1878, I beg to state that the amount was advanced to Mr McNaughten of Begoooserai for the construction of a road between the Durbhunga boundary at Sherpore and the Tirhoot road at Bhogowanpore; but as no account has been furnished, it has not been shown in the annual return as an expenditure. There is a difference of opinion between Mr. Magrath and Moulvie Abdool Hye, the Sub-Divisional Officer of Begoooserai, about this work. The latter says that this sum was advanced to Mr McNaughten for the construction of bunds intended for the protection of indigo crops and the Begoooserai Factory. Mr. Magrath says that Moulvie Abdool Hye is quite in error with regard to the road in question. The money paid to Mr. McNaughten was expended in raising the existing road. The bund to which the Deputy Magistrate refers is used as a cart road to Bazidpore, but is too narrow at present for much traffic. This bund Mr. McNaughten erected with the distinct sanction of the late Collector and Road Cess Committee. The subject is under my consideration and has not yet been finally disposed of.

Out of the sum of Rs. 1,367-8-0 shown as expended during the year, Rs. 690 were a portion of the previous year's allotment adjusted in the past cess year.

*Village roads in Jamoee sub-division* — A sum of Rs. 1,000 appears to have been expended during the year for the repair of the village roads in Jamoee sub-division as detailed in the revised annual return.

With reference to the entry of Rs. 300 against the item repair of Sheikpurah village road by Nawab Hadi Hossien Khan, I beg to state that out of this sum Rs. 235-6-0 only were actually expended during the year. The reason of the Chairman's showing the entire sum as an expenditure is that the sum of Rs. 1,000, of which it forms a part, was debited in the treasury accounts to the sub-division. Instructions have been issued to debit actual expenditure only.

*Explanatory Sheets to accompany the annual accounts for the cess year 1876-77.*

## PART II.—RECEIPTS.

The amount shown in the column headed "Amount as per budget-estimate" in the receipt side of the account cannot tally with the actual collections. The reason for which is furnished below against each heading of receipts.

(A) *Cess on lands*.—There is an increase under this of income, as compared with the amount shown in the budget-estimate. There are certain estates for which collections are made by the Bhagalpur Collector for this district, and as the collection for the three previous years was remitted by the Collector during the last year, hence the increase as also for voluntary or advance collections.

(B) *Cess on houses*.—There is a decrease under this head of income, and it is owing to the remissions granted in the three sub-divisions of Monghyr, Jamoee, and Begoooserai, on the ground that most of the houses having fallen down, some parties left the district and in some cases people being quite incapable of paying the tax.

(C) *Road tolls and ferry tolls*.—The income under these heads of income is always uncertain. As the Road Cess Budget is framed in September, and the toll-bars and ferry ghâts are sold in March following, it cannot be ascertained at first at what amount they will be let out; consequently the average of three years' actual collections is always exhibited in the budget.

(D) *Sales of produce and stores and miscellaneous revenue*.—Only a lump sum is shown in the budget under these heads of income.

## PART II.—EXPENDITURE.

(A) *Establishment and contingencies or control and collection*.—The figures exhibited against these headings will not tally with the aggregate of four quarterly returns. A sum of Rs. 200-9-6, the amount of contingent charges having erroneously been shown as establishment charges in one of the quarterly returns, the amount has been deducted from the total amount of establishment charge in the annual account, and the contingencies increased by that sum.

(B) *Original works and repairs*.—The aggregate of the four quarterly returns against these headings will not tally with the amount exhibited in the annual accounts. Certain original works were charged as repairs and certain repairs as original works, respectively. In the annual accounts the mistakes have been rectified and accurate figures shown.

(C) *Establishment on works and tools and plant*.—For want of special headings the amount of contingent charges of the District Engineer's office, Rs. 929-10-5, was included with the charges for tools and plant in the quarterly returns.

In the annual accounts they have been separated.

(D) *Refunds*.—The refund of Rs. 55-4-0 have been struck out from the expenditure shown against several roads to which the refund concerned.

(E) The amount expended in the repairs of inspection bungalows, planting trees, and in acquisition of lands could not be shown along with the expenditure for the road on which they are situated or concerned, as the estimate for the main work does not comprise these expenditures.

(F) The expenditure incurred in defraying the cost of peons entertained for collection of revenue has exceeded the budget grant. No application was made for the transfer of the budget grant, as the excess expenditure was intended to be met out of Rs. 2,000 reserved in the budget for meeting the extra cost of establishment charges.

(1) Repairs to Lakho bridge.  
 (2) Repairs to wooden bridge on the Kujrah road.  
 (3) Repairs to old ferry boat on the Gurkhye Nuddee.

(G) Repairs.—The works noted in the margin were not included in the budget, nor any provision was made for their expenditure. These works were subsequently sanctioned by the Committee after the submission of the budget, considering their expenditure insignificant and proposing to meet them from the general saving of the budget.

(H) Rs. 11,000 has been shown as the budget allotment for the Begoo-serai Branch Committee. Rs. 8,000 was allotted in the budget-estimate and subsequently the Committee made an extra allotment of Rs. 3,000 with the approval of the Commissioner; hence the total sum of Rs. 11,000 has been shown as "Budget grant."

(I) In the same manner Rs. 1,000 was the budget allotment for the Sudder Village Road Fund, but the Committee made a further allotment of Rs. 2,000 towards it; hence Rs. 3,000 shown in the column of "Budget grant."

The expenditure incurred in the following works in excess of the budget provision, and on some no provision was whatever made in the budget, requires explanation. Detailed explanation is furnished against each work separately.

(a) Extension of Sooltangunge and Arzisgunge road.—The budget grant has been exceeded on this work by Rs. 287-14-7 as the work was intended to bring to completion, hence the extra expenditure was incurred intending to meet out of the general saving of the budget.

Budget grant.	Expenditure.
Rs.	Rs. A. P.
2,000	2,387 14 7

(b) Bridging Secundra road.—No provision was made in the budget for execution of this work. The work was undertaken on consideration that its expenditure should be met out of Rs. 7,000 and Rs. 6,000 provided in the budget for the Tirhoot road and the new Sheikpoora roads respectively, as no expenditure was incurred on these works during the year, as also from the savings effected from the estimate for metalling of Ghoorhat road.

(c) Ferry boat on Gurkhye Nuddee.—The estimate for this work was sanctioned by the Committee as it was in their power to sanction. The expenditure was sanctioned in 1876, but the works carried out in 1877; hence the expenditure has been shown in the last year's account.

Budget grant.	Expenditure.
Rs.	Rs. A. P.
.....	436 4 0

(d) Dharrarah road.—The estimate for this work was sanctioned by the Committee as it was in their power to sanction. The expenditure was sanctioned in 1876, but the works carried out in 1877; hence the expenditure has been shown in the last year's account.

Budget grant.	Expenditure.
Rs.	Rs. A. P.
.....	1,086 2 0

(e) Simultolah road.—No work was carried out on this road during the year under reference. Rs. 15 shown as expenditure in the annual account represents the salary of the petty establishment for 1875-76, but as the amount was paid in 1876-77, hence it has been shown in the last year's annual account.

Budget grant.	Expenditure.
Rs.	Rs. A. P.
.....	8,889 7 6

(f) Bridging Khurruckpore road.—The expenditure on this work is in excess of the budget provision. It was owing to certain additional works proposed by the Superintending Engineer in sanctioning the estimate which was carried out along with the main work.

(g) Raising Tegrah bund.—Rs. 1,550 was the budget grant for this work; but the Committee subsequently sanctioned an estimate for its repairs of the flood damage, which sum has also been included with the expenditure.

Budget grant.	Expenditure.
Rs.	Rs. A. P.
1,550	3,416 13 3

(1) Constructing ferry boats on the Angan and Kusel rivers.  
 (2) Raising Luckhsenai to Jamee road.

(h.) The estimates for the marginally noted works were sanctioned by the Committee after the submission of the budget-estimate, consequently no provision for them will appear in the budget-estimate.

(i) Planting trees.—Rs. 1,999 was provided in the budget for this work; but the Committee afterwards made a further allotment of Rs. 2,000, hence Rs. 3,999 has been shown in the column "Amount as per budget-estimate."

C. A. SAMUELLS,

Vice-Chairman, District Road Committee.

#### BHAGALPUR.

The receipts of this district, including Rs. 73,668-14-11, the balance of the previous year, were Rs. 1,91,644-0-4, and the expenditure incurred during the year, inclusive of

Rs. 30,000, paid on account of contribution towards famine relief works, amounted to Rs. 1,69,884-9-11, as per details given below:—

	Rs.	A.	P.
Office establishment	3,888	11	4
Contingent charges	3,219	11	11
Original works	64,841	11	4
Repairs	48,063	1	0
Working establishment	18,259	9	0
Tools and plant	1,611	13	4
Contribution on account of famine, shown in the return under the head of refunds	30,000	0	0
Total	1,69,884	9	11

The amount expended on account of office and working establishment was Rs. 22,148-4-4, which forms a little more than one-fifth of the income of the year, Rs. 1,17,975-1-5. A little less than one-third of the Committee's entire income of Rs. 1,91,644 was expended on account of original works, and a little less than one-fourth of their income was laid out on repairs.

#### ORIGINAL WORKS.

The works on three roads only were done on sanctioned estimates, *viz.*,

1. Muddehpoorah and Shahpoor road.
2. Peerpointee and Barahat road.
3. Bongong and Mohessee road.

It is very unsatisfactory to observe that, out of nearly a score of works entered in the class of original works, estimates were sanctioned for three only. It will be seen that in several cases actual work has not been done, and only materials have been collected, but, in my opinion, that only makes matters a degree better. The continuous defiance of the rules, which place the road cess under professional control, touches upon dangerous ground I have taken prompt steps to check the irregularity, and would have done so earlier had I known how matters stood.

When the works on the Banka and Kutoreeah road were completed, an abstract estimate for Rs. 13,838-1-2 was submitted, to which the sanction of Government was not recorded,—*vide* Government letter No. 2936 of the 6th June 1877.

I now proceed to remark on such works as are deserving of notice.

#### FIRST CLASS ROADS.

*Sultangunge and Arjusgunge road, No 7 of Sudder sub-division.*—The sum of Rs. 1,370, entered against this road in the annual account, represents the value of timber transferred to this from the Soopool and Peepra road, the project for bridging which has been given up by the Committee. No allotment seems to have been made for constructing the proposed bridge over the gap on this road in the current year's budget. The Committee should have either provided funds for this work or transferred the timber to some other work.

#### SECOND CLASS ROADS.

*Chumpanalla, No. 6, from Chumpanalla to Ghorehdt.*—The estimate for this road has not yet been sanctioned. The expenditure of Rs. 685, entered against this work, represents the value of 224 cubic feet of woodwork on the spot.

#### THIRD CLASS ROADS.

*Soopool to Nathpore via Peepra and Protabgunge, No. 4 of the revised statement of roads submitted to Government with this office No. 300P-W. dated 15th August 1877.*—The estimate for this road also has not yet been approved of. The sums of Rs. 2,734-11-11 and Rs. 18,247-7-3 represent the value of materials at site on the first section (Soopool to Peepra) and second section (Peepra to Pertabgunge), respectively. In the latter section a small amount, *viz.*, Rs. 90-13-0 was expended for earthwork.

*Pertabgunge to Beerpore, No. 10 of the Soopool sub-division.*—An estimate for Rs. 27,849 for this road has been approved of by the Superintending Engineer, subject to certain restrictions. The project will be submitted to Government as soon as further remarks of the Superintending Engineer are received in this office. From the remarks of the District Engineer, it appears that two bridges on the 8th and 12th miles have been finished, except nailing of planks, and two culverts in the 6th and 9th miles nearly finished. Rs. 16,953 have been expended on this road during the year.

*Construction of bridges on Muddehpoorah and Shahpore road, No. 3 of Muddehpoorah sub-division.*—An estimate for Rs. 27,587 was sanctioned by the Government, Public Works Department, in its letter No. 2316 of the 16th March last. A sum of Rs. 13,447-9-11 was expended during the year in the construction of bridges up to the 9th mile. A sum of Rs. 4,000 only has been allotted for the work during the current year. The Committee should, I say, allot sufficient funds for the works sanctioned, instead of doing piece-meal works here and there on projects not sanctioned.

*Muddehpoorah or Singhessur to Peepra road, No. 2 of Muddehpoorah sub division.*—An estimate for Rs. 19,652 was made for this road, but was returned disapproved by the Superintending Engineer for want of information, which have not yet been received. The sum of Rs. 4,063-10-11, shown in the annual return as expended on account of the road, is the

value of materials at the site of the road. A sum of Rs. 4,000 has been allotted to the road in the current year's budget.

*Peerpointee and Barahdt road, No. 15 of the Sudder sub-division.*—The amount of the estimate for this road was Rs. 1,059, of which a sum of Rs. 89-7 was expended in 1875-76 and Rs. 649-3 in 1876-77. It is curious that this small work could not be completed in two years. A sum of Rs. 2,195-3 has been expended, without any sanction, in the collection of materials for bridging this road.

*Bhagalpur and Umerpore road, No. 3 of Sudder sub-division.*—No estimate was sanctioned for this road, although Rs. 4,049-12-6 were expended during the year. The District Engineer states that 14 bridges were constructed and the road made passable during the rains up to Umerpore. A sum of Rs. 2,500 has been allotted to this work in the current year's budget, and I do not understand why funds are wanting for the completion of the works as stated by him.

*Banka and Katoria road, No. 1 of Banka sub-division.*—The road does not call for any remarks. It was completed last year.

During the year under review two new village roads were constructed—the one at Juggispore, in Banka sub-division, and the other at Sonadi, in the Muddehpoorah sub-division.

In the following instances the expenditure exceeded the estimate:—

	Estimate. Rs. A. P.	Expenditure. Rs. A. P.
Bridging Bongong and Mohesee road	... 1,551 0 0	1,575 12 3
" Bhagalpur and Umerpore road	... 1,900 0 0	4,055 5 6
" Juggispore road	... 155 0 0	462 11 3

The expenditure on the Bhagalpur and Umerpore road exceeds the limit of the Committee's power of sanction.

*District Road Committee's office building.*—An estimate for Rs. 8,038 has since the close of the year been approved of by the Superintending Engineer and sanctioned by me. The expenditure incurred during the year on this work amounted to Rs. 1,800-13-6, on account of value of materials. It is proposed to make the building on private grounds, on the west of the Collector's cutcherry, the Superintending Engineer having taken objection to the site on Government lands towards the north.

#### REPAIRS.

Of the sum of Rs. 48,063-1 expended on repairs, the following two roads are deserving of notice:—

1. Bhagalpur and Sooree road. | 2. Muddehpoorah road.

It appears from a memorandum signed by the Executive Engineer, Major Hills, that the Bhagalpur and Sooree road, when made over to the present District Engineer, was a little better than a kutch road. I sanctioned an estimate for Rs. 28,063 for the repair of this road, and the District Committee sanctioned an estimate for Rs. 2,485 for the construction of a causeway on the same road. The total of the two estimates comes to Rs. 30,548. The amount expended on this road during the past two years is as follows:—

	Rs. A. P.
1875-76	... 17,399 2 3
1876-77	... 16,942 7 5
Repairing flood damages in 1876-77	... 1,858 2 9
Total	<hr/> 36,199 12 5

It appears from the District Engineer's remarks that the road has been put into drivable order up to the 34th mile, after which eight miles of kutch road are in fair order.

The flood damages near Jugdispore have all been repaired, and a pucca causeway completed. As regards the Muddehpoorah road, I observe that work costing a large sum of money has been done on this road every now and then piece-meal against rules and orders and without any regular project, although it was once thought, after repeated professional inquiries, that a portion of this road was impracticable and must be abandoned. The Committee have boldly entered upon the reconstruction of the road upon the advice of their Engineer. This is the worst case of defiance of rules, and I have called for explanations. The amount expended on the repairs of this road during the year amounts to Rs. 6,118-14-11.

*Emigration roads in Bhagalpur.\**—The north and south emigration roads, constructed

\* North emigration road Patbunga to Bhuppiabher, 16 miles.  
South emigration road from Gopalpore Ghât to Koegzama-vid Singhessur and Sookpore, 22 miles.

by the District Engineer that the north emigration road is entirely a kutch road with bamboo bridges, all of which are rotten and some have fallen down. These are being repaired, as far as possible, with the limited grant.

The south emigration road is bridged, except the last six miles near the Koossee, where also two miles of road are not yet raised. The bridging of that portion will be both difficult and expensive. The surface of the road was very much cut up for want of repairs which are now being done. The bridges will also require repairs but not this year.

The following sums were expended in the repair of the village roads of the district during the past year, viz.:—

SOOPOL.	Rs. A. P.
Kotava and Dhuraga road ... ... ...	1,561 0 0
Soopool station road ... ... ...	437 0 0
Guzna bridge to Bullia and Bullia to Thulha ... ... ...	1,002 0 0
Total ... ... ...	<u>3,000 0 0</u>

This represents expenditure of 1875-76 adjusted in 1876-77.

#### SUDDER SUB-DIVISION.

SUDDER SUB-DIVISION.	Rs. A. P.
Gondole and Sonbursa road ... ... ...	2,025 9 8
Road from Hosseinpore to Shahpore ... ... ...	374 12 3
“ Sonbursa to Lokmanpore ... ... ...	61 12 6
“ Bukunpore to Chukownee ... ... ...	63 4 0
Mudhoorapore road ... ... ...	23 6 9
Narkatis road ... ... ...	40 7 6
Gowripore road ... ... ...	34 6 0
Petty establishment ... ... ...	7 5 3
Total ... ... ...	<u>2,630 15 11</u>

A sum of Rs. 1,471 was expended in the repair of the following village roads in Banka sub-division:—

Station road.

Allyunge bazar road.

Sooryabathan and other small village road tracks, &c.

The charges shown in the annual return under this head do not agree with those entered in the Branch Committee's report. The Chairman will be requested to explain the difference.

#### PURNEAH.

The total receipts from all sources, including Rs. 85,222-6-2, the unexpended balance of the previous year, were Rs. 1,62,725-6-9, and the total expenditure incurred during the year was Rs. 1,05,693-13-2 as per details given below:—

	Rs. A. P.
Office establishment ... ... ...	2,388 6 9
Contingencies ... ... ...	326 2 4
Original works ... ... ...	19,977 15 2
Repairs ... ... ...	40,250 15 11
Executive establishment ... ... ...	17,175 5 11
Famine contribution ... ... ...	25,000 0 0
Tools and plant ... ... ...	574 15 1
Total ... ... ...	<u>1,05,693 13 2</u>

The Committee's income of the year was Rs. 77,503-0-7. The amount expended on account of establishment was Rs 19,563-12-8, which exceeds 25 per cent. of the said income by Rs. 1,880-7-0. I sanctioned this excess of establishment as the Committee had a large surplus outstanding at the close of the preceding year for expenditure within the year, and there were heavy works, including the general survey of roads awaiting completion. The expenditure incurred on account of repairs is greater than the amount laid out on other heads, which shows that the Committee attended to the maintenance of their existing roads. There are no first class roads in this district.

#### CLASS II ROADS.

*Keotgama to Tarapore, 79 miles.*—The first section of this road from Keotgama to Bunbagh Ghât forms the first section of the southern emigration road in this district from Keotgama to Bhopla Tajpore on the Dinagepore boundary. The length of the portion between Keotgama and Bunbagh Ghât is 32 miles. The portion of this from Purneah to Sirsee is a raised road above flood level, and temporarily bridged in eight places. From Sirsee to Keotgama the road is said to be undefined and unformed, and runs through high reed-grass jungle.

The Government has sanctioned an allotment of Rs. 20,000 for the emigration road, for the first section of which estimate was sanctioned by me in January last, but nothing could be done owing to an outbreak of a virulent type of cholera on the west of Purneah. I shall refer to the second section of the emigration road further on.

The second section of the district road No. 1 runs between Manoosmarah to Tarapore, 47 miles in length. A sum of Rs. 3,872-7-3 appears to have been expended in the construction of five masonry culverts and bridges and three pipe drain bridges on the first 25 miles of the road from Purneah. The first 20 miles are said to be open for wheeled conveyances even during the rains. The last portion of this road is bad, and can be traversed with difficulty. Estimates are under preparation for putting the same to rights.

*Road No. 2, or the north emigration road from Nathpore to Etwaree, 91 miles in length.*—A sum of Rs. 3,704-7-6 was expended during the year on account of compensation for land taken up for the road. The Government has promised a grant of

Rs. 9,000 for the improvement of this road, and an estimate for Rs. 9,070 has been submitted accordingly.

*Road No. 3, Patherdewah to Bhopla Tajpore, 78 miles.*—Mr. Kemble reported on this road to Government direct in August last. For facility of reference, I quote his remarks below:—

"The route which travellers from the west to Assam generally adopt is that marked No. 3 on our map. Having crossed the Koosée by one or another of the ghâts at or below Nathpore, they make their way to Mutiari thana, where road No. 2 (the road first mentioned in this note) crosses this road No. 3. From Mutiari to Bussuntpore, 20 miles, the road is in good order and bridged in seven places. As this road starts from Patherdewah on the Nepal frontier, it is much used by hillmen coming down to the Ganges and the plains. It was intended to make a good road from Bussuntpore to join the Ganges and Darjeeling road at Dengrah, but this, owing to the nature of the country, has not been found practicable. The road 33 miles is made, but it is very bad where it crosses the numerous small streams running from the hills into the river Kunkai. Travellers on foot make their way across, but carts have to go down to Purneah, 24 miles, by the road numbered five on our map, whence they work up the Ganges and Darjeeling road and again meet road No. 3 at Dengrah. The section from Dengrah to Bhopla Tajpore on the Dinagepore frontier, I look on as one of the most important roads in the district. Its length is 18 miles. The earthwork is in very fair order, but it wants raising in places. There are 22 temporary wooden bridges on it which are being re-placed by masonry work. Three of these have been made, and others will be put in hand after the rains. Rs. 2,710 have been allotted for earthwork, and Rs. 14,139 for bridges at the last meeting. Funds are provided for making a good bridge over the Sudhanoo river. This road meets at the Najor river a Dinagepore road from Bindole. It is important as it is the direct road from Purneah to Dinagepore and Rungpore, and is connected, as I stated above, by the metalled Ganges and Darjeeling road with the Keotgama road from Bhagalpur No. 1."

An estimate for Rs. 6,093 for the first section of this road from Patherdewah to Bussuntpore, for re-placing seven existing timber bridges and for the construction of three small culverts, has been submitted.

*Second section road No. 3.*—The second section of road No. 3, between Bussuntpore and Dengrah, is stated by the Magistrate to be important, but it is in a very bad state, as between Bussuntpore and Kusba Amour the country is extraordinarily low. From the quotations in the preceding paragraph, it will be seen that carts have to take a very circuitous route to go to Dengrah, and it is very necessary that the direct road should be improved as far as possible. The Committee, however, are against allowing funds for the same. A regular estimate has been prepared, and as it has the approval of the Chairman, I hope he will be able to induce the Committee to make a grant. The portion between Kusbah Amour and Dengrah is a high embanked road, and is stated to be anything but a boon to the country. There are always complaints that it interferes with the irrigation of the country, and on two occasions the road was actually cut by the villagers. The Superintending Engineer was asked by me to furnish me with his opinion as to whether the road could be maintained with certain opening. The matter has been referred to the Chief Engineer.

*Road No. 4, Toolshea to Bhudessure Ghât.*—This road may be naturally divided into two parts—

- (1.) From Toolshea to Kishengunge.
- (2.) From Kishengunge to Bhudessure Ghât.

The latter portion is very important, and is said to be availed of by emigrants coming by the Darjeeling road.

This road is stated to be the best kutcha road in the district with temporary bridges.

During the year under review one culvert was constructed on this road at a cost of Rs. 759-7-3. An estimate for the construction of masonry and timber bridges on this road has been forwarded to the Superintending Engineer for his approval.

*Road No. 5, Purneah to Bussuntpore, 24 miles.*—In April last, I sanctioned an estimate for Rs. 7,139 for completing the construction of this road. A sum of Rs. 806-1-3 was expended during the year in the construction of one bridge and four pipe drain bridges.

*Road No. 12, from Purneah to Madunchuk, 34 miles.*—The project for this road has not yet been approved. A sum of Rs. 1,302-15 was expended during the year in the construction of three culverts on this road.

*Road No. 13, Purneah to Hyatpore, 54 miles.*—In December 1877, the Government of Bengal sanctioned an estimate for the construction of the first section of this road from Manusmara to Saifgunge, at a cost of Rs. 27,743. Of this amount, Rs. 14,032 were for culverts, five of which only were constructed during the past year at a cost of Rs. 3,939-10.

*Road No. 14, Purneah to Sowragudee.*—The project for this road has not yet been approved of. A sum of Rs. 906-5 was expended on this road during the past cess year in the construction of three wooden bridges and three pipe drain bridges.

*Road No. 17, Gondwarrah to Saifgunge.*—The estimate for this road, it is stated, is under preparation. Two bridges were constructed on it by Mr. H. Cave, a member of the Committee.

*Road No. 24, Saifgunge to Mohunderpore, 15 miles.*—Estimate not yet approved. A sum of Rs. 408-3 was expended on this road in the construction of one wooden bridge at Bhowarah.

*Road No. 25, Chaklah to Koary, 10 miles.*—The project also of this road has not been approved. One wooden bridge and a culvert were constructed during the year on two village roads in the district. Referring to the question of the Purneah District Committee beginning certain works before the projects were regularly sanctioned, Mr. Kemble wrote as follows:—

"I have told Mr. Fernie to proceed with the works as if he was working on estimates formally sanctioned. In this I hope I have your approval. Had we waited till regular estimates and plans had been sent in, nothing would have been done, and another year would have been lost; as it is most satisfactory progress is being made."

I authorized him to proceed, in anticipation of sanction, with such works entered in the statement that he submitted as had already received the approval of competent engineers of the special Public Works Department, but I warned him that in these cases also regular plans and estimates must be submitted for approval with the least possible delay.

#### REPAIRS.

Of the amount of Rs. 40,250-15-11 expended in the repair of roads, Rs. 35,686-4-10, inclusive of a sum of Rs. 14-13-9 laid out on Belwa bunds, were disbursed for the repair of the district roads. In the following instances the expenditure on repairs, which exceeds the Committee's power of sanction, was incurred before the estimates were approved of:—

	Rs. A. P.
Road No. 3, Patherdewah to Bhopla Tajpore .....	4,795 5 3
,, No. 13, Purneah to Hyatpore .....	4,420 14 9

Rs. 4,564-11-1 were expended on the repair of village roads in the three sub-divisions of the district as per details given below:—

	Rs. A. P.
Sudder sub-division .....	2,777 9 3
Kishengunge .....	1,051 14 10
Arrareah .....	735 3 0
Total .....	<u>4,564 11 1</u>

On the whole, I am satisfied with the state of affairs in Purneah, and consider that the District Engineer deserves credit for the way he has done his work.

#### MALDAH.

The total receipts of the district from all sources, including a balance of Rs. 24,326-11-8, were Rs. 68,319-8-7, and the total expenditure, inclusive of a famine contribution of Rs. 5,000, was Rs. 37,087-8-7. The following is an abstract of the expenditure incurred during the year:—

	Rs. A. P.		Rs. A. P.
Office establishment .....	2,329 15 2	Tools and plant .....	745 9 0
Contingencies .....	426 7 1	Contribution for relief works .....	5,000 0 0
Original works .....	10,000 0 0	Total .....	<u>37,087 8 7</u>
Repairs .....	12,431 6 4		
Working establishment .....	6,154 3 0		

The total expenditure incurred on account of office and working establishment was Rs. 8,484-2-2, which does not exceed 25 per cent. of the entire income of the year, amounting to Rs. 43,992-12-11.

The sum of Rs. 10,000 entered under the head of original works, represents the amount advanced to the manager of the Chanchal ward's estates, in his capacity of circle relief officer, for expenditure on relief works during the famine of 1874.

During the year under review a sum of Rs. 12,431-6-4 was expended on repairs, as per details given in Part II of the return.

Of the amount expended on repairs, the largest items were laid out on the following roads:—

	Rs. A. P.		Rs. A. P.
Dinagepore and Rajmehal road, 42 miles .....	2,135 15 5	Hyatpore, Dowlupore, and Tool- seegunge .....	527 6 0
Barogharia road down to boun- dry .....	3,245 0 11	Kusba, Chanchal, and Toolsee- gunge .....	1,373 9 0
Rokunpore road .....	775 12 2	Nowabgunge and Jheelun road .....	670 4 5
Amirti Ariadanga to Debipore road .....	1,039 13 0	English Bazar and Amirti road .....	528 2 11

No less than ten estimates were made for the repair of the Dinagepore and Rajmehal road. The total of these estimates amounted to Rs. 4,206-13-9, which is beyond the power of the Committee to sanction, under paragraph 30 of the Government resolution No. 1209 of the 8th March 1875. I think that the principal of the rule prohibiting to carrying on piece-meal works is also applicable to repairs, otherwise the necessity for the submission of the estimates for the repair of works will be done away with.

I also observe that more than one estimate was made for the repair of the undermentioned roads:—

- Repairs to English Bazar and Amirti road.
- ," to Barogharia road.
- ," to Nowabgunge and Jheelun road.
- ," to road from Mukempore to Parbatipore.

Works were done on all the roads entered in the budget-estimate for the year, with the exception of the road from Toolsegunge to Sheikh Satoon and the Maldah course. About the former the Chairman says as follows:—

"There was no expenditure on account of the road from Toolsegunge to Sheikh Satoon, because the road was in pretty fair order; and, as the traffic is extremely small, I did not think it necessary to expend any money on it."

The Maldah course was probably not repaired on account of its situation within the municipal boundaries.

#### SONTHAL PERGUNNAHS.

On the 1st October 1876 there was a gross balance of Rs. 99,156-15-4. Of this amount, the Government of Bengal, in the Financial Department, in its memorandum No. 4404 of 29th December 1877, sanctioned adjustment of Rs. 77,208-11-2½ by charging the same under the head of original works in the District Road Fund account, recording such details as are available, but the amount has not yet been adjusted, as the Deputy Commissioner has not received the available vouchers from the Comptroller's office.

The receipts of the year, including a sum of Rs. 170-6-11, credited to the account under the head of one per cent. road fund, were Rs. 26,273-14-11, exclusive of the cash balance of Rs. 17,329-6-8. The amount actually available for expenditure was Rs. 43,603-5-7. The total expenditure incurred during the year amounted to Rs. 27,397-3-6½ as per details given below:—

	Rs. A. P.		Rs. A. P.
Office establishment	764 12 3	Tools and plant	95 15 4
Contingent charges	445 6 7	Refund	133 0 0
Repairs	12,087 2 0½		
Original works	9,020 11 0	Total	27,397 3 6½
Executive establishment	4,850 4 4		

The amount expended on account of both the office and executive establishment is Rs. 5,615-0-7, which does not exceed 25 per cent. of the entire income of the year, Rs. 26,273-14-11. The greater portion of the income of the district was expended on repairs, which shows that the Deputy Commissioner paid greater attention to the maintenance of the roads of his district.

#### ORIGINAL WORKS.

Of the sum of Rs. 9,020-11 expended on account of the original works during the year, the largest sums were spent on the following two roads:—

	Rs. A. P.
Constructing a road from Doomka to Rampore Haut	4,859 13 2
Metalling Bhagulpur and Soory road	1,330 12 0

The former is a very important road, and was undertaken with a view to connect Doomka with the nearest station on the railway. The Government is already aware of the circumstances under which this road was taken in hand. The project proved successful. The road is now open as a good kutchha one, but it is proposed to improve it further by metalling and bridging in a few places which require improvement, notwithstanding that the natural line is so unusually good. For the latter work an estimate for Rs. 8,163 was sanctioned, but only Rs. 1,330-12 was expended during the year, and I think that the sum of Rs. 345-7, entered against the item spreading and consolidating metal in the class repairs, should have been included with this item.

As the Deputy Commissioner has neither submitted his annual account in the new form prescribed by the Government, nor supplied the additional informations called for by me, I am not in a position to make any remarks on the other original works entered in the statement.

#### REPAIRS.

Of the sum of Rs. 12,087-2-0½ expended on repairs, the following items are deserving of notice:—

	Estimate sanctioned.	Expended.
	Rs. A. P.	Rs. A. P.
Pakour to Hirapore road	1,250 0 0	1,470 6 2
Collecting metal for annual repairs to Bhagulpore and Soory road	1,123 0 0	1,157 2 9

In both these cases the expenditure incurred was in excess of the estimate, and the necessary sanction for such extra expenditure should have been obtained. The Deputy Commissioner has irregularly shown the following charges in his account:—

	Rs. A. P.
Salary of Muddehpur Dak Bungalow servants	... 36 0 0
Value of forks purchased for Muddehpur Dak Bungalow	... 28 6 0
Surveying new site of jail	... 2 0 0
Refunds	... 133 0 0

Very little attention was paid to the village roads in this district, as only the undermentioned two roads were repaired during the year at the cost stated against them:—

Rs. A. P.	Rs. A. P.
Rohinee to Jesidee	122 7 9

The brackets against these items in the annual account seem to have been incorrectly entered to the Burmaseea road, being a part of the Northern Circular road.

# The Calcutta Gazette.

WEDNESDAY, JULY 17, 1878.

## PART II.

### Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Maldah, will be put up to sale at the Maldah Collectorate on the 24th August 1878, corresponding with 9th Bhadro 1285 Bengali.

The purchasers will be subject to the following conditions of sale:—

#### CONDITIONS OF SALE.

1st.—The estates to be sold to the highest bidders above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money should not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid is to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Number in statement of Government estates.	Number on the district roll.	Name of estate and pergannah.	Approximate area in acres.	Government revenue assessed.	Upset price.

## Simla Water-Supply Works.

## NOTICE TO CONTRACTORS.

TENDERS are hereby invited for the construction of the Simla Water-Supply Works including all materials necessary for the same.

The Drawings, Specifications and Estimates of the works may be seen daily from 11 till 4 o'clock, Sundays and holidays excepted, at undersigned's office.

Forms of Tender with schedules of quantities of works, and two specifications comprising the conditions under which the contract works are to be executed, can be obtained from undersigned on remitting twenty rupees in advance payment thereof.

The contractor whose tender may be accepted will have to take over at a valuation any specified works which may be in progress by Government Agency at date of his Tender's acceptance. The valuation will not exceed the cost of work executed at estimated rates.

The lowest or any tender will not necessarily be accepted.

No Tender will be entertained except it be on the approved Form.

Tenders are to be forwarded to undersigned in registered covers superscribed "Tender for Simla Water-Supply Works" so as to reach him not later than 20th August 1878.

W. SMITH, C.E., Supdg. Engr.,  
SIMLA, 20th May 1878. Simla Imperial Circle.

## PART II.

### Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Maldah, will be put up to sale at the Maldah Collectorate on the 24th August 1878, corresponding with 9th Bhadro 1285 Bengali.

The purchasers will be subject to the following conditions of sale:—

#### CONDITIONS OF SALE.

1st.—The estates to be sold to the highest bidders above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money should not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid is to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Number in statement of Government estates.	Number on the district roll.	Name of estate and pergunnah.	Approximate area in acres.	Government revenue assessed.	Upset price.

MALDAH COLLECTOR'S OFFICE, the 8th June 1878.

R. PORCH, *Offy. Collector.*

**NOTICE** is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of 24-Pergunnahs, will be put to sale at the Alipore Collectorate on Monday, the 19th August 1878, corresponding with 4th Bhadro 1285 B. S.

The sale will be subject to the following conditions :—

CONDITIONS OF SALE.

1st.—The estates to be sold to the highest bidder above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estates to be again put up to sale at the risk of the defaulting purchasers after issue of advertisement as in the case of original sale.

MOZUFFERPORE COLLECTORATE, the 11th July 1878.

C. F. WORSLEY, Collector.

**N**OTICE is hereby given, under section 6, Act XI of 1859, that the undermentioned estates in the district of Shahabad will be put up to public and unreserved sale at the Collector's office of that district, on the 19th day of August 1878, for arrears of revenue and other demands, which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue, due on the 7th day of June 1878.

## CLASS I.—Permanently-settled Estates.

No. 236.—Mehal Mirzapore, pergannah Arrah; sunder jumma of the entire mehal Rs. 1,533-0-6; recorded proprietors Mahabir Pershad, &c. The estate is a permanently-settled one. Excepting the shares of proprietors with whom separate account has been opened under section 10, Act XI of 1859, and who pay their revenue amounting to Rs. 73-7-5½ separately, the shares of the above proprietors, being one anna, and bearing a sunder jumma of Rs. 1,209-14-4, will be sold for arrears of Government revenue amounting to Rs. 103-2-6.

No. 418.—Mehal Soohia, pergannah Behea; recorded proprietors Dewan Ramjiawun Sinha and Baboo Ram Coomar Sinha; sunder jumma Rs. 4,253-13-10. The estate is a permanently-settled one, and will be sold for arrears of Government revenue amounting to Rs. 35-10-10.

## CLASS II.—Temporarily-settled Estates.

No. 695.—Mehal Indour Patti, Jia Singh, pergannah Chowsa; recorded proprietors Ram Chander Singh, &c.; sunder jumma Rs. 1,336-9-0. The estate is a temporarily-settled one, and will be sold for arrears of Government revenue amounting to Rs. 61-0-0.

No. 917.—Mehal Kathtar, pergannah Chowsa; recorded proprietors Nowbat Rai, &c.; sunder jumma Rs. 1,035. The estate is a temporarily settled one, and will be sold for arrears of Government revenue amounting to Rs. 74-9-6.

CLASS I.—Permanently-settled Estates.

No. 2063.—Mehal Rehal, pergannah Rhotas; recorded proprietors Maharaj Coomar, &c.; sunder jumma Rs. 573-0-6. The estate is a permanently-settled one, and will be put up to sale for arrears of Government revenue amounting to Rs. 144-6-8.

No. 3490.—Mehal Diareh Chanchar, pergannah Behea; recorded proprietor Ajodhya Doobe; sunder jumma of entire mehal is Rs. 792. The estate is a permanently-settled one. Excepting the shares of other proprietors, the share of the abovenamed proprietor, with whom separate account has been opened under section 10, Act XI of 1859, being 2 annas and bearing a sunder jumma of Rs. 99-0-4 3 krants, will be put up for sale for arrears of Government revenue amounting to Rs. 42-0-3.

SHAHABAD COLLECTORATE, the 2nd July 1878.

J. WARE EDGAR, Offg. Collector.

NOTICE is hereby given that the undermentioned estates and shares of estates, the property of Baboo Despotti Singh, minor, adopted son of the late Baboo Bendeseree Pershad Singh, which are under the management of the Court of Wards, will be sold by public auction in the Shahabad Collectorate on the 15th August 1878, under orders of the Board and the District Judge.

The conditions of sale are as follows:—

1. That the purchaser of any estate or shares of any estate shall be required to deposit immediately, or as soon after the conclusion of the sale of the estate or share as the Collector may think necessary, either in cash or Bank of Bengal notes, 25 per cent. on the amount of his bid, and in default of such deposit, the estate or share shall forthwith be put up again and sold.

2. That the full amount of purchase-money shall be made good by the purchaser before sunset of the 15th, say from that on which the sale of the estate or share of an estate bought by him took place, reckoning that day as one of the 15th, or if the 15th day be a Sunday or other close holiday, then on the first office day after the 15th, and in default of payment within the prescribed period as aforesaid the deposit shall be forfeited, the estate or share shall be resold, and the defaulting purchaser forfeit all claim to the estate or share or to any part of the sum for which it may subsequently be sold, and in the event of the proceeds of the sale which may be eventually consummated being less than the price bid by the defaulting bidder aforesaid, the difference shall be recovered from him.

**Simla Water-Supply Works.****NOTICE TO CONTRACTORS.**

TENDERS are hereby invited for the construction of the Simla Water-Supply Works including all materials necessary for the same.

The Drawings, Specifications and Estimates of the works may be seen daily from 11 till 4 o'clock, Sundays and holidays excepted, at undersigned's office.

Forms of Tender with schedules of quantities of works, and two specifications comprising the conditions under which the contract works are to be executed, can be obtained from undersigned on remitting twenty rupees in advance payment thereof.

The contractor whose tender may be accepted will have to take over at a valuation any specified works which may be in progress by Government Agency at date of his Tender's acceptance. The valuation will not exceed the cost of work executed at estimated rates.

The lowest or any tender will not necessarily be accepted.

No Tender will be entertained except it be on the approved Form.

Tenders are to be forwarded to undersigned in registered covers superscribed "Tender for Simla Water-Supply Works" so as to reach him not later than 20th August 1878.

Wm. SMITH, c.e., Supdg. Engr.,  
SIMLA, 20th May 1878. Simla Imperial Circle.

Insolvent in person.

*Chief Clerk's Office, the 22nd day of July 1878.*

#### POSTAL NOTICES.

No. 3649.

(SEE PARTICULARLY REVISED INSURANCE RATES, WITH EFFECT FROM THE 1ST AUGUST 1878.)

If it is desired to insure a registered letter or parcel—

Close the letter or parcel securely. If it is a letter, seal it in the centre and at the four corners of the envelope (which should be a substantial one) with distinct impressions of some device other than that of a current coin. If it is a parcel, pack it in cloth, wax-cloth, or tin, and if packed in cloth or wax-cloth, put similar seals at intervals not exceeding 3 inches along the lines of sewing.

Prepay the postage (as for a registered letter or for a parcel) by affixing postage labels. Certify the declared value in words and figures immediately above the address, as in the sample given on the margin.

Present the letter or parcel at the post office window during registration hours with a declaration\* of the nature and value of the contents, and with money to pay the insurance fee at the following rates (with effect from the 1st August 1878):—  
When the value certified does not exceed Rs. 50 ..... 2 as.  
When the value certified does not exceed Rs. 100 ..... 4 as.  
and 4 annas for every additional Rs. 100 or fraction thereof.

\* Specimen of declaration.

This letter (or parcel) addressed to Major G. H. GRANTLEY, 15TH HUSSARS, Muttra,			
is declared by us, the senders, to contain the following articles, viz.:—			
A gold ring value Rs. 80 And currency note Rs. 100			
No. — 46559	20	20	
12			
Total value	100		
Signature and Date.			

The post office receipt will acknowledge the insurance.

The post office is prohibited by rule from receiving coin, bullion, precious stones or jewels, for transmission by post in either letters or parcels unless they are insured.

If it is desired that the value of the contents of a parcel should be recovered from the addressee and paid to the sender—

Close the parcel carefully and seal it as described above for insured parcels. Present it at the post office window within registration hours with a memorandum containing—

The name and address of the sender in full.

The name and address of the addressee in full.

Value of the contents recoverable from the addressee.

Date of posting.

Prepayment of the parcel is optional.

The post office receipt will show the value recoverable from the addressee, and give all needful information with regard to the payment to the sender.

If it is desired to obtain an acknowledgment from the addressee of a registered article or parcel—

Fix additional stamps of the value of one anna on the registered article or the parcel, and present it at the post office window within registration hours, furnishing in writing or verbally the name and full address of the sender. The post office receipt will indicate that an acknowledgment is due.

If a certificate of posting is desired—

Write a copy of the address as given on the article on a slip of paper or in a book and affix a half-anna postage label to it. Present the article and the written copy of the address at the post office window at least half an hour before the hour fixed for closing the mail for which it is intended. The post office will stamp the written copy as a certificate of the posting of the article. This certificate will not obtain for the article any special security in transit; it is merely a certificate of posting, the article being treated like any other article put in the letter box. This rule does not apply to registered articles and parcels for which *receipts* are given.

BERHAMPORE, the 22nd July 1878.**Central Provinces' Gazetteer.**

EDITION OF 1870 in one VOL.

A LIMITED number of the above work, strongly bound in cloth, octavo size, for sale at Rs. 12 per vol., exclusive of postage charge. Apply to—  
 MESSRS. THACKER, Vining, Bombay,  
 MESSRS. THACKER, SPINK & CO., Calcutta, or  
 SUPDT., CHIEF COMMRS. OFFICE, Nagpur.

**New Criminal Procedure Code.**

OFFICERS under the Bengal Government, who wish to have copies of the New Criminal Procedure Code *on sale*, are requested to apply to the Superintendent of Government Printing, Calcutta.

**The Indian Law Reports.**

*Published under Authority of the Governor-General  
in Council.*

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

*Terms of subscription, payable annually in advance.*

Without postage. With postage.

For the Calcutta Series...	Rs. 35	Rs. 40
" Madras Series ...	" 8	" 9
" Bombay Series ...	" 8	" 9
" Allahabad Series ...	" 8	" 9
Complete set ...	... 45	" 50

The Price of each part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a part of the Calcutta Series	... 3 8
" Madras Series	... 1 0
" Bombay Series	... 1 0
" Allahabad Series	... 1 0
Complete set	... 4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;

THACKER, VINING AND CO.;

HIGGINBOTHAM AND CO., MADRAS;

THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;

THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

JOHN ELIOT, M.A., Meteorological Reporter to the Govt. of Bengal.

CALCUTTA, the 26th August 1875.

**Notes on Forestry.**

By C. F. AMERY.

Deputy Conservator, Forests, N.W. Provinces.

THIS little work, published with the approval of the Government of India, treats of the general principles of forest management in all its branches, and is recommended not only to forest officers, but to all who are interested in the progress of forest management in this country.

May be obtained of Messrs. King, King & Co., Bombay, and of Messrs. Wyman & Co., Calcutta. Price, Rs. 3 8, or including postage, Rs. 4. Or of the publishers, Messrs. Trübner & Co., Ludgate Hill, London. Price five shillings.

The following books are for sale at the Office of the Superintendent Government Printing, No. 8, Hastings Street. No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every rupee's worth of stamps for discount in exchanging them for cash. Service labels are not received.

Books required on the public service are only supplied when authorized by Local Governments and Administrations.

*Just Published.*

## PART II.

### Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Maldah, will be put up to sale at the Maldah Collectorate on the 24th August 1878, corresponding with 9th Bhadro 1285 Bengali.

The purchasers will be subject to the following conditions of sale:—

#### CONDITIONS OF SALE.

1st.—The estates to be sold to the highest bidders above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money should not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid is to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Number in statement of Government estates.	Number on the district roll.	Name of estate and pergunnah.	Approximate area in acres.	Government revenue assessed.		Upset price.

BURDWAN COLLECTORATE, the 27th July 1878.

W. R. LARMINIE, Collector.

NOTICE is hereby given that the undermentioned estates and shares of estates, the property of Baboo Despoty Singh, minor, adopted son of the late Baboo Bendeseree Pershad Singh, which are under the management of the Court of Wards, will be sold by public auction in the Shahabad Collectorate on the 15th August 1878, under orders of the Board and the District Judge.

\* The conditions of sale are as follows:—

- That the purchaser of any estate or shares of any estate shall be required to deposit immediately, or as soon after the conclusion of the sale of the estate or share as the Collector may think necessary, either in cash or Bank of Bengal notes, 25 per cent, on the amount of his bid, and in default of such deposit, the estate or share shall forthwith be put up again and sold.

2. That the full amount of purchase-money shall be made good by the purchaser before sunset of the 15th, say from that on which the sale of the estate or share of an estate bought by him took place, reckoning that day as one of the 15th, or if the 15th day be a Sunday or other close holiday, then on the first office day after the 15th, and in default of payment within the prescribed period as aforesaid the deposit shall be forfeited, the estate or share shall be resold, and the defaulting purchaser forfeit all claim to the estate or share or to any part of the sum for which it may subsequently be sold, and in the event of the proceeds of the sale which may be eventually consummated being less than the price bid by the defaulting bidder aforesaid, the difference shall be recovered from him.

CALCUTTA, the 27th July 1878.

(449—1)

G. H. SIMMONS, Secretary.

**COMMISSIONERS FOR MAKING IMPROVEMENTS IN THE PORT OF CALCUTTA.**

**Notice.**

THE following revision of the scale of charges on goods landed at the jetties, having been approved by His Honor the Lieutenant-Governor of Bengal, is now published for general information, in accordance with the provisions of section 65, Act V (B.C.) of 1870, and will come into force from the first day of August 1878.

By order of the Commissioners,

G. H. SIMMONS,

*Secretary.*

27th July 1878.

**SCHEDULE A.**

*Revised Scale of Charges and Rent to be paid by Owners, Importers, or Consignees for goods landed at the Jetties, and for their removal, when not cleared within forty-eight hours to the Custom House or Commissioners' Import Warehouse.*

DESCRIPTION.	Landing charges at the Jetties.	For removal of goods, not claimed within 48 hours, to the Custom House or Import Ware- house.		Rent per month to be charged at the Import Ware- house, at Wharf, and at Jetty sheds, on all goods not claimed within 48 hours.

<i>Charges by Weight.</i>			
334 On all goods not enumerated chargeable by weight, and not exceeding 2 tons, per cwt. ... ... ... ...	0 1 6	0 0 9	0 8 0
335 On all goods exceeding 2 tons and not exceeding 4 tons, per cwt. ... ... ... ...	0 2 0	0 1 0	0 8 0
336 On all goods exceeding 4 tons and not exceeding 10 tons, per cwt. ... ... ... ...	0 4 0	0 2 0	0 8 0
337 On all goods exceeding 10 tons, per cwt. ... ... ... ...	0 8 0	0 4 0	0 8 0

- Consignees must provide coolies for loading carts.
- On all packages exceeding four tons in weight, the removal charge will, under all circumstances, have to be paid if consignees do not take delivery at the jetty head.
- The rate for unloading into boats will be one-third of the landing charges. No cargo will be allowed to be put into boats, if it is to be landed on the Calcutta bank of the river between Chitpore Canal and Tolly's Nullah. For rails and iron-sleepers the charge will be *one-fifth* of the landing charges; but vessels discharging into boats under this rule may, after 36 hours' notice in writing, be required to haul out to moorings in the stream if the Commissioners require the jetty.
- Every ship unloading at the jetties will be charged Rs. 35 per diem.
- No charge for wharf-rent will be made until the third day after landing, e.g., goods landed on Monday will not be liable to wharf-rent if removed before Wednesday evening, and no charge for wharf-rent will be made for holidays when, owing to the Custom House being shut, consignees are unable, without any fault on their part, to clear their goods.
- Damaged goods, for which a claim is brought against the ship, will not be charged wharf-rent until the fourth day after landing; provided notice of survey is given to the Jetty Superintendent within 48 hours after the goods have been received from the ship.

*Scale of Charges for use of 30-ton Floating Crane.*

By order of the Commissioners,

W.M. DUFF BRUCE,

Vice-Chairman.

THE following BYE-LAWS, made by the Commissioners for the Town of Calcutta under section 340, Act IV (B.C.) of 1876, are published for general information under section 343 of the Act.

Under the provisions of section 340 of Act IV of 1876 the following bye-laws are made. Section 345 of the Act provides that "whoever infringes any bye-law made and confirmed under this Act shall be liable to a fine not exceeding twenty rupees, and to a further fine, not exceeding ten rupees, for each day during which the offence is continued after he has been convicted of such offence."

#### WATER SUPPLY.

1. No person shall wash or cleanse, or cause to be washed or cleansed, in

Washing animals in the streets.

any public street, lane, or thoroughfare, or in, upon, or by the side of, any tank, reservoir, aqueduct, well, cistern, conduit, or other water-works belonging to the Commissioners, and provided by them for the domestic use of the inhabitants of the town, any vehicle, carriage, cart, dog, horse, or other animal.

2. No person shall wash, cleanse, or cause to be washed or cleansed, in

Washing apparel, &c.

any public street, lane, or thoroughfare, or in, upon, or by the side of, any tank, reservoir, aqueduct, well, cistern, conduit, stand-pipe, or other water-works belonging to the Commissioners [and provided by them for the domestic use of the inhabitants of the town], any wool, cloth, or wearing apparel, or any utensil for cooking or other purposes, or leather or skins of any animal, or any foul or offensive thing.

3. No person of one sex shall bathe in any

Places of bathing set apart for persons of either sex.

bathing place belonging to, and set apart by the Commissioners for the use of persons of the other sex.

4. No person suffering from any contagious disease shall bathe in any

Diseased persons not to bathe in public tanks.

bathing place belonging to the Commissioners.

5. The making of the communication between the Municipal mains and premises is exclusively under the control of the Commissioners, and no person shall make any such connection except under the supervision of the Commissioners.

6. All stop-cocks shall have at least the same water-way as the pipes to which they are attached, and shall be of a pattern approved of by the Engineer to the Corporation.

7. Should any leakage occur in a communication pipe, cistern, tap or other water-fittings, the owner or occupier shall within 48 hours engage an authorized plumber and have the repairs effected within 12 hours.

8. Water for ornamental or business purposes must be taken through a meter, the working of which is to be approved of by the Engineer to the Corpora-

tion. The meter shall be provided, and any repairs which may be necessary from time to time carried out, at the cost of the person taking the supply. The meter shall be of a pattern, and be fixed in a position to be approved of by the Commissioners through their officers.

9. No person shall put up any cistern at any latrine or water-closet, or increase the size of such cistern, without the previous sanction of the Commissioners.

#### MARKETS.

10. No owner, occupier, or farmer of any market, bazaar and slaughter-houses to be kept clean.

Markets, bazars and slaughter-houses to be kept clean.

or vegetables, or of any slaughter-house within the limits of the town of Calcutta shall keep, or allow the same to be kept, in a filthy or unclean state.

11. Every owner, occupier, or farmer of

Filth to be removed every twenty-four hours.

slaughter-house within the said limits, shall remove, or cause to be removed, once in every twenty-four hours, any filth, putrefying or obnoxious matter, that may have accumulated within such period.

12. No resident, owner, occupier, or farmer of

Thoroughfares not to be obstructed.

any market within the said limits, or of any portion thereof, shall in any way obstruct, or allow to be obstructed, any of the lanes, walks, gangways, or other thoroughfares, within such market or bazar, by exposing for sale or accumulating, or allowing to be exposed for sale or accumulated, in any such lane, walk, gangway, or thoroughfare, any package, or packages, or any other materials whatever.

13. Every owner, occupier, or farmer of any

Bazar to be provided with proper conveniences.

market shall, within fourteen days after he shall have received notice from the Commissioner so to do, provide such urinal or latrine as in the opinion of the Commissioners may be necessary for the cleanliness and health of the said market, and the site and construction of which shall be approved by the Commissioners.

14. No person resorting to a market and intending to satisfy a call of nature shall have recourse to any other place within the market for that purpose except the urinal or latrine provided under the preceding section.

15. No owner, occupier, or farmer, or vendor in any market or shop, or exposure of offensive articles of food.

Prohibition against sale of offensive articles of food.

shall sell, or expose, or permit to be exposed for sale, or admit into, or permit to remain in, any such market or shop, any noxious meat, or fish, or decomposed vegetable matter, but such owner, occupier or farmer shall, without any delay, cause such meat, fish, or vegetable matter to be at once removed to a place to be notified to him by the Commissioners.

16. No owner, occupier, or farmer of, or vendor in, any market or shop shall obstruct any person appointed by the Commissioners for that purpose

from entering and inspecting any such premises at any time between sun-rise and sun-set.

17. The proprietor of every licensed market shall construct and maintain such huts, sheds, stalls,

Huts, sheds, &c., to be constructed and maintained for the comfort and safety of sheep, &c. pens, or standings, and other structures for the accommodation of the sheep, cattle, and pigs offered for sale, as he may be required to do in writing, and of which due notice shall have been given to him by the Commissioners.

#### SLAUGHTER HOUSES.

18. Every owner, occupier, or farmer of any filth to be removed slaughter-house within the every twenty-four hours. said prescribed limits shall remove or cause to be removed, once in every twenty-four hours, any filth that may have accumulated within such period.

19. Every owner, occupier, or keeper of a

Manure, offal, &c., to be removed in such manner, to such a place, &c., as may from time to time be fixed by the Commissioners. use of the place as a slaughter-house, in such a manner, to such a place, at such interval of time, with such precautions, and within such hours, as may from time to time be fixed by the Commissioners in meeting.

Diseased cattle not to be slaughtered in the slaughter-house.

21. The owner, occupier, or farmer of every registered slaughter-house

Slaughter-house or meat-stall to have the words "slaughter-house" painted on the door. English and vernacular, together with the number corresponding with the number under which the slaughter-house shall have been registered in the register kept for that purpose by the Commissioners, to be painted or otherwise inscribed to their satisfaction on, over, or at, the door or entrance to such slaughter-house or meat-stall, and there kept and continued free from any obliteration or defacement.

22. Every blood boiler, bone boiler, manure

Vessel to be properly covered from which offensive vapour may be evolved in boiling blood, &c. manufacturer, soap boiler, or tallow melter shall cause every boiler, mixer, or other vessel from which any offensive or noxious vapour or gas may be evolved in any operation or process of his business, to be properly covered, and in all other respects to be so constructed and used as to cause all such vapour or gas to be effectually conveyed into or through a furnace-fire or otherwise, before passing into the external atmosphere.

23. Every blood boiler, bone boiler, manure

Place from which any offensive vapour or gas may be evolved to be furnished with suitable appliances to prevent escape.

ceiving or storing any manufactured product, residue, or other matter, from which any offensive vapour or gas may be evolved, to be furnished with suitable appliances, so constructed, and used as to effectually prevent the escape of such vapour or gas into the external atmosphere. He shall at all times adopt such precautions and employ such means as may be necessary to cause

all such vapour or gas to be conveyed into or through a furnace-fire, or to be so condensed as to be effectually destroyed or rendered harmless and inoffensive.

24. Every blood boiler, bone boiler, manure

Material from which any offensive vapour or gas may be evolved to be stored in rooms not opening into the external atmosphere.

connection with premises where his business is carried on, from which any offensive vapour or gas may be evolved, to be received or stored in rooms, chambers, or other places so constructed that there may be no opening from such rooms, chambers, or other places into the external atmosphere.

25. Every blood boiler, bone boiler, manure

Free access to the premises to be given to authorized servants of the Corporation.

business is carried on, to every Commissioner and any servant of the Corporation duly authorized by writing under the hand of the Secretary of the said Commissioners, at any reasonable time during the hours within which such business may be in operation.

#### BURIALS AND CREMATION.

26. No person shall bury, or cause to be buried any corpse, or part of a corpse, in a masonry

Burials—offis not to be less than five feet from the surface ground. grave except in such manner that the top of the coffin, or of the body where no coffin is used, shall be at a depth not less than five feet below the surface ground.

27. No person shall bury, or cause to be buried, in any burial-ground

Ordinary graves not to be less than six feet deep. any corpse or part of a corpse in a grave not constructed of masonry which shall be less than six feet deep.

28. No person shall build or dig, or cause to

Graves to be not less than two feet distant from each other. be built or dug, any grave in any burial-ground at a less distance than two feet from any other existing grave.

29. No person shall build or dig, or cause to

Grave to be built or dug only within regular lines. be built or dug, a grave in any burial-place in the said town in any other line than that specially marked out by the Commissioners for the purpose.

Grave once used not to be opened for the burial of another body without permission of Commissioners.

30. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

31. No one shall carry a corpse, or part

Corpse or part of a corpse not to be carried through any highway unless decently covered and concealed from public view.

32. No person shall open any grave within

Graves not to be opened within six months of burial, nor any corpse exhumed without permission of Commissioners. six months of the burial of any body therein, or shall exhume any corpse, except with the written permission of the Commissioners.

**33. No person, while carrying any corpse, or**  
 Corpses not to be deposited on or near any public highway.  
**part of a corpse, through the precincts falling within municipal limits shall deposit it on or near any public highway except for the purpose of ordinary relief.**

**34. No person shall cause to be removed any**  
 Corpses used for dissection to be removed in closed vehicles.  
**corpse, or any part of a corpse, that has been kept or used for purposes of dissection, otherwise than in a closed vehicle, and in such a manner as may prevent any offensive odour and at such hours as may be fixed by the Commissioners in meeting. Nothing contained in this section shall apply to the removal of a body by the relatives of a deceased person after a Coroner's inquest.**

#### BYE-LAWS FOR REMOVAL OF NIGHT-SOIL, &c.

**35. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cesspool, into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Commissioners in meeting may from time to time direct.**

**36. In case where for any special reason the**  
 Deposit and removal of night-soil.  
**Commissioners sanction the keeping of a licensed public necessary or dépôt for the collection of night-soil, every licensed keeper of such public necessary or dépôt shall construct such public necessary or dépôt in such manner and with such out-offices and appurtenances as the Commissioners shall from time to time determine. No public necessary or dépôt shall be closed without the sanction of the Commissioners in meeting.**

**37. Every keeper of a public necessary or**  
 Stowage and removal of night-soil.  
**depôt shall provide himself with such number of tubs and carts as the Commissioners may deem necessary for the stowage and removal of night-soil; and such tubs and carts shall be supplied by the Commissioners at the charge of the said keepers, at such prices as the Commissioners shall from time to time fix.**

**38. Every keeper of a public necessary or**  
 Tubs and carts to be kept in good order.  
**depôt shall maintain the tubs and carts which may be supplied to him under the preceding bye-laws in good and proper order.**

**39. Every holder of a license for the keeping**  
 Holder of license for keep of public necessary to make floor, drains, seats, &c., pucca, and to provide sufficient supply of water.  
**of a public necessary or dépôt shall make the floors, drains, and seats of his privy pucca, if required so to do by a written notice, and shall construct or provide such receptacles for the night-soil as the Commissioners shall require, and shall provide a sufficient supply of water to keep the same in a cleanly state.**

**40. Every holder of a license for the keeping**  
 Holder of license for keeping public necessary or tolá dépôt to keep register of servants employed, and to supply them with tickets or badges.  
**of a public necessary or dépôt shall keep a register of all the servants employed in the management of his necessary or dépôt, and or the removal of night-soil therefrom, in such**

form as the Commissioners shall direct, and shall produce the same when called upon, and shall supply such servants with such tickets or badges as the Commissioners shall from time to time direct.

**41. Every servant so registered shall be bound**  
 Ticket or badge to be produced when called upon by Municipal or Police officers.  
**to produce his ticket or badge at all times when called upon to do so by any Municipal or Police officer duly empowered to demand the same.**

**42. The night-soil shall be conveyed, as**  
 Night-soil to be conveyed in carts and tubs to be provided by Commissioners.  
**prescribed in bye-law 37, i.e. in tubs and by carts provided by the Commissioners, and in no other tubs and**

by no other carts.

**43. The night-soil shall be removed by such routes and through such streets only as the Commissioners may from time to time notify in writing, and no person employed in such removal shall unnecessarily stop or delay on the said routes.**

**44. No nightman, sweeper, or other person carrying night-soil through the streets, shall loiter or deposit any vessel containing or intended to contain night-soil on, or by the side**

of, any public road or street.

**45. No person in charge of a cart, wagon, or carriage used for the purpose of receiving and removing night-soil, sewage, or other matter from any cesspool, privy, or dépôt shall suffer such cart, wagon, or carriage to stand, or remain in any public street, passage, highway, or thoroughfare for any longer time than shall be necessary for the loading thereof.**

**46. Every holder of a license for a public**  
 Holder of license for public necessary, or tolá mehter to convey night-soil to such places and at such hours as the Commissioners may decide.  
**necessary or dépôt shall convey his night-soil daily to such places and at such hours as the Commissioners in meeting shall decide, and shall there dispose of it in such manner as shall from time to time be directed.**

**47. No person shall drive any carts at night for the conveyance of night-soil without a light. The driver shall be held responsible that the lamp attached shall be kept alight during the removal of the night-soil until sunrise.**

**48. Every keeper of a licensed public necessary**  
 Night-soil tubs to be returned daily to the dépôt.  
**shall each day, after delivery at the night-soil dépôt, receive and convey back to his premises the tubs which may have been delivered by him on the previous day at the night-soil dépôt, and shall cause them to reach his premises before 8 A.M., and shall keep such tubs in such place and in such manner as the Commissioners may appoint, and in no other.**

**49. Every keeper of a licensed public necessary or dépôt shall remove, between such hours of each day as the Commissioners may from time to time fix, the night-soil which may have been collected at his public necessary**

or dépôt during the previous twenty-four hours, to such night-soil dépôt as the Commissioners may from time to time notify by writing to be affixed to the said licensed public necessary or dépôt, and shall there deposit the tubs as directed by the Overseer in charge of such night-soil dépôt.

#### REGULATION AND MANAGEMENT OF PRIVIES.

50. The servants of the Municipality shall daily cleanse the privies of every house on account of which the night-soil fee is levied, remove night-soil, wash floors of privies, &c. Municipal servants to daily cleanse the privies of every house on account of which the night-soil fee is levied. They shall, in addition to the work of removing the night-soil from the privies, daily wash the floors of the privies, and otherwise clean them whenever required by the house-holder, provided that they are not to do this oftener than thrice a week, except under the special orders of the Overseer of the ward issued on the application of the house-holder.

51. Every servant of the Municipality, whose business it is to remove the night-soil or to perform the work aforesaid, shall, for neglect or remissness in the discharge of his duties be liable to punishment under the bye-laws.

52. Every occupier of a house, land, or premises shall give free access to the servants of the Municipality to his privy for the removal of night-soil, filth, or other offensive matter within such hours as may have been fixed on by the Municipal Commissioners in meeting.

53. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable receptacle of metal or earthenware.

54. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land or premises, in or on which any well, privy, or other noxious or improperly-constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, demolish, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

55. No occupier of any house, land, or premises in or on which a privy may be situated, and to which free access may be denied to the servants of the Municipality, shall allow night-soil or filth of any kind to accumulate for more than 24 hours or to flow from such privy, or allow such night-soil or filth to be discharged into any open drain, water-course, river, tank, hollow, or excavation, or on any public road (or any place containing waste and stagnant water), or into any other receptacle not authorized by the Commissioners.

56. When any private privy or cesspool is to be constructed for the first time, or any such privy or cesspool previously constructed has to be re-constructed, a plan of the

privy proposed to be constructed or re-constructed shall be submitted to the Commissioners, and no such privy or cesspool shall be constructed or altered, except in such manner as may be approved of by the Commissioners.

#### REMOVAL OF NIGHT-SOIL.

57. No occupier of any house, land, or premises in or on which a夜-soil accumulated prior to 1st April 1877 to privy containing accumulations prior to the 1st of April 1877 may be situated, shall allow any such accumulations of night-soil to remain on his premises, and if the said occupier do not remove the accumulations, the Commissioners may remove the same, and any expense incurred by the Commissioners shall be recoverable as a debt due to the Commissioners.

#### ROAD AND GENERAL CONSERVANCY.

58. No person shall, after the provisions of Section 194 of Act IV (B.C.) of 1876 have been complied with by the Commissioners, deposit or cause or permit to be deposited any dust, dirt, dung, ashes, garden, kitchen, or stable refuse or other rubbish arising from the ordinary domestic use of houses in any public street except between such hours as may be determined by the Commissioners in meeting.

59. Where the provisions of Section 194 of Act IV (B.C.) of 1876 have not been complied with, no person shall deposit or allow to be deposited any dust, dirt, dung, ashes, kitchen or stable refuse, waste paper, old mats, trees, or shrub cuttings, or other rubbish except between such hours as may be determined by the Commissioners in meeting.

60. No person shall dig, or allow to be dug, any tank, hole, or excavation in any thoroughfare or other place over which the public have a right of way so as to serve as a receptacle for rubbish.

of obtaining earth, or consent of the Commissioners in writing.

61. No refuse resulting from any business, trade, or profession shall be deposited in the public streets without the permission of the Commissioners, and without payment of such fee as the Commissioners in meeting may from time to time fix.

62. No persons shall steep in any river, khal, tank, or ditch, within municipal limits, any jute, hemp, bamboo, or other vegetable matter likely to render the water of such river, khal, tank, or ditch, offensive or noxious to the neighbourhood.

63. No person shall, without the written permission of the Commissioners, set up any obstruction in any public drain or water-course.

**64. Every person within whose premises any animal may die shall within four hours after its death, or if death occurs at night within four hours after daylight, either remove at his own expense the carcase to such place as may be set apart by the Commissioners for the reception of such carcases, or report its death to the Conservancy Overseer of the Division within which such premises may be situated, and in such latter case, shall pay to the said Overseer the expense of removing the carcase at such rate as the Commissioners in Meeting may from time to time determine; and in cases in which the said person is not the owner of the animal and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No Overseer, when called upon, shall neglect to remove a carcase.**

**65. No person shall deposit or cause to be deposited any carcase or any part of a carcase in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcase, and no person shall throw or cause to be thrown any carcase or any part of a carcase into any public street, lane, or thoroughfare, or into any drain.**

**66. No person shall construct, or place over any public drain, any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners, and in such manner as they shall direct.**

**67. If any house, well, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection, shall remove it after notice within the time therein prescribed by the Commissioners, and if the same be not so removed, it shall be removed by the Commissioners.**

**68. No person shall prepare any channel, or convey water by any channel, across any public thoroughfares, except in such manner as shall have been first approved by the Commissioners.**

**69. No person shall picket animals, or collect carts, or form any encampment, upon any public ground within the limits of the Municipality without the permission of the Commissioners.**

**70. No person shall throw, or cause to be thrown, any corpse or carcase, or any part of a corpse or carcase, into any river, or nulla, or canal, or on the banks of any river, nulla, or canal within the limits of the town of Calcutta.**

**71. No person shall throw, or place, or permit his servants to throw or place, on any road or street, any broken glass, broken bottles, or crockery. Such rubbish, if from**

**private premises, may be placed directly in the conservancy carts.**

**72. No person shall take down, alter, or remove any fencing, bar, chain, or post, or extinguish or remove any lights placed or fixed across or in any street for purposes of public safety, and to prevent the passage of carts, cattle, carriages, and horses or other animals while those streets are under repairs, or while works are being carried on in them by the Commissioners.**

**73. No person shall drive any loose horse through any of the thoroughfares of the town, but every horse shall be either ridden, driven in a vehicle, or led.**

**74. No person shall let loose, or cause or allow to be let loose, any diseased or worn-out animal into the public streets, or into any place from which such animal can escape into the streets of the said town.**

**75. No person shall lead or ride any horse or other animal, or draw or obstructed. drive any cart, carriage, truck, or borow upon any footway of any street or fasten any horse or other animal, so that it stands across or upon any footway.**

**76. No person shall place or leave except for temporary relief any furniture, wares, or merchandise or any cask, tub, basket, pail, or bucket, or shall place or use any standing-place, stool, bench, stall, or show-board on any footway, or shall place any blind, shade, covering, awning, or other projection over or along any such footway, unless permission to do so has been obtained in writing from the Commissioners.**

**77. No person shall place, hang up, or otherwise expose for sale any goods, wares, merchandise, matter, or anything whatsoever, so that the same project into or over any footway, or beyond the line of any house, shop, or building, at which the same are so exposed, so as to obstruct or incommodate the passage of any person over or along such footway.**

**78. No person shall place any line, cord, or pole across any street, or hang or place any clothes thereon.**

**79. No person shall erect any scaffoldings for hoards which are not perpendicular and well secured.**

**80. No person shall drive any cart conveying stone ballast or bricks without properly securing the same from falling into the public street.**

C. T. METCALFE,  
Chairman of the Corporation  
of the Town of Calcutta.

R. HARDIE,  
*Secretary and Treasurer.*

CALCUTTA, the 27th July 1878. (450—1)

## Simla Water-Supply Works.

## NOTICE TO CONTRACTORS.

TENDERS are hereby invited for the construction of the Simla Water-Supply Works including all materials necessary for the same.

The Drawings, Specifications and Estimates of the works may be seen daily from 11 till 4 o'clock, Sundays and holidays excepted, at undersigned's office.

Forms of Tender with schedules of quantities of works, and two specifications comprising the conditions under which the contract works are to be executed, can be obtained from undersigned on remitting twenty rupees in advance payment thereof.

The contractor whose tender may be accepted will have to take over at a valuation any specified works which may be in progress by Government Agency at date of his Tender's acceptance. The valuation will not exceed the cost of work executed at estimated rates.

The lowest or any tender will not necessarily be accepted.

No Tender will be entertained except it be on the approved Form.

Tenders are to be forwarded to undersigned in registered covers superscribed "Tender for Simla Water-Supply Works" so as to reach him not later than 20th August 1878.

By order,

SWINHOE, LAW & CO., C. T. DAVIS,  
*Plaintiff's Attorneys.* Offg. Registrar.  
HIGH COURT, ORIGINAL JURISDICTION,  
The 20th July 1878. (438—1)

**P**URSUANT to an order of the High Court of Justice Chancery Division made in the matter of the estate of Hugh Bladen Swiney, deceased, and in a cause Rowe v. Swiney, 1878, S. 183, the creditors of Hugh Bladen Swiney, late Captain of the 17th Bengal Cavalry, stationed at Peshawur in the Northern Provinces of India, and formerly of 8, Lansdown Parade, Cheltenham, in the County of Gloucester, England, who died on the 20th day of November 1877, are on or before the 29th day of October 1878 to send, by post prepaid, to Mr. Holroyd Chaplin of the firm of Valpy, Chaplin and Peckham of No. 19, Lincolns Inn Fields in the County Middlesex, England, the solicitors for the defendant George Clayton Swiney, the administrator of the said Hugh Bladen Swiney, deceased, their Christian and surnames, addresses and descriptions, the full particulars of their claims, a statement of their account, and the nature of the securities (if any) held by them, or in default thereof they will be peremptorily excluded from the benefit of the said order.

Every creditor holding any security is to produce the same before the Master of the Rolls at his chambers, Rolls Yard, Chancery Lane, Middlesex, England, on Tuesday, the 12th day of November 1878, at 11 o'clock in the forenoon, being the time appointed for adjudicating on the claims.

Dated this 22nd day of June 1878. (446—1)

**T**O be peremptorily sold pursuant to a decree of the High Court of Judicature at Fort William in Bengal, in its ordinary original civil jurisdiction made in suit No. 355 of 1876, [wherein Sonatun Doss and others are Plaintiffs, and Doorgachurn Dhur and Gourchurn Soor were Defendants, and which suit after decree has been revived against Pertaup Chunder Dhur and Buloram Dhur, sons of Doorgachurn Dhur, one of the original Defendants], and dated the seventeenth day of August one thousand eight hundred and seventy-six, by the Registrar of the said Court in his sale-room, on the middle floor of the Court-house on Saturday, the twenty-fourth day of August next, at the hour of twelve o'clock at noon, the undermentioned property, namely:—

All that partly three-storied and partly two-storied dwelling-house with the piece of land thereunto belonging, containing by estimation seven cottahs, more or less, situate at and being No. 2, Hurrychurn Sircar's Lane, in Mooktaram Baboo's Street in Chorebagau, in the Town of Calcutta, and bounded on the north by the premises of Dwarkanauth Mullick; on the south by the premises of the late Shibnarain Ghose; on the east partly by a public drain and partly by the land of Gour Mullick; and on the west by Hurrychurn Sircar's Lane.

The abstract of title and conditions of sale may be seen at the Office of the Registrar of the High Court, original jurisdiction, and also at the Office of Messrs. Beeby and Rutter, Plaintiffs' Attorneys, No. 10, Hastings' Street, Calcutta, on any day before the sale, and will be produced at the sale.

BEEBY & RUTTER, Plaintiffs' Attorneys.

C. T. DAVIS, Offg. Registrar.

CALCUTTA, HIGH COURT, ORIGINAL JURISDICTION,  
REGISTRAR'S OFFICE, the 23rd July 1878. (439—2)

**P**URSUANT to a decree of the High Court of Judicature at Fort William in Bengal in its ordinary original civil jurisdiction, made in suit No. 7 of one thousand eight hundred and seventy-eight, wherein Shamoll Mullick is plaintiff and Sreemutty Monomeheene Doss, widow of Denobundoo Mullick, deceased, Nundolol Mullick, Nursingloll Mullick, Punnalol Mullick, Ashootosh Mullick, and Turracknath Mullick, are defendants, the creditors of Denobundoo Mullick, late of No. 6, Hurropersaud Dey's Lane, in the town of Calcutta, landholder, who died on or about the thirteenth day of August one thousand eight hundred and seventy-seven, are, on or before the tenth day of August one thousand eight hundred and seventy-eight, to send to

Mr. C. T. Davis, the Chief Clerk of this Court on its original side, their names, addresses and descriptions, the full particulars of their claims, a statement of their accounts, and the nature of the securities (if any) held by them, or in default thereof they will be peremptorily excluded from the benefit of the said decree.

Every creditor holding any security may transmit the same to the said Chief Clerk with the particulars of his claim, or shall produce the same before him on the seventeenth day of August one thousand eight hundred and seventy-eight, at 12 o'clock noon, being the time appointed for adjudicating on the claims.

C. T. DAVIS, *Offg. Registrar.*

# The Calcutta Gazette.

WEDNESDAY, AUGUST 7, 1878.

## PART II.

### Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of 24-Pergunnahs, will be put to sale at the Alipore Collectorate on Monday, the 19th August 1878, corresponding with 4th Bhadro 1285 B. S.

The sale will be subject to the following conditions:—

#### CONDITIONS OF SALE.

1st.—The estates to be sold to the highest bidder above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estates to be again put up to sale at the risk of the defaulting purchasers after issue of advertisement as in the case of original sale.

**N**OTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Maldah, will be put up to sale at the Maldah Collectorate on the 24th August 1878, corresponding with 9th Bhadro 1285 Bengali.

The purchasers will be subject to the following conditions of sale:—

CONDITIONS OF SALE.

1st.—The estates to be sold to the highest bidders above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money should not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid is to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

MALDAH COLLECTOR'S OFFICE, the 8th June 1878.

R. POACHI, Offg. Collector.

**N**OTICE is hereby given that the undermentioned railway B class lands in the district of 24-Pergunnahs will be put up to sale at the Collector's cutchery at Alipore at 12 o'clock on Monday, the 9th September 1878, corresponding with 25th Bhadde 1285 B.S.

This land will be sold subject to the following conditions:—

- If the amount of purchase-money does not exceed Rs. 100, the whole amount is to be paid at once.
- If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid is to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the day of sale, reckoning the day of sale as one, or if such fifteenth day be a close holiday, then by noon of the first succeeding office day, the sale will be cancelled, the sum deposited being forfeited to Government, and the lands will be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.
- The lands will be sold revenue free to the highest bidder subject to an easement, whatever the extent of it may be, as respects a right of way over the lands.

SHAHABAD COLLECTORATE, the 2nd July 1878.

J. WARE EDGAR, *Offg. Collector.*

**N**OTICE is hereby given that the undermentioned estates and shares of estates, the property of Baboo Despotty Singh, minor, adopted son of the late Baboo Bendederee Pershad Singh, which are under the management of the Court of Wards, will be sold by public auction in the Shahabad Collectorate on the 15th August 1878, under orders of the Board and the District Judge.

The conditions of sale are as follows:—

The conditions of sale are as follows :—

- That the purchaser of any estate or shares of any estate shall be required to deposit immediately, or as soon after the conclusion of the sale of the estate or share as the Collector may think necessary, either in cash or Bank of Bengal notes, 25 per cent. on the amount of his bid, and in default of such deposit, the estate or share shall forthwith be put up again and sold.
- That the full amount of purchase-money shall be made good by the purchaser before sunset of the 15th, say from that on which the sale of the estate or share of an estate bought by him took place, reckoning that day as one of the 15th, or if the 15th day be a Sunday or other close holiday, then on the first office day after the 15th, and in default of payment within the prescribed period as aforesaid the deposit shall be forfeited, the estate or share shall be resold, and the defaulting purchaser forfeit all claim to the estate or share or to any part of the sum for which it may subsequently be sold, and in the event of the proceeds of the sale which may be eventually consummated being less than the price bid by the defaulting bidder aforesaid, the difference shall be recovered from him.

None need apply who is not a passed student of a Civil Engineering College.

A. MANSON, Chairman, Road Cess Committee. (468—3.)

THE following BYE-LAWS, made by the Commissioners for the Town of Calcutta under section 340, Act IV (B.C.) of 1876, are published for general information under section 343 of the Act.

Under the provisions of section 340 of Act IV of 1876 the following bye-laws are made. Section 345 of the Act provides that "whoever infringes any bye-law made and confirmed under this Act shall be liable to a fine not exceeding twenty rupees, and to a further fine, not exceeding ten rupees, for each day during which the offence is continued after he has been convicted of such offence."

#### WATER SUPPLY.

1. No person shall wash or cleanse, or cause to be washed or cleansed, in

Washing animals in the streets. any public street, lane, or thoroughfare, or in, upon, or by the side of, any tank, reservoir, aqueduct, well, cistern, conduit, or other water-works belonging to the Commissioners, and provided by them for the domestic use of the inhabitants of the town, any vehicle, carriage, cart, dog, horse, or other animal.

2. No person shall wash, cleanse, or cause to be washed or cleansed, in

Washing apparel, &c. any public street, lane, or thoroughfare, or in, upon, or by the side of, any tank, reservoir, aqueduct, well, cistern, conduit, stand-pipe, or other water-works belonging to the Commissioners [and provided by them for the domestic use of the inhabitants of the town], any wool, cloth, or wearing apparel, or any utensil for cooking or other purposes, or leather or skins of any animal, or any foul or offensive thing.

3. No person of one sex shall bathe in any bathing place belonging to, and set apart by the Commissioners for the use of persons of the other sex.

4. No person suffering from any contagious disease shall bathe in any bathing place belonging to the Commissioners.

5. The making of the communication between the Municipal mains and premises is exclusively under the control of the Commissioners, and no person shall make any such connection except under the supervision of the Commissioners.

Making of the communication between the Municipal mains and premises to be exclusively under the control of the Commissioners.

6. All stop-cocks shall have at least the same water-way as the pipes to

Stop-cocks to have the same water-way as the pipes to which they are attached. Pattern to be approved of by the Engineer. which they are attached, and shall be of a pattern approved of by the Engineer to the Corporation.

7. Should any leakage occur in a communication pipe, cistern, tap or other water-fittings, the owner or occupier shall within

in 48 hours engage an authorized plumber and have the repairs effected within 12 hours.

8. Water for ornamental or business purposes must be taken through a meter, the working of which is to be approved of by the Engineer to the Corpora-

tion. The meter shall be provided, and any repairs which may be necessary from time to time carried out, at the cost of the person taking the supply. The meter shall be of a pattern, and be fixed in a position to be approved of by the Commissioners through their officers.

9. No person shall put up any cistern at any latrine or water-closet, or increase the size of such cistern, without the previous sanction of the Commissioners.

sioners.

#### MARKETS.

10. No owner, occupier, or farmer of any Markets, bazaars and slaughter-houses to be kept clean.

slaughter-house within the limits of the town of Calcutta shall keep, or allow the same to be kept, in a filthy or unclean state.

11. Every owner, occupier, or farmer of Filth to be removed every twenty-four hours. any market, or of any slaughter-house within the said limits, shall remove, or cause to be removed, once in every twenty-four hours, any filth, putrefying or obnoxious matter, that may have accumulated within such period.

12. No resident, owner, occupier, or farmer Thoroughfares not to be obstructed. of any market within the said limits, or of any portion thereof, shall in any way obstruct, or allow to be obstructed, any of the lanes, walks, gangways, or other thoroughfares, within such market or bazaar, by exposing for sale or accumulating, or allowing to be exposed for sale or accumulated, in any such lane, walk, gangway, or thoroughfare, any package, or packages, or any other materials whatever.

13. Every owner, occupier, or farmer of any market shall, within fourteen days after he shall have received notice from the Commissioners so to do, provide such urinal or latrine as in the opinion of the Commissioners may be necessary for the cleanliness and health of the said market, and the site and construction of which shall be approved by the Commissioners.

14. No person resorting to a market and intending to satisfy a call of nature shall have recourse to any other place within the market for that purpose except the urinal or latrine provided under the preceding section.

15. No owner, occupier, or farmer, or vendor in any market or shop, shall sell, or expose, or permit to be exposed for sale, or admit into, or permit to remain in, any such market or shop, any noxious meat, or fish, or decomposed vegetable matter, but such owner, occupier or farmer shall, without any delay, cause such meat, fish, or vegetable matter to be at once removed to a place to be notified to him by the Commissioners.

16. No owner, occupier, or farmer of, or vendor in, any market or shop shall obstruct any person appointed by the Commissioners for that purpose

Persons appointed by the Commissioners not to be obstructed from entering and inspecting markets or shops.

from entering and inspecting any such premises at any time between sun-rise and sun-set.

**17. The proprietor of every licensed market**

Huts, sheds, &c., to be constructed and maintained for the comfort and safety of sheep, &c. shall construct and maintain such huts, sheds, stalls, pens, or standings, and other structures for the accommodation of the sheep, cattle, and pigs offered for sale, as he may be required to do in writing, and of which due notice shall have been given to him by the Commissioners.

**SLAUGHTER HOUSES.**

**18. Every owner, occupier, or farmer of any**  
Filth to be removed slaughter-house within the every twenty-four hours. said prescribed limits shall remove or cause to be removed, once in every twenty-four hours, any filth that may have accumulated within such period.

**19. Every owner, occupier, or keeper of a**

Manure, offal, &c., to be removed in such a manner, to such a place, &c., as may from time to time be fixed by the Commissioners. shall provide such means for the purpose of conveying away all manure, garbage, offal, and filth arising from the use of the place as a slaughter-house, in such a manner, to such a place, at such interval of time, with such precautions, and within such hours, as may from time to time be fixed by the Commissioners in meeting.

Diseased cattle not to be slaughtered in the slaughter-house.

**21. The owner,**

Slaughter-house or meat-stall to have the words "slaughter-house" painted on the door.

English and vernacular, together with the number corresponding with the number under which the slaughter-house shall have been registered in the register kept for that purpose by the Commissioners, to be painted or otherwise inscribed to their satisfaction on, over, or at, the door or entrance to such slaughter-house or meat-stall, and there kept and continued free from any obliteration or defacement.

**22. Every blood boiler, bone boiler, manure**

Vessel to be properly covered from which offensive vapour may be evolved in boiling blood, &c. manufacturer, soap boiler, or tallow melter shall cause every boiler, mixer, or other vessel from which any offensive or noxious vapour or gas may be evolved in any operation or process of his business, to be properly covered, and in all other respects to be so constructed and used as to cause all such vapour or gas to be effectually conveyed into or through a furnace-fire or otherwise, before passing into the external atmosphere.

**23. Every blood boiler, bone boiler, manure**

Place from which any offensive vapour or gas may be evolved to be furnished with suitable appliances to prevent escape. manufacturer, soap boiler, or tallow melter shall cause every room, chamber, or other place which may be used for the purpose of receiving or storing any manufactured product, residue, or other matter, from which any offensive vapour or gas may be evolved, to be furnished with suitable appliances, so constructed and used as to effectually prevent the escape of such vapour or gas into the external atmosphere. He shall at all times adopt such precautions and employ such means as may be necessary to cause

all such vapour or gas to be conveyed into or through a furnace-fire, or to be so condensed as to be effectually destroyed or rendered harmless and inoffensive.

**24. Every blood boiler, bone boiler, manure**

Material from which any offensive vapour or gas may be evolved to be stored in rooms not opening into the external atmosphere. manufacturer, soap boiler, or tallow melter shall cause all material, manufactured product, residue, refuse, or other matter used on or in connection with premises where his business is carried on, from which any offensive vapour or gas may be evolved, to be received or stored in rooms, chambers, or other places so constructed that there may be no opening from such rooms, chambers, or other places into the external atmosphere.

**25. Every blood boiler, bone boiler, manure**

Free access to the premises to be given to authorized servants of the Corporation. manufacturer, soap boiler, or tallow melter shall afford free access to every part of the premises where his business is carried on, to every Commissioner and any servant of the Corporation duly authorized by writing under the hand of the Secretary of the said Commissioners, at any reasonable time during the hours within which such business may be in operation.

**BURIALS AND CREMATION.**

**26. No person shall bury, or cause to be**

Burials—Coffin not to be less than five feet from the surface ground. buried any corpse, or part of a corpse, in a masonry grave except in such manner that the top of the coffin, or of the body where no coffin is used, shall be at a depth not less than five feet below the surface ground.

**27. No person shall bury, or cause to be**

Ordinary graves not to be less than six feet deep. buried, in any burial-ground any corpse or part of a corpse in a grave not constructed of masonry which shall be less than six feet deep.

**28. No person shall build or dig, or cause to**

Graves to be not less than two feet distant from each other. be built or dug, any grave in any burial-ground at a less distance than two feet from any other existing grave.

**29. No person shall build or dig, or cause to**

Grave to be built or dug only within regular lines. be built or dug, a grave in any burial-place in the said town in any other line than that specially marked out by the Commissioners for the purpose.

**30. No grave once used**

Grave once used not to be opened for the burial of another body without permission of Commissioners. shall be opened for the burial of another body without the permission of the Commissioners.

**31. No one shall carry a corpse, or part**

Corpse or part of a corpse not to be carried through any highway unless it be decently covered and concealed from public view.

**32. No person shall open any grave within**

Graves not to be opened within six months of burial, nor any corpse exhumed without permission of Commissioners. six months of the burial of any body therein, or shall exhume any corpse, except with the written permission of the Commissioners.

**33. No person, while carrying any corpse, or**  
 Corpses not to be deposited on or near any public highway.  
**deposit it on or near any public highway except for the purpose of ordinary relief.**

**34. No person shall cause to be removed any**  
 Corpses used for dissection to be removed in closed vehicles.  
**section, otherwise than in a closed vehicle, and in such a manner as may prevent any offensive odour and at such hours as may be fixed by the Commissioners in meeting. Nothing contained in this section shall apply to the removal of a body by the relatives of a deceased person after a Coroner's inquest.**

#### BYE-LAWS FOR REMOVAL OF NIGHT-SOIL, &c.

**35. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of tank, &c., not to be thrown into any river, any drain, privy, or cesspool, into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Commissioners in meeting may from time to time direct.**

**36. In case where for any special reason the**  
 Deposit and removal of night-soil.  
**Commissioners sanction the keeping of a licensed public necessary or dépôt for the collection of night-soil, every licensed keeper of such public necessary or dépôt shall construct such public necessary or dépôt in such manner and with such out-offices and appurtenances as the Commissioners shall from time to time determine. No public necessary or dépôt shall be closed without the sanction of the Commissioners in meeting.**

**37. Every keeper of a public necessary or**  
 Stowage and removal of night-soil.  
**depôt shall provide himself with such number of tubs and carts as the Commissioners may deem necessary for the stowage and removal of night-soil; and such tubs and carts shall be supplied by the Commissioners at the charge of the said keepers, at such prices as the Commissioners shall from time to time fix.**

**38. Every keeper of a public necessary or**  
 Tubs and carts to be kept in good order.  
**depôt shall maintain the tubs and carts which may be supplied to him under the preceding bye-laws in good and proper order.**

**39. Every holder of a license for the keeping**  
 Holder of license for keep of public necessary to make floor, drains, seats, &c., pucca, and to provide sufficient supply of water.  
**of a public necessary or dépôt shall make the floors, drains, and seats of his privy pucca, if required so to do by a written notice, and shall construct or provide such receptacles for the night-soil as the Commissioners shall require, and shall provide a sufficient supply of water to keep the same in a cleanly state.**

**40. Every holder of a license for the keeping**  
 Holder of license for keeping public necessary or dépôt to keep register of servants employed, and to supply them with tickets or badges.  
**of a public necessary or dépôt shall keep a register of all the servants employed in the management of his necessary or dépôt, and for the removal of night-soil therefrom, in such**

form as the Commissioners shall direct, and shall produce the same when called upon, and shall supply such servants with such tickets or badges as the Commissioners shall from time to time direct.

**41. Every servant so registered shall be bound to produce his ticket or badge at all times when called upon to do so by any Municipal or Police officer duly empowered to demand the same.**

**42. The night-soil shall be conveyed, as**  
 Night-soil to be conveyed in carts and tubs to be provided by Commissioners.  
**prescribed in bye-law 37, i.e. in tubs and by carts provided by the Commissioners, and in no other tubs and**

**by no other carts.**

**43. The night-soil shall be removed by such routes and through such streets only as the Commissioners may from time to time notify in writing, and no person employed in such removal shall unnecessarily stop or delay on the said routes.**

**44. No nightman, sweeper, or other person carrying night-soil through the streets, shall loiter or deposit any vessel containing or intended to contain night-soil on, or by the side of, any public road or street.**

**45. No person in charge of a cart, wagon, or carriage used for the purpose of receiving and removing night-soil, sewage, or other matter from any cesspool, privy, or dépôt shall suffer such cart, wagon, or carriage to stand, or remain in any public street, passage, highway, or thoroughfare for any longer time than shall be necessary for the loading thereof.**

**46. Every holder of a license for a public necessary or dépôt shall convey his night-soil daily to such places and at such hours as the Commissioners in meeting shall decide, and shall there dispose of it in such manner as shall from time to time be directed.**

**47. No person shall drive any carts at night for the conveyance of night-soil without a light. The driver shall be held responsible that the lamp attached shall be kept alight during the removal of the night-soil until sunrise.**

**48. Every keeper of a licensed public necessary or dépôt shall each day, after delivery at the night-soil dépôt, receive and convey back to his premises the tubs which may have been delivered by him on the previous day at the night-soil dépôt, and shall cause them to reach his premises before 8 A.M., and shall keep such tubs in such place and in such manner as the Commissioners may appoint, and in no other.**

**49. Every keeper of a licensed public necessary or dépôt shall remove, between such hours of each day as the Commissioners may from time to time fix, the night-soil which may have been collected at his public necessary**

or dépôt during the previous twenty-four hours, to such night-soil dépôt as the Commissioners may from time to time notify by writing to be affixed to the said licensed public necessary or dépôt, and shall there deposit the tubs as directed by the Overseer in charge of such night-soil dépôt.

#### REGULATION AND MANAGEMENT OF PRIVIES.

50. The servants of the Municipality shall daily cleanse the privies of every house on account of which the night-soil fee is levied, remove night-soil, wash floors of privies, &c. Municipal servants to daily cleanse the privies of every house on account of which the night-soil fee is levied. They shall, in addition to the work of removing the night-soil from the privies, daily wash the floors of the privies, and otherwise clean them whenever required by the house-holder, provided that they are not to do this oftener than thrice a week, except under the special orders of the Overseer of the ward issued on the application of the house-holder.

51. Every servant of the Municipality, whose business it is to remove the night-soil or to perform the work aforesaid, shall, for neglect or remissness in the discharge of his duties be liable to punishment under the bye-laws.

52. Every occupier of a house, land, or premises shall give free access to the servants of the Municipality to his privy for the removal of night-soil, filth, or other offensive matter within such hours as may have been fixed on by the Municipal Commissioners in meeting.

53. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable receptacle of metal or earthenware.

54. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land or premises, in or on which any well, privy, or other noxious or improperly-constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, demolish, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

55. No occupier of any house, land, or premises in or on which a privy may be situated, and to which free access may be denied to the servants of the Municipality, shall allow night-soil or filth of any kind to accumulate for more than 24 hours or to flow from such privy, or allow such night-soil or filth to be discharged into any open drain, water-course, river, tank, hollow, or excavation, or on any public road (or any place containing waste and stagnant water), or into any other receptacle not authorized by the Commissioners.

56. When any private privy or cesspool is to be constructed for the first time, or any such privy or cesspool previously constructed has to be re-constructed, a plan of the Construction and alteration of private necessities and privies.

privy proposed to be constructed or re-constructed shall be submitted to the Commissioners, and no such privy or cesspool shall be constructed or altered, except in such manner as may be approved of by the Commissioners.

#### REMOVAL OF NIGHT-SOIL.

57. No occupier of any house, land, or premises in or on which a privy containing accumulations prior to 1st April 1877 to be removed. Night-soil accumulated prior to the 1st of April 1877 may be situated, shall allow any such accumulations of night-soil to remain on his premises, and if the said occupier do not remove the accumulations, the Commissioners may remove the same, and any expense incurred by the Commissioners shall be recoverable as a debt due to the Commissioners.

#### ROAD AND GENERAL CONSERVANCY.

58. No person shall, after the provisions of Section 194 of Act IV (B.C.) of 1876 have been complied with by the Commissioners, deposit or cause or permit to be deposited any dust, dirt, dung, ashes, garden, kitchen, or stable refuse or other rubbish arising from the ordinary domestic use of houses in any public street except between such hours as may be determined by the Commissioners in meeting.

59. Where the provisions of Section 194 of Act IV (B.C.) of 1876 have not been complied with, no person shall deposit or allow to be deposited any dust, dirt, dung, ashes, kitchen or stable refuse, waste paper, old mats, trees, or shrub cuttings, or other rubbish except between such hours as may be determined by the Commissioners in meeting.

60. No person shall dig, or allow to be dug, any tank, hole, or excavation\* in any thoroughfare or other place over which the public have a right of way, either to serve as a receptacle for rubbish, or shrub cuttings, or other rubbish except between such hours as may be determined by the Commissioners in meeting.

61. No refuse resulting from any business, trade, or profession shall be deposited in the public streets without the permission of the Commissioners, and without payment of such fee as the Commissioners in meeting may from time to time fix.

62. No persons shall steep in any river, khal, tank, or ditch, within municipal limits, any jute, hemp, bamboo, or other vegetable matter likely to render the water of such river, khal, tank, or ditch, offensive or noxious to the neighbourhood.

63. No person shall, without the written permission of the Commissioners, set up any obstruction in any public drain or water-course.

**64. Every person within whose premises any animal may die shall within**

Dead animals to be removed within four hours after death, or if death occurs at night

within four hours after daylight, either remove at his own expense the carcase to such place as may be set apart by the Commissioners for the reception of such carcases, or report its death to the Conservancy Overseer of the Division within which such premises may be situated, and in such latter case, shall pay to the said Overseer the expense of removing the carcase at such rate as the Commissioners in Meeting may from time to time determine; and in cases in which the said person is not the owner of the animal and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No Overseer, when called upon, shall neglect to remove a carcase.

**65. No person shall deposit or cause to be**

Carcase to be deposited only in such places as may from time to time be appointed by the Commissioners.

Commissioners for the reception of such carcase, and no person shall throw or cause to be thrown any carcase or any part of a carcase into any public street, lane, or thoroughfare, or into any drain.

**66. No person shall construct, or place**

Bridge, platform, &c., not to be constructed or placed over by side of any public drain.

written permission of the Commissioners, and in such manner as they shall direct.

Carts conveying stone ballast, &c., to be properly secured.

stone ballast or bricks without properly securing the same from falling into the

public street.

C. T. METCALFE,  
Chairman of the Corporation  
of the Town of Calcutta.

## BENGAL CIVIL FUND.

*At a Half-yearly General Meeting of subscribers to the Bengal Civil Fund, held at the Town Hall, Calcutta, on Wednesday, the 24th July 1878.*

PRESENT:—The Hon'ble L. S. Jackson, c.i.e., W. Waterfield, Esq., the Hon'ble H. T. Prinsep, the Hon'ble L. R. Tottenham, the Hon'ble A. T. Maclean, H. L. Harrison, Esq., T. T. Allen, Esq., J. C. Geddes, Esq., J. Westland, Esq., W. H. Grimley, Esq., D. M. Barbour, Esq., J. Scobell Armstrong, Esq., and C. Macaulay, Esq.

The Hon'ble H. T. Prinsep, *in the Chair.*

The following report was submitted by the Managers:—

## REPORT.

1. The Managers submit their proceedings for the past half-year for the consideration and sanction of the Meeting.

2. Subject to the approval of the subscribers, they have admitted to the benefits of the Fund the following families:—

Mrs. Campbell	...	£	300
2 daughters	...	"	90
		—	—
	"	390	
One-sixth under Rule 7	...	"	65
		—	—
Total	"	325	

The widow and two daughters of the late Mr. D. D. M. Campbell, who died at Gonai, Kumaon, on the 5th February last.

Mrs. Russell	...	£	300
6 children	...	"	560
		—	—
Total	"	860	

The widow and six children (two sons and four daughters) of the late Mr. C. D. Russell (annuitant of 1856), who died in England on the 24th March last.

Lady Grey	...	£	300
4 children	...	"	220
		—	—
Total	"	520	

The widow and four children (two sons and two daughters) of the late Sir William Grey (annuitant of 1871), who died in England on the 15th May 1878.

Mrs. Lawford	...	£	300
2 children	...	"	200
		—	—
Total	"	500	

The widow and two children (one son and one daughter) of the late Mr. H. B. Lawford, who died in England on the 12th May last.

Mr. Lawford before leaving India represented that the marriage of his daughter Amy Augusta, which took place on 30th June 1870, had been judicially pronounced invalid, and asked that she might be re-admitted to the contingent benefits of the Fund on payment by him of all arrears of subscription on her account with interest. The Managers replied that they would be prepared to recommend his application to the favourable consideration of the subscribers on the decree being made absolute, and that in the meanwhile it would be necessary for him to submit such a statement of the facts as he would desire to have placed before the service. Mr. Lawford died on the 12th May, soon after his arrival in England on furlough. The eldest son of the deceased, Mr. E. B. Lawford, now makes the following report of the facts of his sister's case:—

"In 1870 she married a Captain Davies, of the Royal Artillery, but two years ago, owing to the disgraceful conduct of her husband, she was obliged to leave him and return to her father. Mr. Lawford shortly afterwards discovered that the marriage, which took place in Scotland, was invalid from the fact that the requisite residence, twenty-one days before marriage, had not been kept. The case was tried before Sir J. Hannen last term, the result being a decree of nullity of marriage with costs. This decree will be made absolute in November."

The recommendation of the Managers in this case will be placed before the subscribers when it is reported that the decree has been made absolute.

3. The Managers, in accordance with Mr. A. F. D. Cunningham's request, submit, for the consideration of this Meeting, his reasons for not reporting his marriage within the month prescribed in Rule V. He says:

"I presume the object of such regulations as the one against which I am said to have offended is to ensure the payment of the enhanced subscription from the date when it falls due. I was married on the 8th of January, started almost immediately after for India, sailed from Venice after a fortnight spent in travelling thither, and arrived in Bombay on the 13th February. Between that date and the 2nd of March I was travelling up to my station, Peshawur, from which, immediately on joining, I reported my marriage to you. I had drawn no pay since my marriage, and could not do so for nearly a month after the date of my report, which was made in ample time to allow you to check the subscription paid by me from my first pay-bill. I may also state that I was in ignorance of the limit of time within which a report was required; and I submit, with deference to the opinion of the Managers, that as I was travelling from London to Peshawur almost without cessation between the date of my marriage, January 8th, and the 2nd March, when I arrived in Peshawur and reported my marriage to you, such report was made within a reasonable time, and I trust the rule will not, in this case, be stringently applied."

Mr. Cunningham has been reminded that he was duly supplied with a copy of the rules of the Fund; and has been informed that, as it was possible for him to have met their requirements by reporting his marriage within a month of its taking place, the Managers regret that they cannot advise the subscribers to remit the penalty of Rs. 50.

4. In September 1873 Miss Mary F. Watson announced her intention of coming out to India. She was then drawing £100—16-13-4, or £83-6-8 per annum, and her Indian pension should have been Rs. 60—10, or Rs. 50 per mensem. The Fund Office, however, through an oversight at the time, informed her that her pension would be Rs. 60 a month, and she has continued to draw that amount up to the end of March 1878. Immediately on the discovery of the error she was told that the necessary deduction of one-sixth must now be made. As the excess amount was drawn in consequence of incorrect information supplied by the Fund Office, the Managers strongly recommend to the meeting that no refund be demanded from Miss Watson.

5. With reference to the questions at issue between the Government of India and the subscribers to the Fund, the Managers have thought it advisable to request Sir Edward Bayley and Mr. E. F. Harrison to communicate with the Home Government on the subject. The following letter has accordingly been written to those gentlemen:—

"Important questions connected with the condition of the Bengal Civil Fund being at present under consideration of the Secretary of State, it seems to the Managers to be advisable that some member of the service should be authorized to represent them before Her Majesty's Government.

"The Managers have for this purpose made choice of you and <sup>Mr. E. F. Harrison</sup> <sub>Sir E. C. Bayley</sub>, \* \* \* and I am accordingly to request that you, in conjunction with that gentleman, will place yourself in communication with the Secretary of State, with a view to such discussion of the subject as may be permitted.

"It is the Managers' desire that Her Majesty's Government should be informed of their willingness to recommend to the service any proposal which shall be reasonable and just in character, and which shall conciliate the rights both of the State and of the subscribers."

6. It was resolved at the last general meeting of subscribers to allow Mr. R. Evans to make up his subscription balance to Rs. 6,250. He was required to pay the balance, Rs. 4,433-0-10, within a fortnight after receipt of intimation of the decision of the meeting. Mr. Evans was informed of the decision in a letter dated 28th February, but he appears not to have taken steps immediately on its receipt to pay the amount. A copy of the Fund's letter, forwarded to him through Messrs. Coutts and Company, reached him on the 12th April last, and on the 24th idem, or a fortnight after its receipt, he remitted to his Calcutta agents Rs. 3,314-4-0, and a week later the balance, Rs. 1,118-12-10. Mr. Evans urges unexpected difficulties, arising in great part from the occurrence of the Easter holidays, and hopes that the reckoning of the fortnight may be allowed from the date of receipt of the copy. He has been informed that the Managers will recommend to the general meeting that the payments made by his agents on the 20th and 27th May be accepted. The Managers recommend this case for the favourable consideration of the meeting.

7. The despatch of the Right Hon'ble the Secretary of State, dated India Office, the 17th January 1878, amending Supplement A of the Civil Pension Code Rule, whereby a Civil Servant resigning the service vacates any office under the Government which he may then hold, and excepting from the rule the offices of Viceroy and Governor-General of India, Governor of Madras, Governor of Bombay, and Ordinary Member of the Council of the Governor-General, has been communicated to the Managers by the Government of India.

Proposed by *Mr. Geddes*, seconded by *Mr. Grimley*, and carried—

“That the Managers’ Proceedings in admitting the families of the late Messrs. D. D. M. Campbell, C. D. Russell, Sir William Grey, and Mr. H. B. Lawford to the benefits of the Fund be confirmed.”

The following proposal was made by *Mr. Westland* :—“That the Managers be requested, in laying the case of *Mr. Lawford* before the service, to state whether there are any precedents in the history of the Fund bearing upon it; and also to ascertain from the Secretaries of the other Funds, whether any similar case has arisen in connection with them, and how they have been dealt with.” This proposal was not seconded and therefore was not put to the meeting.

Proposed by *Mr. Barbour*, seconded by *Mr. Geddes*, and carried—

“That the reply given by the Managers to *Mr. A. F. D. Cunningham* be approved.”

Proposed by *Mr. Macaulay*, seconded by *Mr. Allen*, and carried—

“That no refund be demanded from *Miss Mary F. Watson*.”

Proposed by *Mr. Tottenham*, seconded by *Mr. Harrison*, and carried :—

“That the letter of the Managers to *Sir Edward Bayley* and *Mr. E. F. Harrison* be approved.”

Proposed by *Mr. Allen*, seconded by *Mr. Maclean*, and carried—

“That the recommendation of the Managers to accept the payments made to complete *Mr. R. Evans*’ subscription balance to Rs. 6,250 be approved.”

Proposed by *Mr. Westland*, seconded by *Mr. Barbour*, and carried—

“That the Managers be requested to take into consideration the effect on the Revenues of the Fund of the despatch of the Secretary of State referred to in paragraph 7 of the Managers’ Report.”

A vote of thanks to the Chairman was proposed by *Mr. Tottenham* and seconded by *Mr. Maclean*, and carried. The Meeting then separated.

COLMAN MACAULAY,  
*Secretary.*

H. T. PRINSEP,  
*Chairman.*

BENGAL CIVIL FUND,  
The 24th July 1878.

Offg. Exec. Engr., Nuddea Rivers Division.

BERHAMPORE, the 5th August 1878.

## Notes on Forestry.

By C. F. AMERY.

Deputy Conservator, Forests, N. W. Provinces.

THIS little work, published with the approval of the Government of India, treats of the general principles of forest management in all its branches, and is recommended not only to forest officers, but to all who are interested in the progress of forest management in this country.

May be obtained of Messrs. King, King & Co., Bombay, and of Messrs. Wyman & Co., Calcutta. Price, Rs. 3-8, or including postage, Rs. 4. Or of the publishers, Messrs. Trübner & Co., Ludgate Hill, London. Price five shillings.

## Central Provinces' Gazetteer.

EDITION OF 1870 in one Vol.

A LIMITED number of the above work, strongly bound in cloth, octavo size, for sale at Rs. 12 per vol., exclusive of postage charge. Apply to—

MESRS. THACKER, Vining, BOMBAY,  
MESRS. THACKER, SPINK & CO., CALCUTTA, OR  
SUFDL, CHIEF COMM. OFFICE, NAGPUR.

## The Indian Law Reports.

*Published under Authority of the Governor-General in Council.*

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

*Terms of subscription, payable annually in advance.*

	Without postage.	With postage.
For the Calcutta Series...	Rs. 35	Rs. 40
" Madras Series ...	" 8	" 9
" Bombay Series ...	" 8	" 9
" Allahabad Series ...	" 8	" 9
Complete set ...	45	50

The Price of each part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

	Rs. A.
For a part of the Calcutta Series	3 8
" " Madras Series	1 0
" " Bombay Series	1 0
" " Allahabad Series	1 0
Complete set ...	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

Messrs. Thacker, Spink and Co., Calcutta;  
" Thacker, Vining and Co.;  
" Higginbotham and Co., Madras;  
The Government Central Book Depôt, Bombay  
The Government Book Depôt, Allahabad.

AT the Meteorological Office, No. 22, Chowringhee Road, the following official publications:—

Meteorological Report of 1867	... Rs. 0 12	per copy.
Ditto ditto 1868	" 1 8	"
Ditto ditto 1869	" 2 4	"
Ditto ditto 1870	" 2 6	"
Ditto ditto 1871	" 2 8	"
Ditto ditto 1872	" 3 0	"
Ditto ditto 1873	" 3 0	"
